	Free Members' Wel	binar: Applying to Core Training 4 November
#	Question	Answer(s)
	Are we able to defer places if application successful?	Applicants can request a deferred start date in the application form. It is only possible to defer your start date for statutory reasons (e.g. ill health or parental leave). If this doesn't apply to your circumstances you may wish to apply in the next round of recruitment. Unlike most specialties we offer two start dates - February and August - for
1	Are there 2 entry times per year and if yes, do they have	CTI Psychiatry. There are two rounds of recruitment per year so it is possible to start training in
2	different application times?	February and August. Details, including timelines, are available on the National Recruitment website. https://www.nwpamd.nhs.uk/ct1_psy_recruit_overview
3	Please do you need a valid IELTS or OET if you are currently working in the UK as a standalone foundation trainee?	No, applicants who have full GMC registration are not required to provide further evidence of their english language skills as this is assessed by the GMC. If you do not have full GMC registration at the time of application you will need to explain in the application form how you expect to achieve this
4	Will STI child and adolescents have rotation in in other dicipline like general adult, old age etc or only child and adolescents.	Answered live.
5	When should we book MRSA exam? will we receive an invitation for that?	After your application has been longlisted you will receive instructions on how to register with Pearson Vue and arrange your MSRA (Multi-Specialty Recruitment Assessment). The MSRA will be delivered between Thursday 6th January and Saturday
6	I am an international medical graduate. I currently have a little over 12 months nhs experience after full registration. In regards to the 24 months- I came from a six year medical school course and my final year was as internship. Hence I was granted full GMC registration when I came to the UK. Would that be sufficient for the application?	Applicants are required to have 24 months' clinical experience by the post start date, 12 months' of which should be post-GMC or equivalent registration. The experience you have described is sufficient. Please include this internship experience in the 'employment history' section of your application form.
7	re references can we nominate our previous consultant n the uk if the current one is not willing to write a reference?	Applicants are expected to provide details of three referees who have supervised them over the last three years. Ideally you would include your current supervisor. Please note that although we request referree details now, at the time of application, they will not be contacted until much further along in the process when you have accepted a post. The reference is very brief and factual and can be completed via the Oriel system.
	is there a specific duration at which the referees are accepted and woud referees from upaid training posts be	Ideally you will provide details of three referees who have supervised your work over the last three years. You can include a referee from an unpaid clinical attachment post you
	accepted? I am a resident doctor in department of Psychiatry in Nigeria,I want to know if I am eligible to apply. thanks	may have held in this period. Applicants must be eligible for GMC registration by closing date of application and hold full registration by the start date. Further guidance is available on the GMC website.
10	I'm a current FY2 trainee. How do I obtain my DRN?	Your Foundation School will be able to confirm your DRN (Deanery Reference Number). If you don't have this at the time of application it will be clear from your employment history that you are a current FY2 trainee.
11		No, applicants are not required to have NHS experience to apply for a Core Psychiatry training post, and this will not disadvantage your application in any way. Applicants must have 24 months' clinical expeirence by the post start date.
12	Do we need a CV or portfolio for the application form?	No, the application form will ask you for factual information about you, your employment history and foundation competency. Ther is no need to provide an additional CV or portfolio.
13	Do we need to have the CREST at the time of application? (4 nov to dec) or is it like the foundation competencies we have until august to secure it?	Applicants must provide evidence of their foundation competency at the time of application - it isn't possible to provide this further along in the recruitment process.
14	I am doing a PhD currently and plan to apply with the hopes of intergrating the C Π to an academic programe. Is that possible?	Unfortunately we would be unable to answer this query. The national recruitment team manages the recruitment process for Core Psychiatry training and clinically benchmarks academic applicants. Academic posts are advertised regionally through universities so you may need to discuss this idea with them directly. Information about academic posts can be found on the following website: https://www.nihr.ac.uk/funding/nihr-academic-clinical-fellowships-in-medicine-2022/28732?utm_source=twitter&utm_medium=social&utm_campaign=academy-awards-21
15	When can we list our preferences? is it in the application form?	No, the preferencing window will open on Wednesday 16th February 2022 and close on Wedndesay 2nd March 2022. Anticipated vacancy numbers are currently available on our website: https://www.nwpgmd.nhs.uk/ctl_psy_current_round
16	Pls if I have no experience in psychiatry, can I apply for the training?	Applicants are required to have 24 months' clinical experience to apply, but this doesn't need to include Psychiatry experience. You would, of course, be welcome to apply. Further information can be found on our website: https://www.nwpgmd.nhs.uk/ctl_psy_current_round. The 24 months' clinical experience doesn't have to be continuous, and it doesn't have to
17	If you accept a core psychiatry training offer (not CAMHS run-through) can you enter CAMHS training at a later stage?	Yes, after core training applicants will apply to higher training specialties at ST4 level in open competition.
18	Regarding the 12 months post GMC registration. Should be 12 post GMC at time of application or by the time of start?	It must be 12 months post-GMC registration by the post start date - you'll be able to demonstrate this in the employment history section of the application form.
