

Finding the Evidence: Database Searching and Other Information Sources

Webinar Questions and Answers – 21 January 2021

The following questions were asked during the Finding the Evidence: Database Searching and Other Information Sources webinar held on 21 January 2021. Some of these and many others were answered by the speaker during the webinar – please watch the recording to see these.

Please note: not all questions that were asked are included below. We hope to add to this document as further answers become available.

Question	Answer(s)
Hi , recording will be shared with us ?	Yes. We will email everyone registered next week with instructions for how to watch the recording on demand
If you are officially retired, but still doing some research, you don't have an institution through whom to obtain access. Is there still some way of obtaining research articles for free?	If you would like to get a subscription for Open Athens through the RCPsych please email Fiona at infoservices@rcpsych.ac.uk
If you are a member of the BMA and receive the BMJ can you get BMJ Best Practice? Thank you	I think, you get BMJ Best Practice free, when you are a member of BMA.
Can the RCPsych provide us members with an athens account?	If you would like to get a subscription for Open Athens through the RCPsych please email Fiona at infoservices@rcpsych.ac.uk
Will there be a certificate for attendance?	Yes, you will be emailed your certificate by the end of the week.
is up-to-date available in the NHS please?	This question was answered in the webinar. Please watch the recording to hear more about this.

Thanks so much , is there a difference between RCPsych OpenAthens and nhs OpenAthens in terms of access ?	This question was answered in the webinar. Please watch the recording to hear more about this.
Hi, what was test 4 command used for?	I believe it was used to save your search, so that you can return to it later.
If you're undertaking a systematic review, would you therefore need to undertake a search using RCPsych OpenAthens and NHS OpenAthens accounts to ensure you include more relevant journals? Or would using one suffice?	This question was answered in the webinar. Please watch the recording to hear more about this.
I often do research that lies at the boundary between psychiatry and general medicine. Are general medical articles available free through the RCPsych library or, if not, is there another way of getting them?	This question was answered in the webinar. Please watch the recording to hear more about this.
What is your email Fiona?	You can email Fiona at infoservices@rcpsych.ac.uk
