

Data collection tool for dedicated teams providing urgent and emergency mental health care and intensive home treatment to children and young people

Username

Password

This questionnaire is for teams that comprise the 24/7 pathway for children and young people requiring urgent and emergency mental health care and intensive home treatment. One tool should be completed for each team. Data should be collected about children and young people from age 0 to under 18 years.

This important voluntary survey, commissioned by NHS England, is intended to help commissioners and service providers to identify key strengths and gaps locally, benchmark performance, and drive local quality improvement.

This tool complements the CCG comprehensive pathway questionnaire setting out the overall urgent and emergency mental health care and intensive home treatment pathway for children and young people.

We would be grateful if one tool is completed by each team. Wider NHS CAMHS services should not complete this tool.

To find out how we will use your data, please see our CCQI privacy notice

Need help completing this form? Please contact the Mental Health Care Pathways programme team at the Royal College of Psychiatrists' Centre for Quality Improvement (CCQI):

Details about this team

Q5 Functions the team provides (Tick all that apply):

- Support, advice and triage
- Crisis assessment in A&E
- Crisis assessment in the community
- Crisis and brief response in A&E
- Crisis and brief response in the community
- Intensive home treatment (intensive intervention etc.)
- Safe haven or crisis café
- Short term in-patient mental health bed or crisis & recovery house

Q6 Team model type:

- Dedicated children and young people's urgent and emergency team or sub team
- Children & young people's inpatient hub and spoke model
- Integrated children and young people's mental health (CYPMH) and social care
- Combined/integrated services for all ages
- Adult team responding to young people aged 16 years plus
- Safe haven or crisis café
- Short term in-patient mental health bed or crisis & recovery house
- Other

If other, please specify

Q7 Inpatient hub & spoke only Is the unit specifically commissioned or contracted to deliver face to face crisis response, intensive home treatment or admission avoidance interventions?

Yes

No

Inpatient hub & spoke only (Note: This contract should be a specific requirement, above and beyond that identified in the national service specification. This service element does not include assessment for admission, outreach liaison work post-discharge etc.)

Q7a Inpatient hub & spoke only Who are the parties to this contract? (tick all that apply)

NHS England specialised commissioning

Local CCG(s)

Local Authority

Other

Please specify

Q7b Inpatient hub & spoke only Which agencies contribute financially to the contract? (tick all that apply)

NHS England Specialised commissioning

Local CCG(s)

Local Authority

Other

Please specify

Q8 Short term bed services only For respite services; is the service specifically commissioned or contracted to provide urgent and emergency mental health care for children and young people under 18?

Yes

No

Q8a Short term bed services only Who are the parties to this contract? (tick all that apply)

NHS England specialised commissioning

Local CCG(s)

Local Authority

Other

If other, please specify

Q8b Short term bed services only Which agencies contribute financially to the contract? (tick all that apply)

- NHS England Specialised commissioning
- Local CCG(s)
- Local Authority
- Other

If other, please specify

Q9 Crisis cafes and short term bed services only Who is the provider of the crisis cafe/respice service?

- NHS Trust
- Local authority
- Voluntary/third sector

Q10 Inpatient hub & spoke services only For inpatient hub & spoke services; is the geography or population served for face to face crisis response, intensive home treatment or admission avoidance interventions defined by the commissioner/s?

- Yes
- No

Q10a Inpatient hub & spoke services only How is the area covered by this service defined?

- Travelling distance
- CCG or LA areas
- According to clinical need and effectiveness
- Other

If other, please specify

Q11 What is the age range for this team?

Lower age boundary - lowest age accepted:

Upper age boundary - highest age accepted:

Access

Q12 All services except short term beds: Does your team operate 24/7?

Yes

No

Q12a If no: What time does the service open and close operation on a typical weekday? (Please enter a standard 24 hour clock format HH:MM).

Weekday Open:

Weekday Close:

Q12b If no: What time does the service open and close operation on a typical weekend day?

Weekend Open:

Weekend Close:

Q13 Short term bed services only What is the maximum stay for the short term in-patient mental health bed or crisis/recovery house?

Up to 24 hours

Up to 48 hours

Up to 72 hours

Over 72 hours

All services except short term beds: Staffing

Please describe the number of Whole Time Equivalent (WTE) staff in this service.

Guidance: Please include each staff member in the relevant row, but do not include the same staff member in more than one row. Each staff member should only be counted once.

All ages teams only If your team serves all ages, please enter the total staff in your team in the first staffing section, and the subset of CYP trained and experienced staff in the second section:

Inpatient hub & spoke teams only If you operate an inpatient hub and spoke service, please enter the total staff in your ward in the first staffing section, and the subset of staff providing urgent and emergency care/admission avoidance in the second section:

All staff in the team (WTE):

Manager/team leader: (if team leader is also clinical, please state WTE for managerial activity in this category and clinical activity WTE under their profession below)

Registered Nurses: (All nursing staff registered with the NMC)

Registered Social Workers:

Registered Occupational Therapists:

Registered clinical (or other) Psychologists:

Consultant Psychiatrist/non-training grade specialist doctor:

Consultant Paediatrician/non-training grade specialist doctor:

Support Workers: (An unqualified professional or professional in training, e.g. healthcare assistant, OT support worker, psychology assistant, trainee psychologist etc.)

Youth worker:

Pharmacists: (Including pharmacy technicians)

Non-medical prescribers: (If a staff member is both, e.g. nurse and NMP, please include in this category and not nursing category)

Peer Support Workers: (A service user or carer employed by the service to support other service users and/or carers)

Administrators: (Including medical secretaries, PAs, etc.)

All-ages teams only **Of the total staffing, how many CYP trained and experienced staff are there?**

Manager/team leader: (if team leader is also clinical, please state WTE for managerial activity in this category and clinical activity WTE under their profession below)

Registered Nurses: (All nursing staff registered with the NMC)

Registered Social Workers:

Registered Occupational Therapists:

Registered clinical (or other) Psychologists:

Consultant Psychiatrist/non-training grade specialist doctor:

Consultant Paediatrician/non-training grade specialist doctor:

Support Workers: (An unqualified professional or professional in training, e.g. healthcare assistant, OT support worker, psychology assistant, trainee psychologist etc.)

Pharmacists: (Including pharmacy technicians)

Non-medical prescribers: (If a staff member is both, e.g. nurse and NMP, please include in this category and not nursing category)

Peer Support Workers: (A service user or carer employed by the service to support other service users and/or carers)

Youth worker:

Administrators:

Inpatient hub and spoke only **Of the total staffing, how many staff provide urgent and emergency/ admission avoidance (WTE)?**

Manager/team leader: (if team leader is also clinical, please state WTE for managerial activity in this category and clinical activity WTE under their profession below)

Registered Nurses: (All nursing staff registered with the NMC)

Registered Social Workers:

Registered Occupational Therapists:

Registered clinical (or other) Psychologists:

Consultant Psychiatrist/non-training grade specialist doctor:

Consultant Paediatrician/non-training grade specialist doctor:

Support Workers: (An unqualified professional or professional in training, e.g. healthcare assistant, OT support worker, psychology assistant, trainee psychologist etc.)

Pharmacists: (Including pharmacy technicians)

Non-medical prescribers: (If a staff member is both, e.g. nurse and NMP, please include in this category and not nursing category)

Peer Support Workers: (A service user or carer employed by the service to support other service users and/or carers)

Youth worker:

Administrators: (Including medical secretaries, PAs, etc.)

Assessment and referrals

If data are not available for any or all of these questions, please leave them blank.

Q15 How many urgent & emergency referrals for all ages did you receive between 01 January – 31 March 2018?

Of the total referrals, how many received support, advice and triage by telephone (without face-to-face assessment)?

Of the total referrals, how many received a face-to-face assessment?

Of the total number of face-to-face assessments, how many commenced within 4 hours?

Of those that had a face-to-face assessment, how many were referred or accepted for treatment?

Q16 How many urgent & emergency referrals for children and young people under 18yrs of age did you receive between 01 January – 31 March 2018?

Of this total, how many received support, advice and triage by telephone (without face-to-face assessment)?

Of the total, how many received a face-to-face assessment?

Of these, how many commenced face-to-face assessment within 4 hours?

Of those that had a face-to-face assessment, how many were referred or accepted for treatment?

Home treatment teams If your team provides crisis assessment *and* intensive home treatment and you are unable to separate referral figures for these functions, please leave 17a blank and answer 17b or 17c

Q17a Teams offering home treatment How many referrals for intensive home treatment for children and young people under 18 did you receive between 01 January - 31 March 2018?

Q17b Of these, how many received an initial appointment for intensive home treatment?

Q 17 c If unable to provide exact data, please estimate the percentage of CYP who are taken on for intensive home treatment (as a percentage of all CYP urgent and emergency referrals)

Q18 Crisis cafes only How many visits or admissions for children and young people under 18 did you receive at the safe haven/crisis café between 1 January – 31 March 2018?

Q19 Short term bed services only How many beds do you have?

Q20 Short term bed services only How many admissions for children and young people under 18 did you receive to the respite/crisis house between 1 January – 31 March 2018?

Q21 Does the team accept (Tick all that apply):

- Self-referrals from service users, parents or carers already known to mental health services
- Self-referrals from new service users, parents or carers not known to mental health services
- None of the above

Q22 Is there a published mental health phone line that children and young people, or parents and carers, can call 24/7 when in a mental health crisis?

Yes

No

Q23 Teams offering crisis assessment Where can your team conduct crisis assessments? (Tick all that apply)

Emergency department

Medical/paediatric ward

CYP community mental health service site

Adult/all-ages community mental health service site

Health-based place of safety/section 136 suite

Safe haven/crisis house/crisis café

Multi-agency setting, e.g. social care/voluntary sector

School or college

GP surgery

Person's home

Other

Please specify:

Collaboration and shared decision-making

Q24 Teams offering crisis assessment Are children and young people given a written (or electronic) initial care plan after the assessment which was developed in collaboration with them?

- Yes
 No

Clinical outcome measures

Other:

Collecting demographic data

- Q26 Does the CCG, or the dedicated team have a written strategy/strategies to identify and address any mental health care inequalities in access, experience and outcomes from using mental health services?
- Yes
- No
- Q27 Is there routine monitoring of detection, referral and treatment of children and young people from all special populations?
- Yes
- No

Guidance: Special populations may involve looked after children, young carers, black and minority ethnic populations, those in contact with the youth justice system, homeless children and young people, children and young people who have experienced or are at risk of sexual exploitation, abuse and/ or trauma.

Many thanks for completing this survey. A report on urgent and emergency care for children and young people will be created for each CCG in the coming months, and will be sent to the person named in the 'contact details' section.
