Adding to your driver diagram

1. On your project home page, click the 'driver diagram' tab.

2. Your driver diagram will then be shown on the page. At the top right of the driver diagram, click 'edit'.

5. **If you want to link the change idea to more than one secondary driver, click the pin on the change idea and the pin on the additional secondary driver you wish to link it to. If this change idea relates to only one secondary driver, continue straight to step 6.**

6. **Scroll back to the top of the page and click 'save'.**

7. Your change idea is now saved in your driver diagram.

To increase the percentage of service users and staff who feel safe from sexual harm within mental health and learning disabilities services

Access to resources and education

Promote information

Informed staff with confidence to discuss sexual health and safety

Improve staff visibility and availability

Co-produce staff training

Add change idea here
