Professor Sue Bailey OBE, FRCPsych, FRSA, MBChB, is Consultant Child and Adolescent Forensic Psychiatrist in the Forensic Adolescent Consultation & Treatment Services (FACTS) at Greater Manchester West Mental Health NHS Foundation Trust.

The focus of her clinical work and research has been assessing the needs and managing the risks presented by and to young people who enter the mental health, social care and youth justice systems nationally and internationally.

Other key focal areas include working with colleagues to develop best treatment interventions and pathways of care; putting human rights into practice as part of international groups; and, through the Royal College of Psychiatrists trying to shape Mental Health Policy to work in real partnership with users and carers. Prof Bailey was elected as President of the Royal College of Psychiatrists in February 2011, and took office in June 2011.

UPDATE ON LEGISLATION

With a first draft of the Mental Capacity (Health, Welfare and Finance) Bill expected for consultation this Spring, psychiatrists in NI face the challenge of being the first in the world to replace traditional risk-based mental health legislation with a law that is based on a person's mental capacity to make autonomous decisions. Ursula O'Hare, Chair, MHLDA and Assistant Director of Policy at the Law Centre NI, will discuss how this legislation, now in the final stages of drafting, will radically change the way psychiatrists work. This will be followed by group discussion on aspects of the legislation. This meeting provides a forum for members to learn more about the legislation and put forward views and air concerns ahead of the consultation.
