

SOUTH EASTERN DIVISION

Letter from the Chair

August 2011

Dear All,

A follow up note after our successful May meeting.

It was great to see so many of you there, thanks for all the positive feedback. Hopefully the web site will provide evidence of the collegiate atmosphere we evoked as we are in the process of placing some excellent photographs from the day on our site.

There is already a summary of the academic presentations on our web site, expertly written by one of our trainees.

Our next meeting will be in early November and I am confident that it will be just as good. We will hopefully hold it in Leeds Castle in Kent, so look out for early announcements.

Two additional items:

A trainee in our division is using the South East division to complete a fascinating survey about our prescribing practices in patients suffering from depression. The College centrally has shown interest and ratified the survey and the results will be interesting to all of us. Could I encourage you to support this initiative and complete the survey. The link will arrive in the next few days. I have completed it, it is fun and straightforward and I can assure you that it really does take only 3 to 4 minutes. We will find a way to disseminate the results to you in due course.

Finally, another colleague would like to pilot an educational resource: www.mentalhealth.tv

If you have time, he asks if you could go onto the website and give it a try, in order to give him some feedback.

Have a great summer and see you on the 3rd November at Leeds Castle, if not before.

With best wishes,

P. S. Davison

Dr Philip Davison
Chair
South Eastern Division
