Trainees' Lounge

The extremely popular Trainees' Lounge will be available again this year. There will be talks by conference speakers every day during the lunch break. Final details will be published in the final programme.

Art exhibitions

Quentin Blake, one of Britain's best-loved and most successful illustrators and children's authors, will be exhibiting his work at the conference. In addition to this there will be an exhibition of art by members of the College.

International Bursaries

The College has a limited number of bursaries, provided by the Honorary Fellows Fund, to subsidise attendance at the International Congress.

These international bursaries are primarily intended for young or retired psychiatrists from developing countries. Priority will be given to those applicants who will either benefit educationally or will make a contribution to the meeting and who can show that they have particular difficulty in securing funds to attend.

Individual applications should be submitted by **1st April 2010** to: Head of Conferences, Royal College of Psychiatrists, 17 Belgrave Sq, London, SW1X 8PG. Email: swalter@rcpsych.ac.uk. Applications should include information about the reasons for attending the meeting and estimated costs. They should include a letter of support from a College Member (or from a second College Member if the applicant is a College Member). Successful applicants will need to submit original receipts for travel and subsistence at a later stage.
