

Quality in Practice

18th -19th November 2010, Bristol Hotel, Bristol, UK

The Rehabilitation and Social Faculty of the Royal College of Psychiatrists is delighted to bring you this two day conference which provides new evidence & perspectives from national & international experts in the field of Rehabilitation & Recovery.

Sessions:

What works in rehabilitation practice

Implementing Recovery within services

The latest research evidence for psychosocial & creative therapies

Evidence-based Practice in physical health, medication & co-morbidity for people with severe mental illness

Leadership, maintaining staff morale and caring for carers

Plus Workshops:

Healthy lifestyles for service user

Working with families

Gender specific services

Out-of-area treatments

And a focus on trainees:

Teaching & training skills for trainees (with a certificate of completion)

Douglas Bennett Prize (for trainees & newly appointed consultants)

Poster Prize (open to all)

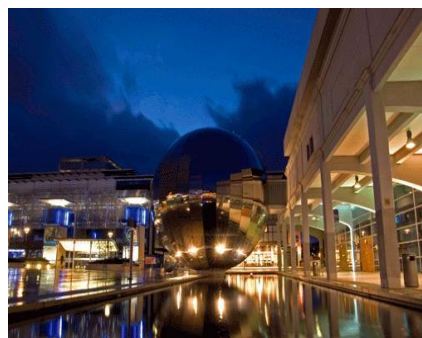

Douglas Bennett prize presentations

The conference also provides an essential opportunity for networking with like minded colleagues interested in rehabilitation psychiatry. We hope you will be able to join us.

Look out for the full details, programme and a registration form which will be available soon and uploaded at www.rcpsych.ac.uk/events.aspx.

Check the website now to find out how to submit a poster and for information about the Douglas Bennett Prize.

Closing Date: 20th September 2010
