<b>How to use this manual</b>	<b>xxiv</b>
<b><i>Part I. An overview of mental illness</i></b>	
<b>1 An introduction to mental illness</b>	<b>3</b>
1.1 Mental health and mental illness	3
1.2 Why should you be concerned about mental illness?	3
1.3 The types of mental illness	4
1.3.1 <i>Common mental disorders (depression and anxiety)</i>	6
1.3.2 <i>'Bad habits'</i>	8
1.3.3 <i>Severe mental disorders (psychoses)</i>	9
1.3.4 <i>Mental retardation</i>	13
1.3.5 <i>Mental health problems in the elderly</i>	14
1.3.6 <i>Mental health problems in children</i>	15
1.4 The causes of mental illness	16
1.5 Culture and mental illness	17
<b>2 Assessing someone with a mental illness</b>	<b>20</b>
2.1 Can you examine a mentally ill person?	20
2.2 Will you have the time to talk to someone who may have a mental illness?	20
2.3 Who will have a mental illness?	21
2.4 What to ask a person with a probable mental illness	22
2.5 Symptom checklists to diagnose mental disorders	22
2.5.1 <i>To diagnose a common mental disorder (depression or anxiety)</i>	22
2.5.2 <i>To diagnose a severe mental disorder</i>	23
2.5.3 <i>To diagnose alcohol (or drug) dependence</i>	23
2.6 What to look for during the interview	23
2.7 How to conduct interviews	24
2.8 How to reach a diagnosis	25

2.9	Special situations in assessment	25
2.9.1	Assessing someone who refuses to talk	25
2.9.2	Assessing physical complaints in a person with a mental illness	26
2.9.3	Assessing someone on the telephone	26
2.9.4	Assessing someone with the family present	27
<b>3</b>	<b>The treatment of mental illness</b>	<b>28</b>
3.1	Drug treatments	29
3.1.1	When to use medicines	29
3.1.2	Which medicines to use	30
3.1.3	What if the person does not improve?	33
3.1.4	What if there are side-effects?	34
3.1.5	When are injections needed in the treatment of mental illness?	34
3.1.6	Cost of medicines	36
3.1.7	How to make sure people take medicines	36
3.2	Talking treatments and counselling	36
3.2.1	Give reassurance	37
3.2.2	Provide an explanation	37
3.2.3	Relaxation and breathing exercises	39
3.2.4	Advice for specific symptoms	40
3.2.5	Problem-solving	40
3.2.6	Counselling in a crisis	45
3.2.7	Rehabilitation for the mentally ill	46
3.2.8	The importance of follow-up in the treatment of mental illness	46
3.3	Other treatments	47
3.4	Referring to a mental health specialist	48
<b>Part II. Clinical problems</b>		
<b>4</b>	<b>Behaviours that cause concern</b>	<b>53</b>
4.1	The person who is aggressive or violent	53
4.1.1	Why do mentally ill people become aggressive?	53
4.1.2	How to deal with this problem	54
4.2	The person who is confused or agitated	57
4.2.1	What are the causes of confusion and agitation?	57
4.2.2	How to deal with this problem	57
4.3	The person who is suspicious, has odd beliefs or is hearing voices	60
4.3.1	What is 'hearing voices'?	60
4.3.2	Why do some people have these experiences?	60
4.3.3	Can 'normal' people have these experiences?	60
4.3.4	How to deal with this problem	61
4.4	The person who is thinking of suicide or has attempted suicide	63
4.4.1	Why do some people want to end their life?	63
4.4.2	Gender and suicide	64
4.4.3	How to deal with this problem	65
4.4.4	The medical treatment of suicide attempts	67
4.4.5	When suicide becomes a crime	68
4.4.6	What to do when the family is not interested	68
4.4.7	The person who threatens or attempts suicide again and again ... and again	69
4.4.8	Loneliness and isolation	69
4.5	Someone with seizures or fits	70
4.5.1	What types of seizures are there?	70
4.5.2	Is epilepsy a mental illness?	70
4.5.3	The important medical causes of seizures	71
4.5.4	How to deal with this problem	71
4.5.5	When fits don't stop: status epilepticus	73
4.5.6	Advice to the person with epilepsy and family	73
4.5.7	Prescribing drugs for a person with epilepsy	73

4.6	The mother who becomes disturbed after childbirth	75
4.6.1	<i>Why do some mothers become disturbed after childbirth?</i>	75
4.6.2	<i>Why is the mother's mental health important?</i>	76
4.6.3	<i>How to deal with this problem</i>	76
4.7	The elderly person with disturbed behaviour	79
4.7.1	<i>What can make an elderly person behave like this?</i>	79
4.7.2	<i>Deciding what's wrong</i>	79
4.7.3	<i>Memory problems in old age: when is this abnormal?</i>	80
4.7.4	<i>When should you suspect dementia?</i>	81
4.7.5	<i>How does dementia affect the family?</i>	81
4.7.6	<i>Why is diagnosis of dementia important?</i>	81
4.7.7	<i>How to deal with this problem</i>	81
<b>5</b>	<b>Symptoms that are medically unexplained</b>	<b>85</b>
5.1	The person with multiple physical complaints	85
5.1.1	<i>Why are physical complaints relevant to mental health?</i>	87
5.1.2	<i>When to suspect that physical complaints are related to mental illness</i>	87
5.1.3	<i>How to deal with this problem</i>	87
5.2	The person who worries, gets scared or panics	90
5.2.1	<i>Fear and panic</i>	90
5.2.2	<i>Being scared of specific situations</i>	91
5.2.3	<i>Why do people worry or have panic attacks or phobias?</i>	91
5.2.4	<i>How to deal with this problem</i>	92
5.3	The person with sleep problems (insomnia)	96
5.3.1	<i>How does insomnia affect the person?</i>	96
5.3.2	<i>What causes insomnia?</i>	96
5.3.3	<i>How to deal with this problem</i>	97
5.4	The person who is tired all the time	99
5.4.1	<i>Why do some people feel tired?</i>	99
5.4.2	<i>When to suspect that tiredness is the result of a mental illness</i>	99
5.4.3	<i>Is tiredness the same as laziness?</i>	100
5.4.4	<i>How to deal with this problem</i>	100
5.5	The person who complains of sexual problems	102
5.5.1	<i>Sexual problems in men</i>	102
5.5.2	<i>Sexual problems in women</i>	103
5.5.3	<i>Abnormal sexual behaviour</i>	104
5.5.4	<i>How to deal with this problem</i>	104
5.5.5	<i>Special interview suggestions</i>	105
5.5.6	<i>Same-sex relationships and mental health</i>	108
5.5.7	<i>Sex and the mentally handicapped</i>	108
5.6	Sudden loss of a body function	109
5.6.1	<i>How can something so 'physical' happen because of mental problems?</i>	109
5.6.2	<i>Can this happen like an epidemic?</i>	109
5.6.3	<i>When to suspect a psychological cause</i>	109
5.6.4	<i>How to deal with this problem</i>	110
5.7	The person who repeats the same behaviour again and again	112
5.7.1	<i>How to deal with this problem</i>	112
<b>6</b>	<b>Habits that cause problems</b>	<b>115</b>
6.1	The person who drinks too much alcohol	115
6.1.1	<i>How much drinking is 'too much'?</i>	115
6.1.2	<i>Why do some people drink too much?</i>	116
6.1.3	<i>What does drinking too much do to a person and the family?</i>	117
6.1.4	<i>When should you suspect that a person has a drinking problem?</i>	117
6.1.5	<i>Gender and drinking</i>	118
6.1.6	<i>How to deal with this problem</i>	118
6.1.7	<i>Living with a person who has a drinking problem</i>	122
6.2	The person who is abusing drugs	123
6.2.1	<i>Does anyone who takes a drug have a problem?</i>	123
6.2.2	<i>What drugs are abused?</i>	124
6.2.3	<i>How are drugs used?</i>	124

6.2.4	<i>What does drug abuse do to the person?</i>	124
6.2.5	<i>Why do people use drugs at all?</i>	125
6.2.6	<i>Why do drug users seek your help?</i>	126
6.2.7	<i>When to suspect drug abuse</i>	126
6.2.8	<i>How to deal with this problem</i>	126
6.3	The person with a sleeping pill habit	129
6.3.1	<i>Why do people become dependent on sleeping pills?</i>	130
6.3.2	<i>When to suspect sleeping pill dependence</i>	130
6.3.3	<i>How to deal with this problem</i>	130
6.4	The person with a tobacco dependence	131
6.4.1	<i>Why tobacco use is dangerous</i>	131
6.4.2	<i>When to ask about tobacco use</i>	132
6.4.3	<i>How to deal with this problem</i>	132
6.5	The person with a gambling habit	134
6.5.1	<i>How does gambling become a habit?</i>	134
6.5.2	<i>Pathological gambling and health</i>	134
6.5.3	<i>When to suspect gambling is a problem</i>	134
6.5.4	<i>How to deal with this problem</i>	135
<b>7</b>	<b>Problems arising from loss and violence</b>	<b>137</b>
7.1	The person who has experienced a traumatic event	137
7.1.1	<i>How does trauma affect health?</i>	137
7.1.2	<i>Why do some victims of violence develop mental illness?</i>	138
7.1.3	<i>How to deal with this problem</i>	138
7.2	The woman who is being beaten or abused by her partner	140
7.2.1	<i>Why is violence against women a health issue?</i>	140
7.2.2	<i>How do women suffering domestic violence present to health workers?</i>	140
7.2.3	<i>Why do some people beat or abuse their partners?</i>	141
7.2.4	<i>How to identify domestic violence</i>	143
7.2.5	<i>How to deal with this problem</i>	143
7.2.6	<i>Working with men who are violent</i>	146
7.3	The woman who has been raped or sexually assaulted	148
7.3.1	<i>Why is rape a health issue?</i>	148
7.3.2	<i>How do women react to being raped?</i>	149
7.3.3	<i>Who rapes a woman?</i>	149
7.3.4	<i>How to deal with this problem</i>	150
7.3.5	<i>When men get raped</i>	151
7.4	The person who has been bereaved	152
7.4.1	<i>How does a person react to bereavement?</i>	152
7.4.2	<i>When is a bereavement abnormal?</i>	152
7.4.3	<i>How to deal with this problem</i>	153
<b>8</b>	<b>Problems in childhood and adolescence</b>	<b>155</b>
8.1	The child who is developing slowly	155
8.1.1	<i>What is mental retardation?</i>	156
8.1.2	<i>What causes mental retardation (MR)?</i>	156
8.1.3	<i>When a child does not speak normally</i>	156
8.1.4	<i>How does mental retardation affect the child?</i>	157
8.1.5	<i>When should you suspect mental retardation?</i>	157
8.1.6	<i>How to deal with this problem</i>	158
8.2	The child who has difficulties with studies	162
8.2.1	<i>What causes children to have difficulties with studies?</i>	162
8.2.2	<i>How to deal with this problem</i>	162
8.3	The child who cannot sit still	166
8.3.1	<i>What is attention deficit hyperactivity disorder (ADHD)?</i>	166
8.3.2	<i>Why is ADHD an important problem?</i>	167
8.3.3	<i>How to deal with this problem</i>	167
8.4	The child who has been abused	170
8.4.1	<i>Why do children get abused?</i>	170
8.4.2	<i>How are children affected by abuse?</i>	170
8.4.3	<i>When to suspect child abuse</i>	171
8.4.4	<i>How to deal with this problem</i>	172

8.5 The child who behaves ‘badly’	175
8.5.1 <i>When is misbehaviour a health problem?</i>	176
8.5.2 <i>Why do children behave badly?</i>	176
8.5.3 <i>How to deal with this problem</i>	177
8.6 The child who wets the bed	180
8.6.1 <i>Why do children wet the bed?</i>	180
8.6.2 <i>What about daytime wetting (enuresis)?</i>	180
8.6.3 <i>How to deal with this problem</i>	180
8.6.4 <i>Soiling clothes</i>	182
8.7 The adolescent who is sad or complains of aches and pains	183
8.7.1 <i>Why do some adolescents feel sad?</i>	183
8.7.2 <i>Depression in adolescents</i>	184
8.7.3 <i>How to deal with this problem</i>	185

### **Part III. Integrating mental health**

<b>9 Mental health in other contexts</b>	<b>191</b>
9.1 Primary and general health care	191
9.1.1 <i>Mental disorders in primary care</i>	191
9.1.2 <i>Primary mental health care</i>	192
9.1.3 <i>Improving the system</i>	193
9.2 Reproductive health	193
9.2.1 <i>Gynaecological health and mental health</i>	194
9.2.2 <i>Maternal health and mental health</i>	194
9.3 Health of prisoners	195
9.3.1 <i>Mental illness and crime</i>	195
9.3.2 <i>The mental health of prisoners</i>	195
9.3.3 <i>Caring for the mental health of prisoners</i>	196
9.3.4 <i>Improving the system</i>	196
9.4 Refugees	197
9.4.1 <i>Meet basic needs first</i>	197
9.4.2 <i>The mental health of refugees</i>	197
9.4.3 <i>Children involved in war</i>	198
9.4.4 <i>Mental health promotion in a refugee camp</i>	198
9.5 Disasters	198
9.5.1 <i>Disasters and mental health</i>	199
9.5.2 <i>Integrating mental health with disaster relief</i>	199
9.6 Adolescent health	200
9.6.1 <i>Growing up should be fun</i>	200
9.6.2 <i>Mental health issues</i>	200
9.6.3 <i>Integrating mental health with education</i>	201
9.6.4 <i>The provision of school-based counselling</i>	201
9.7 Homeless people and street children	202
9.7.1 <i>Homelessness and mental health</i>	202
9.7.2 <i>Street children</i>	202
9.8 HIV/AIDS	203
9.8.1 <i>Why should mental health be affected?</i>	203
9.8.2 <i>Integrating mental health with health care for those who are HIV positive</i>	204
9.9 The health of the elderly	205
9.9.1 <i>The mental health problems faced by the elderly</i>	205
9.9.2 <i>Caring for the elderly</i>	206
9.10 Caring for carers	206
9.10.1 <i>The stresses of caring</i>	206
9.10.2 <i>The mental health of carers</i>	207
9.10.3 <i>Promoting the mental health of carers</i>	207
9.10.4 <i>Helping a carer in distress</i>	207
9.11 The mental health of health workers	208
9.11.1 <i>Looking after yourself</i>	208
9.11.2 <i>When to seek professional help</i>	209

<b>10 Mental health promotion and advocacy</b>	<b>210</b>
10.1 Support groups for mental health	210
10.1.1 <i>How do support groups work?</i>	210
10.1.2 <i>Setting up a support group</i>	211
10.1.3 <i>The first meeting</i>	212
10.1.4 <i>The role of the group leader</i>	212
10.1.5 <i>Basic rules of groups</i>	212
10.1.6 <i>Keeping the group going</i>	212
10.2 The prevention of mental retardation	213
10.2.1 <i>Before the child is born</i>	213
10.2.2 <i>At the time of childbirth</i>	213
10.2.3 <i>After childbirth</i>	214
10.2.4 <i>Early intervention for babies at high risk</i>	214
10.3 Mental health promotion in schools	215
10.3.1 <i>Promoting school mental health</i>	216
10.3.2 <i>When a child drops out of school</i>	217
10.4 The early identification of mental illness	218
10.4.1 <i>Detecting the onset of a new mental illness</i>	218
10.4.2 <i>Relapse prevention</i>	219
10.5 Preventing alcohol and tobacco abuse	219
10.5.1 <i>Prevention in the clinic</i>	219
10.5.2 <i>Prevention in the community</i>	220
10.5.3 <i>Prevention in schools and colleges</i>	220
10.6 Promoting the rights of people with a mental illness	221
10.6.1 <i>Human rights and mental illness</i>	221
10.7 Relationships in distress	223
10.7.1 <i>Why relationships break down</i>	223
10.7.2 <i>How to help rebuild relationships</i>	224
10.7.3 <i>Knowing when to separate</i>	225
10.8 Poverty and mental health	226
10.8.1 <i>Mental health promotion among the poor</i>	227
10.9 Gender and mental health	228
10.9.1 <i>Gender inequality and mental health</i>	228
10.9.2 <i>Promoting mental health for women</i>	229
<b>Part IV. Localising this manual for your area</b>	
<b>11 Medicines for mental illness</b>	<b>233</b>
11.1 Choosing the right medicine: cost and efficacy	233
11.2 A quick reference guide to medicines for mental illnesses	234
11.3 Cautions when using medicines for mental illness	243
<b>12 Resources in your area</b>	<b>244</b>
12.1 Resources for children	244
12.2 Resources for the elderly	245
12.3 Resources for drug and alcohol problems	245
12.4 Resources for women and domestic violence	246
12.5 Resources for families of the mentally ill	246
12.6 Mental health professionals	247
12.7 Telephone helplines	247
<b>Appendix. Flow charts for clinical problem-solving</b>	<b>248</b>
Behaviours that cause concern	249
Symptoms that are medically unexplained	250
Habits that cause health problems	251
Children with mental health problems	252
<b>Bibliography</b>	<b>253</b>
<b>Glossary of terms for mental illnesses and their symptoms</b>	<b>254</b>
