

Psychopharmacology Special Interest Group
Report to Council June 2005

The SIGP remains very active. It has produced three important reports for the college.

- 1 High dose antipsychotics (Tom Barnes)
- 2 Off label prescribing (David Baldwin)
- 3 Benzodiazepine prescribing (Malcolm Lader).

We also continue to hold an annual symposium which attracts over 250 delegates and generates a net profit for the SIGP of £7-10K per year.

Robert Kerwin
Chairman SIGP.
