Please note this programme is subject to change

RCPsych is an inclusive organisation with over 21,000 members who have a diverse range of views, which we look to represent across the programme. To further open dialogue, scientific discovery and enrich learning, we provide our members with the opportunity to hear from a range of professionals. The speakers, panellists and participants views and comments are their own and not the established views of the College.

Exhibition

A posters display and exhibition will be available throughout the conference.

We welcome exhibitor stand

Provincial Health Services Authority, Canada

Please note exhibitors do not influence the programme content
