Honorary Corresponding Members

A further category of membership, the Corresponding Members, was introduced by the Medico Psychological Association in 1880. The Association restricted itself to a total of three Honorary members each year, including some who were not medically qualified. It was not possible to elect all distinguished foreign psychiatrists as Honorary Members. The new category of Corresponding Members was introduced and elections to it were made from 1880 till 1970. All of the Corresponding Members were from overseas. In 1971 with the inception of the College the category of Honorary Fellows was introduced and five could be elected each year. The Corresponding Membership ceased. Many of the Corresponding Members were distinguished and were later elected to the Honorary Membership or Honorary Fellowship.

Corresponding Members

1880	Dr Kornfield, Silesia
1886	M. Jules Morel, M.D., Ghent M. Victor Pavent, M.D., Toulouse
1889	Dr Paul Kowalewsky Karkoff, Russia
