

Poster submission guidelines

You should ensure your poster is up by the end of registration (please refer to programme for timings) on the day of presentation. Authors are requested to be present near/next to their poster boards during the coffee and lunch breaks, to interact with the audience.

- The ideal poster size is a maximum of 90cm wide x 120cm high. (View sample).
- Posters will only be accepted for display if they are on one sheet only. Multiple sheets of A4 cannot be accommodated.
- All illustrations, drawings, photographs and text (including photo captions) should either be mounted or printed on smooth lightweight card 1mm thick or laminated. We recommend that posters are printed on one large sheet and, where possible, produced professionally.
- All material should be legible from a distance of TWO metres. Capitals should not be less than 8-10 mm/22-28 points in height and lower-case lettering should be not less than 5mm/14 points in height.
- The top line(s) should give the title of your abstract with lettering not less than 2.5 cm/72 points high.
- The next line(s) should indicate the authors and their affiliations.
- Continue with the introduction, methods, results and discussion as appropriate. The poster should end with conclusions

Abstracts of the poster to be submitted by midnight, 15th of May. 400 words maximum, one table and one figure permitted. Please email them to:

rachel.maidment@wales.nhs.uk

You will be notified if their poster is accepted by 22nd of May.

If accepted, you need to email a pdf of the poster by Friday 9th of June - it will then be placed on the conference website and can be linked to in the future.
