Reducing smoking in people with mental health conditions – a health disparities imperative

Dr Jeanelle de Gruchy, Deputy Chief Medical Officer, Joint Lead for the Office of Health Improvement and Disparity (OHID), Department of Health and Social Care

10.00am –
11.15am*Clinical practice Lomond***MCI Understanding and treating death anxiety**

Chair: Dr Alex Thomson, Central and North West London NHS Foundation Trust

Setting the scene for understanding death anxiety

Dr Rachel Menzies, The University of Sydney

Treating death anxiety

Professor David Veale, South London and Maudsley NHS Trust and Institute of Psychiatry, Psychology and Neuroscience, King's College London

10.00am –
11.15am*Psychopharmacology Sidlaw***MC2 Launch of the Lancet Psychiatry Commission on intimate partner violence and mental health****Why we wrote the commission**

Professor Louise Howard, Professor of Women's Mental Health, Kings College London

The Lancet Psychiatry: perspective re commissions

Dr Joan Marsh, Editor-in-chief, The Lancet Psychiatry

IPV and mental health across the lifecourse - the evidence base and recommendations from the Commission

Professor Helen Fisher, Professor of Developmental Psychopathology, King's College London

Service user and societal perspectives of the Commission

Professor Felicity Callard, Professor in Human Geography, University of Glasgow

The implications of the Commission for practice and policy

Professor Marion Henderson, Professor of Child and Youth Wellbeing, University of Strathclyde

Action against violence from a World Health Organisation perspective

Dr Claudia Garcia-Moreno, World Health Organisation

10.00am –
11.15am*New Science Fintry***S2 How should we respond to the climate crisis?**

Chair: Dr Adrian James, President, Royal College of Psychiatrists

Implications of the climate crisis on mental health

Dr Emma Lawrance, Climate Cares and Institute of Global Health Innovation, Imperial College London

Psychotherapeutic perspectives on the climate crisis

Caroline Hickman, University of Bath and Climate Psychology Alliance

How psychiatrists can impact positively on the environment while improving quality of care

Dr Dasal Abayaratne, Planetary Health and Sustainability Committee, Royal College of Psychiatrists and ST6 in Psychotherapy

10.00am –
11.15am*Quality Improvement Cromdale***MC3 'Understanding safety as a co-created entity: a creative conversation on fear, power and the meaning of safety'**

Chair: Dr Rachel Gibbons, Co-chair of the Patient Safety Group and Working Group on the Effect of Suicide and Homicide on Clinicians and Vice-Chair of the Psychotherapy Faculty

Patient perspective

Dr Mary Ryan, Mental Health Safety Improvement Programme, Royal College of Psychiatrists

Carer perspective

Jacque Jamieson, Carer Lay Representative

Clinician and patient

Dr Chloe Beale, East London NHS Foundation Trust

Clinician and manager

Dr Jon Van Niekerk, Cygnet Healthcare

11.15am –
11.45am**Break**

Refreshments served in Lennox

11.45am – 11.50am	<p>Welcome address <i>Pentland</i></p> <p>Dr Shubulade Smith and Professor Ian Jones, Congress Co-Chairs and Dr Regi Alexander, Associate Dean for Advanced Learning and Conferences</p>
11.50am – 12.20pm	<p>Keynote <i>Pentland</i></p> <p>KN1 President's opening lecture</p> <p>Dr Adrian James, President, Royal College of Psychiatrists</p>
12.20pm – 12.50pm	<p>Keynote <i>Pentland</i></p> <p>KN2 Suicide: Future priorities and impact of COVID</p> <p>Chair: Dr Abdul Raof, CALC Lead for Member Training for the Royal College of Psychiatrists.</p> <p>Professor Louis Appleby, Professor of Psychiatry, Manchester University</p>

1.00pm – 1.50pm	<p>Lunch</p> <p><i>Served in Lennox</i></p>
1.00pm – 1.50pm	<p>Fringe: SAS doctors lunch <i>Lowther</i></p>

1.00pm –
1.50pm**Fringe: Lifestyle and self-care** *Harris*

Lifestyle and Self-Care is an engaging session focused on the transformative power of healthy habits and the growing evidence based on the impact of physical activity, nutrition, social connections, sleep, and stress management on mental health and wellbeing. The participants are encouraged to use the session to develop their unique lifestyle plan. In addition, the session includes a mindfulness-guided meditation session and practical information and tips needed to make changes that optimize wellness. The session is led by Dr Mihaela Bucur and Dr Sarmila Sinha.

1.00pm –
1.50pm**Student and trainee: Meet the PTC** *Platform 5*1.15pm –
1.45pm**Rapid fire poster presentations** *Lammermuir and Moffat*1.55pm –
3.10pm**Clinical practice** *Pentland***S3 Refugee and asylum-seeker mental health**

Chair: Professor Kenneth R. Kaufman, MD, FRCPsych, DLFAPA, FAES, Departments of Psychiatry and Neurology, Rutgers Robert Wood Johnson Medical School, New Brunswick, USA, Department of Psychological Medicine, Institute of Psychiatry, Psychology and Neuroscience, King's College London

Why do outcomes of psychosocial interventions vary widely across studies with refugees?

Dr Alvin Kuowei Tay, MPsych, PhD, Psychosocial Advisor, UNDSS, United Nations, New York, Department of Psychiatry, University of New South Wales, Australia, Visiting Professorial Scholar, Department of Counseling and Clinical Psychology, Teachers College, Columbia University, New York, USA

Iron triangle of immigration policies at the U.S. border - mental health of unaccompanied children

Professor Suzan Joon Song, MD, MPH, PhD, Division of Child and Family Psychiatry, George Washington Medical Center, Washington, D.C., USA

Complex post-traumatic stress disorder (cPTSD) in refugees and asylum seekers: a systematic review

Professor Cornelius Katona, MD, FRCPsych, Helen Bamber Foundation, London, Division of Psychiatry, University College London

Narrative exposure therapy for survivors of human trafficking: a feasibility randomised controlled trial

Dr Francesca Brady, PhD, Division of Psychology, University College London, Woodfield Trauma Service, Central and North West London NHS Foundation Trust

<p>1.55pm – 3.10pm</p>	<p><i>Clinical practice</i> <i>Fintry</i> S4 Radically open dialectical behaviour therapy - theory and practice Chair: Dr Lenny Cornwall, Tees, Esk and Wear Valleys NHS Foundation Trust</p> <p>An introduction to the theory and practice of RO DBT Dr Sophie Rushbrook, Head of Psychological Therapy Service, Dorset Healthcare NHS Trust</p> <p>A review of the evidence base for RO DBT Dr Roelie Hempel, Co-Director, Radically Open Ltd</p> <p>Implementation and effectiveness of RO DBT in an NHS adult CMHT Susan Simpson, Psychological Therapist, Tees, Esk and Wear Valleys NHS Trust</p>
<p>1.55pm – 3.10pm</p>	<p><i>Psychopharmacology</i> <i>Lomond</i> TCl Treatment resistant psychosis 1 Chair: Professor Fiona Gaughran, South London and Maudsley NHS Foundation Trust and the Institute of Psychiatry, Psychology and Neuroscience, King's College London</p> <p>Treatment resistance in psychiatry Professor Oliver Howes, Institute of Psychiatry, Psychology and Neuroscience, King's College London and South London and Maudsley NHS Foundation Trust</p> <p>Should we prescribe clozapine in children? Professor James MacCabe, National Psychosis Unit, South London and Maudsley NHS Foundation Trust and Institute of Psychiatry, Psychology and Neuroscience, King's College London</p> <p>Experimental medicine models in psychosis Professor Mitul Mehta, Institute of Psychiatry, Psychology and Neuroscience, King's College London</p>
<p>1.55pm – 3.10pm</p>	<p><i>New Science</i> <i>Cromdale</i> S5 Severe COVID anxiety: aetiology, prognosis and treatment Chair: Professor Peter Tyrer, Imperial College London</p> <p>Aetiology severe COVID anxiety Professor Mike Crawford, Professor of Mental Health Research, Imperial College London</p> <p>Prognosis and impact of severe COVID anxiety; does it fade with time? Dr Jacob King, National Institute for Health Research (NIHR) Academic Clinical Fellow, Imperial College London</p> <p>Treating severe COVID anxiety; case studies and results of a feasibility trial Ms Aisling McQuaid, Research Associate, Imperial College London</p>

1.55pm –
3.10pm*Quality Improvement Sidlaw***S6 The Advancing Mental Health Equality Collaborative: using a quality improvement approach to improve mental health care, support and treatment for people at risk of experiencing inequalities in the UK**

Chair: Dr Shubulade Smith, South London and Maudsley NHS Foundation Trust and Dr Rajesh Mohan, Royal College of Psychiatrists

The background and development of the Advancing Mental Health Equality resource

Laura-Louise Arundell, Lead Researcher and Developer, National Collaborating Centre for Mental Health, Royal College of Psychiatrists

Advancing mental health equality using a quality improvement approach

Matthew Milarski, Quality Improvement Coach

The importance of co-production in advancing mental health equality

Mark Farmer, Patient and Carer Representative at the Royal College of Psychiatrists and Chair of Leicestershire Partnership's People's Council

3.10pm –
3.20pm3.20pm –
4.35pm*Clinical practice Sidlaw***S7 Understanding and managing serious risk to mothers and their infants in the perinatal period**

Chair: Professor Ian Jones, Congress Co-Chair and Director, National Centre for Mental Health, Cardiff University

What have we learned from women who have died from psychiatric causes in the perinatal period?

Dr Roch Cantwell, Consultant Perinatal Psychiatrist, Lead Clinician Perinatal Mental Health Scotland

Mental disorder and risk of serious abuse related harm in young children

Dr Angelika Wieck, Consultant Perinatal Psychiatrist, Greater Manchester NHS Foundation Trust and Honorary Senior Lecturer at The University of Manchester

Neonaticide and infanticide: what does the clinician need to know?

Dr Liz McDonald, Consultant Perinatal Psychiatrist, Lead Clinician for HEE funded Perinatal Training Programme at The Royal College of Psychiatrists, Visiting Lecturer at the Tavistock and Portman NHS Foundation Trust

3.20pm –
4.35pm*Clinical practice Pentland***S8 Student mental health in higher and further education - need for a new approach**

Chair: Professor Mary Cannon, Professor of Psychiatric Epidemiology and Youth Mental Health, RCSI University of Medicine and Health Sciences

Developing new and innovative ways to improve the mental health of students and empower change

Louise Goux-Wirth, Programme Manager for StudentSpace, StudentMinds, UK

Student mental health – time to review the service model

Dr Michele Hill, Consultant Psychiatrist, Student Health Department, University College Cork

Preventing and responding to student suicide in further education and higher education settings

Professor Jo Smith, Emeritus Professor of Early Intervention and Psychosis, University of Worcester

3.20pm –
4.35pm

Psychopharmacology Lomond

TC1 Treatment resistant psychosis 2

Chair: Professor Fiona Gaughran, South London and Maudsley NHS Foundation Trust and Institute of Psychiatry, Psychology and Neuroscience, King's College London

Catatonia: a treatable entity in treatment resistant psychosis

Dr Jonathan Rogers, University College London

Autism and psychotic disorders in adults

Dr Susannah Whitwell, South London and Maudsley NHS Foundation Trust

Can we avoid relapse and treatment resistance in schizophrenia?

Professor Sir Robin Murray, Institute of Psychiatry, Psychology and Neuroscience and National Psychosis Unit, South London and Maudsley NHS Foundation Trust

3.20pm –
4.35pm

New Science Fintry

S9 Alcohol and suicidal acts: new research findings and practice implications

Chair: Dr Nicola Kalk, South London and Maudsley NHS Foundation Trust, King's College London

Alcohol use and its association with suicide attempts, suicidal thoughts, and non-suicidal self-harm in a nationally representative English sample

Miss Sarah Ledden, University College London

One size fits all? The different forms of alcohol use in suicidal crisis and their associations with repeated crisis care and death

Mr John Robins, King's College London

Exploring the views of people with personal experience of alcohol, self-harm and suicide

Mr Alex Rossiter, Samaritans

3.20pm –
4.35pm

Quality Improvement Cromdale

MC4 Delusions of perfection - the problem with serious incident inquiries: what can we do to change the investigation process and really learn from tragic events?

Chair: Dr Rachel Gibbons, Co-chair of the Patient Safety Group and Working Group on the Effect of Suicide and Homicide on Clinicians and Vice-Chair of the Psychotherapy Faculty

Is there a root cause? Even if there is - can we ever identify it?

Dr Mayura Deshpande, Chair of the Ethics Committee, Royal College of Psychiatrists

The emotional toll of the investigation: personal experience

Dr Elizabeth Venables, East London Foundation Trust

Moving from blaming to learning - how the perspectives and experiences of patients, friends and families can contribute to learning from, and prevention of, serious incidents

Dr Mary Ryan, Mental Health Safety Improvement Programme, Royal College of Psychiatrists

Carers perspective of the problem with Serious Incident Inquiries

Debbie Frances, Expert by experience, Member of the RCPsych Patient Safety Group

4.35pm –
5.05pm

Break

Refreshments served in Lennox

Monday 20 June

5.05pm – 5.35pm	<p>Keynote <i>Pentland</i> KN4 We know more about schizophrenia than people think Chair: Professor Fiona Gaughran, South London and Maudsley NHS Foundation Trust and the Institute of Psychiatry, Psychology and Neuroscience, King's College London Professor Stephen Lawrie, University of Edinburgh</p>
5.35pm – 6.05pm	<p>Keynote <i>Pentland</i> KN5 Precision psychiatry in perinatal mental health: using innovative approaches to improve patient outcomes Chair: Dr Trudi Seneviratne, Registrar, Royal College of Psychiatrists Dr Samantha Meltzer Brody, Assad Meymandi Distinguished Professor and Chair, Director, UNC Center for Women's Mood Disorders, Department of Psychiatry, The University of North Carolina at Chapel Hill, North Carolina, USA</p>
6.05pm – 6.35pm	<p>Keynote <i>Pentland</i> KN6 The drugs don't work – lessons from the management of neuropsychiatric symptoms in dementia Chair: Professor Hugo Critchley, Brighton and Sussex Medical School Professor Sube Banerjee, Executive Dean and Professor of Dementia, Faculty of Health, University of Plymouth</p>
6.35pm – 7.35pm	<p>Fringe: Debate - Digital Psychiatry: The next 180 years <i>Pentland</i> 0930 clinic appointment with Skynet? This house believes that the RCPsych should embrace Artificial Intelligence and Big Data in guiding clinical decision making and service development Chair: Dr Romayne Gad el Rab, South London and Maudsley NHS Foundation Trust and Dr David Rigby, East London NHS Foundation Trust Discussants Dr Lia Ali, NHSx Dr Peter MacRae, East London NHS Foundation Trust Mr Mark Brown, One in Four Magazine</p>

8.00am – 9.00am	Registration Strathblane hall
8.00am – 8.45am	Fringe: Congress run
8.00am – 8.45am	Fringe: How to write a book or chapter <i>Lomond</i> Chair: Dr Suhana Ahmed, South West London and St George's NHS Trust How to write Professor Rob Poole, Centre for Mental Health and Society, Bangor University Approaches and the experience of writing Professor Femi Oyebode, University of Birmingham The RCPsych process Professor Anne Doherty, UCD School of Medicine, Mater Misericordiae University Hospital
9.00am– 9.30am	Keynote <i>Pentland</i> KN7 Mental health of children, young people and emerging adults in the time of COVID Chair: Professor Ian Jones, Congress co-chair Professor Tamsin Ford, Professor of Child and Adolescent Psychiatry, University of Cambridge
9.30am – 10.00am	Keynote <i>Pentland</i> KN8 Failing better? What maternal suicide tells us about our approach to mental health care Chair: Professor Ian Jones, Congress Co-Chair Dr Roch Cantwell, Consultant Perinatal Psychiatrist, Lead Clinician Perinatal Mental Health Scotland
10.00am – 10.30am	Break

<p>10.30am – 11.45am</p>	<p><i>Psychopharmacology Pentland</i> S10 Overmedication of people with intellectual disabilities: time for action Chair: Professor Asit Biswas, University of Leicester</p> <p>Staff training to reduce the overmedication: SPECTROM Professor Shoumitro (Shoumi) Deb, Imperial College London</p> <p>Positive behaviour support to reduce the overmedication of people with intellectual disabilities Mr David Gerrard, St. Nicolas Hospital, Gosforth</p> <p>Tools to help reduce the overmedication: CONNECT Professor Rohit Shankar, University of Plymouth</p>
