## About the Royal College of Psychiatrists

The Royal College of Psychiatrists is the professional medical body responsible for supporting psychiatrists throughout their careers, from training through to retirement, and in setting and raising standards of psychiatry in the United Kingdom.

The College aims to improve the outcomes of people with mental illness, and the mental health of individuals, their families and communities. In order to achieve this, the College sets standards and promotes excellence in psychiatry; leads, represents and supports psychiatrists; improves the scientific understanding of mental illness; works with and advocates for patients, carers and their organisations. Nationally and internationally, the College has a vital role in representing the expertise of the psychiatric profession to governments and other agencies.

The core purposes of the Royal College of Psychiatrists are to:

- Set standards and promote excellence in psychiatry and mental healthcare
- Lead, represent and support psychiatrists
- Work with patients, carers and other organisations interested in delivering high quality mental health services

## A history of the International Congress

The Royal College of Psychiatrists celebrated its first International Congress in 2010 with just over 1,300 delegates. Since then, the event has grown steadily to become one of the most prestigious mental health events in the world, attended in 2019 by over 3,400 delegates. The congress attracts local, national, and international delegates from various professional backgrounds. It is the ideal opportunity for psychiatrists to network, share best practice and ensure they are up to date with the latest findings in mental health.

In 2025, we hosted a total of 2,843 delegates, speakers and exhibitors from over 51 countries at the ICC Wales in Newport. Delegates enjoyed a full scientific programme of over 80 sessions and masterclasses, as well as poster presentations, a vibrant exhibition, the Congress Cultural Fringe and social activities.

## RCPsych International Congress 2026

We are delighted to announce that the next RCPsych International Congress will take place from 15 to 18 June 2026 at the ACC Liverpool. We are expecting more than 2,500 attendees to join us at this wonderful venue, beautifully positioned on the banks of Liverpool's vibrant waterfront, and conveniently situated in the heart of Liverpool for road, rail and air travel.

The programme will include presentations from world-renowned international speakers, opinion leaders and those with lived experience. Delegates will have the opportunity to attend wellbeing sessions and cultural fringe activities such as music, drama, art, literature, dance and nature walks.

Our lively exhibition hall is an important part of our Congress, providing an invaluable opportunity for companies to connect with our members and raise their profile. We look forward to welcoming back both new and returning exhibitors and hope to see you in Liverpool!
