

International Congress of the Royal College
of Psychiatrists
29 June – 2 July 2020

Monday 29 June

11.00 – 13.00	Registration and coffee
13.00 – 13.05	Welcome Address Professor Ian Jones and Dr Lade Smith, Congress Co-Chairs
13.05 – 13.30	Keynote KN1 President’s Opening Lecture Professor Wendy Burn, President of the Royal College of Psychiatrists
13.30 – 14.00	Keynote KN2 Melanie Reid, Journalist, The Times and The Sunday Times
14.00 – 14.30	Keynote KN3 Professor Andrew McIntosh, Chair of Biological Psychiatry, University of Edinburgh
14.35 – 15.50	Clinical Practice S1 New NICE Guidance for mental health rehabilitation: A unique opportunity to improve care for people with complex psychosis Chair: Dr Sridevi Kalidindi, CBE, National Clinical Lead for Mental Health Rehabilitation, GIRFT, NHS England and NHS Improvement NICE guidance for people with complex psychosis and related conditions Professor Helen Killaspy, University College London Addressing the human cost of disinvestment in rehabilitation services Carer Representative, Rehabilitation & Social Executive Committee, Royal College Psychiatrists Improvement methodology for implementing NICE guidance: from teams to whole system Dr Rajesh Mohan, Chair of Rehabilitation Faculty, Royal College of Psychiatrists

14.35 – 15.50

*Clinical Practice***S2 Clinical Hypnosis in Medical settings - its role in the management of Functional Disorders and Overlay**

Chair: Dr Peter Aitken, Director of Research & Development, Devon Partnership NHS Trust, Honorary Associate Professor, University of Exeter Medical School

Hypnotherapy for Functional Gastrointestinal Disorders

Professor Peter Whorwell, Consultant Gastroenterologist, University of Manchester

The Nature of Hypnosis for Dissociative Neurological Symptom Disorder

Dr Jason Price, Consultant Neuropsychologist, South Tees Hospitals NHS Foundation Trust

The Body keeps the Score. (How to integrate hypnotic techniques into the Liaison Psychiatric service.)

Kate Chartres, Nurse Consultant Liaison Psychiatry, Northumberland, Tyne & Wear NHS Foundation Trust

*Psychopharmacology***TC1 Treatment Resistant Psychosis 1**

Chair: Dr Fiona Gaughran, Lead Consultant, National Psychosis Unit, South London and Maudsley NHS Foundation Trust and Reader, Institute of Psychiatry, Psychology and Neuroscience

Cannabis and violence: is any association mediated by Paranoia?

National Psychosis Unit, South London and Maudsley NHS Foundation Trust and Institute of Psychiatry, Psychology and Neuroscience

Treatment resistant psychosis in children and adolescents

Dr Johnny Downs Institute of Psychiatry, Psychology and Neuroscience and Dr Marinos Kyriakopoulos, CAMHS, South London and Maudsley NHS Foundation Trust

Mechanisms underlying treatment response in schizophrenia

Professor Sukhi Shergill, National Psychosis Unit, South London and Maudsley NHS Foundation Trust and Institute of Psychiatry, Psychology and Neuroscience

14.35 – 15.50

Leadership and management**S3 Leadership development for psychiatrists**

Chair: Dr Lenny Cornwall, Consultant Psychiatrist, Tees, Esk & Wear Valleys NHS Trust

The employer perspective – what knowledge and skills are employers looking for?

Dr Lenny Cornwall, Consultant Psychiatrist, Tees, Esk & Wear Valleys NHS Trust

The trainee perspective – what do trainees get from leadership training and what can they get?

Dr Alex Till, Dr Alex Till, Specialty Registrar in Forensic Psychiatry & Chair of the Psychiatric Trainees Committee 2018-19, Royal College of Psychiatrists

The College perspective – what does the College understand to be the leadership role for psychiatrists and how will the new higher training curricula support this?

Dr Helen Crimlisk, Deputy Medical Director, Sheffield Health and Social Care NHS Trust; Associate Registrar, Leadership and Management, Royal College of Psychiatrists

Education and training**S4 Implications of the ICD-11 classification of personality disorders**

Chair: Professor Mike Crawford, Professor in Mental Health Research, Centre for Psychiatry, Imperial College, London

The essential elements of the ICD-11 classification of personality disorders

Professor Peter Tyrer, Emeritus Professor of Community Psychiatry, Imperial College, London

Where have all the labels gone?: the domain structure of ICD-11 personality disorders

Professor Roger Mulder, Professor of Psychiatry, University of Otago

Implications of ICD-11 personality disorders in clinical practice: an eight-year clinical trial

Dr Rahil Sanatinia, Research Associate, Centre for Psychiatry, Imperial College, London

15.50 – 16.20

Tea

15.50 – 16.20

Rapid fire presentations

*Clinical Practice***S5 Mental Health Care for Underserved Populations - Ethnic, Racial, and Linguistic Inequalities**

Chair: Professor Kenneth R. Kaufman, AM, MD, FRCPsych, DLFAPA, FAES; Professor of Psychiatry, Neurology and Anaesthesiology, Rutgers Robert Wood Johnson Medical School; New Jersey, USA; Visiting Professor, Department of Psychological Medicine, Institute of Psychiatry, Psychology and Neuroscience, King's College London

Ethnic inequalities in severe mental illness: a new approach

Professor Kamaldeep S. Bhui, CBE, MBBS, MSc, MD, FRCPsych; Professor of Cultural Psychiatry & Epidemiology, Centre Lead for Psychiatry, Wolfson Institute of Preventive Medicine, Hon. Consultant Psychiatrist, East London Foundation Trust, Barts & The London School of Medicine & Dentistry, Queen Mary University of London

Unravelling the complexities of inequalities in mental health care and outcomes for cultural and linguistic minorities

Professor Steve Kisely, MD, MSc, PhD, FRCPsych, FRANZCP, FFPH, FAFPHM, FACHAM; Professor, Discipline of Psychiatry, School of Medicine, The University of Queensland, Australia and Professor of Psychiatry, Community Health and Epidemiology, Dalhousie University, Canada

Mental health care for the underserved in Brazil

Professor Sara Evans-Lacko, PhD; Associate Professor, Personal Social Services Research Unit (PSSRU), London School of Economics and Political Science

Health system strengthening for mental health in low- and middle-income countries: introduction to the Emerald programme

Professor Mark Jordans, PhD; Professor of Global Child and Adolescent Mental Health, Faculty of Social and Behavioural Sciences, University of Amsterdam, and Director, Research and Development, War Child Holland, The Netherlands; Reader in Child and Adolescent Mental Health in Humanitarian Settings, Institute of Psychiatry, Psychology and Neuroscience, King's College London

*Clinical Practice***S6 Health anxiety: the silent epidemic that can be treated easily**

Chair: Professor Peter Tyrer, Emeritus Professor of Psychiatry, Imperial College, London

Pathological illness worries (health/illness anxiety) in the general population: The DanFunD study

Professor Per Fink, Head of the Research Clinic for Functional Disorders and Psychosomatics, Aarhus University Hospital

Multi-centre randomised controlled trial (RCT) for health anxiety in primary and general hospital care: clinical and economic outcomes

Professor Richard Morriss, Professor of Psychiatry and Community Mental Health, University of Nottingham

Health anxiety and its management in medical settings

Professor Peter Tyrer, Emeritus Professor of Community Psychiatry, Imperial College, London

16.20 – 17.35	<p>Psychopharmacology TC1 Treatment Resistant Psychosis 2 Chair: Dr Fiona Gaughran, Lead Consultant, National Psychosis Unit, South London and Maudsley NHS Foundation Trust and Reader, Institute of Psychiatry, Psychology and Neuroscience</p> <p>Personalised Psychiatry for Psychosis; preliminary results from the MRC-STRATA Programme Professor James MacCabe, National Psychosis Unit, South London and Maudsley NHS Foundation Trust and Institute of Psychiatry, Psychology and Neuroscience</p> <p>A fine balance; quality and safe use of clozapine Professor Dan Siskind, Conjoint Principal Research Fellow, Queensland Brain Institute, University of Queensland</p> <p>Inflammation, Poo and Psychosis Professor Iris Sommer, Director of Research Institute Brain and Cognition, UMCG, University of Groningen</p>
	<p>Education and training MCI Approaches to managing bullying and undermining in the workplace Chair: Dr Ross Runciman, Chair Psychiatric Trainees' Committee 19/20 - Royal College of Psychiatrists</p> <p>Dr Ros Ramsay, Specialist Advisor for the Psychiatry Support Service Consultant Psychiatrist/Deputy Medical Director, South London and Maudsley NHS Foundation Trust, National Psychosis Unit - Tony Hillis Unit, Lambeth Hospital/Trust HQ Maudsley Hospital</p> <p>Professor Dinesh Bhugra, Emeritus Professor of Mental Health and Cultural Diversity at the Institute of Psychiatry, Psychology and Neuroscience at King's College London. Past President of the Royal College of Psychiatrists. Past President of the World Psychiatric Association. Past President of the British Medical Association</p> <p>Dr Alpana Rose</p>
17.35 – 18.10	<p>Keynote KN4 Dr Rob Poole, Consultant Psychiatrist</p>
18.10 – 18.45	<p>Keynote KN5 Pat Sowa</p>
18.45 – 19.30	<p>Welcome Reception</p>

8.00 – 9.00	Registration and coffee
9.00 – 9.30	<p>Keynote KN6 Dr Claire Murdoch, NHS England National Mental Health Director</p>
9.30 – 10.00	<p>Keynote KN7 Professor Daisy Fancourt, Associate Professor, Wellcome Research Fellow, University College London</p>
10.10 – 11.25	<p>New Science S8 Early Life Stress in Severe Affective Disorders: From Neuroscience to Treatment Chair: Prof Allan H Young, Centre for Affective Disorders, Institute of Psychiatry, Psychology and Neuroscience, King's College London</p> <p>Childhood maltreatment and the physical burden of patients with bipolar disorders Prof. Bruno Etain, University Paris Diderot and Assistance Publique des Hopitaux de Paris, France</p> <p>Telomere length is associated with childhood trauma experiences in patients with a severe mental disorder Dr Monica Aas, NORMENT K.G Jebsen Centre for Psychosis Research, Institute of Clinical Medicine, University of Oslo, Norway</p> <p>HPA axis, Genetic Biomarkers and Early Life Stress impact in Affective disorders Dr Mario F P Juruena, Centre for Affective Disorders, Institute of Psychiatry, Psychology and Neuroscience, King's College London</p> <hr/> <p><i>Disorders at the interface of neurology and psychiatry</i> TC2 Core Skills in neuropsychiatry Chair: Prof Alan Carson, Centre for Clinical Brain Sciences, University of Edinburgh</p> <p>Neurological examination for psychiatrists Professor Adam Zeman, Professor of Cognitive and Behavioural Neurology, University of Exeter</p> <p>Cognitive examination beyond the mini mental state Professor Adam Zeman, Professor of Cognitive and Behavioural Neurology, University of Exeter</p>

10.10 – 11.25

Psychopharmacology

S9 Clinical Update on ADHD across the lifespan: BAP and other guidelines

Chair: Prof Anne Lingford-Hughes, Division of Psychiatry, Imperial College London

Introducing ADHD: diagnosis, comorbidities, and neurobiology

Dr Samuel Chamberlain, Department of Psychiatry, University of Cambridge

How does ADHD present across the lifespan, and how do services handle it? Findings from the CATCh-uS project

Professor Tamsin Ford, Department of Psychiatry, University of Cambridge

Evidence-based treatment of ADHD in children and adolescents

Prof Samuele Cortese, Department of Psychiatry, University of Southampton

Policy and media

S10 Improving services for people with substance use and comorbid mental disorders

Chair: Julia Sinclair, Professor of Addiction Psychiatry, University of Southampton

Fighting The Friendly Foe. Personal Experience of Alcohol Addiction

Diane Goslar, Expert by Experience

“Our Invisible Addicts” The changing face of alcohol and drug addiction

Dr Tony Rao, Consultant Old Age Psychiatrists, South London and Maudsley NHS Foundation Trust

Frightened, alone and away from home” Personal experience of drug addiction and co-morbid mental disorder

Rachel Bannister, Expert by Experience

Clinical Practice

S11 Perinatal Suicide: A Global Issue

Chair: Dr Joanne Black, Devon Partnership NHS Trust

Suicidality in the Perinatal Period: A Service-User Perspective

Expert by experience

Suicide in Women with Perinatal Mental Disorders

Dr Karyn Ayre, Section of Women’s Mental Health (SWMH), Health Service and Population Research Department, Institute of Psychiatry, Psychology & Neuroscience, King’s College London and South London and Maudsley NHS Foundation Trust

Perinatal Suicide in Low and Middle-Income Countries

Dr Gertrude Seneviratne, South London and Maudsley NHS Foundation Trust

11.25 – 11.50

Coffee

11.55 – 13.10

New Science

S12 Neurobiology and treatment of addictions: from substances to behaviours

Chair: Prof Julia Sinclair, Department of Psychiatry, University of Southampton

Alcohol use disorder as the archetypal addiction: definitions, neural circuitry, and evidence-based treatment

Prof Anne Lingford-Hughes, Division of Psychiatry, Imperial College London

From recreational gambling, to problem gambling, to gambling disorder: how does it progress and when should we intervene?

Professor Jon Grant, Department of Psychiatry, University of Chicago

The role of technology in addiction

Dr Samuel Chamberlain, Department of Psychiatry, University of Cambridge

Disorders at the interface of neurology and psychiatry

TC2 New findings in functional neurological disorders

Chair: Dr Jon Stone, Professor of Neurology, Centre for Clinical Brain Sciences, University of Edinburgh

Cognitive Behavioural Therapy for Dissociative Seizures: the CODES trial outcome data

Professor of Neuropsychology, Institute of Psychiatry, Psychology and Neuroscience

Functional cauda equine syndrome

Dr Ingrid Hoeritzauer, Centre for Clinical Brain Sciences, University of Edinburgh

Psychopharmacology

S13 Maternal Affective Disorders and Neonatal-Infantile development

Chair: Dr Angelika Wieck, Greater Manchester Mental Health NHS Foundation Trust

Influence of maternal depression on foetal growth and neonatal neurobehavioural development

Stress, Psychiatry and Immunology Lab, Department of Psychological Medicine, Kings College London

Review of the evidence regarding the possible association between autism spectrum disorders and in utero SSRI exposure

Professor Ian Jones, Institute of Psychological Medicine and Clinical Neuroscience, Cardiff University

Prescription of valproate-containing medicines in women of childbearing potential with psychiatric disorders – is it worth the risk?

Professor David Baldwin, Faculty of Medicine, University of Southampton

11.55 – 13.10	<p>Policy and Media</p> <p>S14 Talking about mental health in the media: platforms, pitfalls, and new directions</p> <p>Chair: Dr Niall Boyce, Editor, The Lancet Psychiatry</p> <p>Scientific journals and social media: an unhappy marriage? The British Journal of Psychiatry</p> <p>Facilitating democratic conversations about mental health research: welcome to the woodland! André Tomlin, The Mental Elf</p> <p>“Why on earth would you want to do that?”: One psychiatrist’s experience of writing for the mainstream media Dr Mariam Alexander, West London NHS Trust</p>
	<p>Clinical Practice</p> <p>S15 Trauma, Suicide and Resilience: Lessons from War for Civilian Care</p> <p>Chair:</p> <p>From UK Military Mental Health to Civilian Care: Lessons Across Populations Professor (Sir) Simon Wessely, Institute of Psychiatry, Psychology & Neuroscience, King’s College London</p> <p>Australian Military Mental Health, PTSD and Suicide: How Does Risk Change Over Time Professor David Forbes, Phoenix Australia-Centre for Posttraumatic Mental Health, Department of Psychiatry, University of Melbourne</p> <p>Trauma and Stress Disorders in the US Military: Learning more about PTSD, Suicide and TBI Professor Robert J Ursano, Center for the Study of Traumatic Stress, Uniformed Services University School of Medicine, Bethesda, Maryland USA</p>
13.10 – 14.00	Lunch
13.35 – 14.00	Rapid fire presentations
14.05 – 14.35	<p>Keynote</p> <p>KN8</p> <p>Professor Michael Meaney, Professor of Medicine, McGill University</p>
14.35 – 15.05	<p>Keynote</p> <p>KN9</p> <p>Professor David Nutt, Professor of Neuropsychopharmacology, Imperial College London</p>

15.10 – 16.25

New science

S16 MDMA, psilocybin, and cannabis - the future sound of psychiatry

Chair: Professor Rupert Mcshane, Oxford Health NHS Foundation Trust and Department of Psychiatry

Medical cannabis: The future is green

Dr Chloe Sakal, Drug Science

MDMA therapy for treating alcoholism

Dr Ben Sessa, Imperial College London

Psilocybin therapy for treating depression

Dr Tim Williams, Clinical Director AWP

Disorders at the interface of neurology and psychiatry

TC2 New findings in neurodegeneration

Chair: Prof Alan Carson, Professor of Neuropsychiatry, Centre for Clinical Brain Sciences, University of Edinburgh

What's new in prion disease

Reader in Biochemistry, Centre for Clinical Brain Sciences, National CJD Research and Surveillance Unit, University of Edinburgh

Genetic therapies in neurodegenerative diseases

Dr Edward Wild, UCL Huntington's Disease Centre, University College London

Psychopharmacology

S17 Monoamine oxidase inhibitors (MAOIs) in treatment-resistant depression and anxiety disorders: time for a reconsideration?

Chair: Dr Samuel Chamberlain, Department of Psychiatry, University of Cambridge

Is there still a role for MAOI treatment in patients with treatment-resistant depression?

Institute of Psychiatry, Psychology and Neuroscience, King's College London
Kings College London

When might MAOI treatment be an option in patients with anxiety (or anxiety-related) disorders?

Professor David Baldwin, Faculty of Medicine, University of Southampton

How to balance potential benefit and risk when developing guidance on potential MAOI treatment.

Dr Antonio Metastasio, Camden and Islington NHS Foundation Trust

15.10 – 16.25

Policy and media

S18 Mental Health Law Reform and Human Rights: Can Scotland lead the world in proposed reforms?

Chair: Professor of Mental Health & Capacity Law, Edinburgh Napier University

The Alternative Review of the Mental Health Act (England): Challenges for Scotland to do better

Akiko Hart, Chief Executive Officer, National Survivor User Network

What could be achieved in the review of Scotland's act and what should we learn (or not) from other jurisdictions' Acts and the English Independent Review?

Medical Director, Mental Welfare Commission for Scotland

The review of the Scottish Mental Health Act: Interim Report and progress

Colin McKay, Review Executive Committee Member & Chief Executive, Mental Welfare Commission

Clinical Practice

MC2 Recognising and treating mental illness in medical students and doctors

Chair: Professor Sir Simon Wessely, Professor of Psychiatry, KCL

A psychiatrist's experience of his own mental illness

Consultant in Neuropsychiatry, Birmingham and Solihull Mental Health Foundation Trust, Hon. Professor of Neuropsychiatry, University of Birmingham

A medical student's experience of his own mental illness

Mr Usama Ali, Medical Student, Imperial College London

How medical students and doctors can access help and treatment for mental illness

Clare Gerada, MD of NHS Practitioner service

16.25 – 16.45

Tea

16.50 – 18.05

New science

S19 Adversity and the Brain in Psychosis – new understandings of mechanisms

Chair: Professor Anthony David, Director, UCL Institute of Mental Health, London

Social adversity, Salience processing and Dopamine

Dr Rob McCutcheon, Academic Clinical Lecturer, Department of Psychosis Studies, Institute of Psychiatry, Psychology and Neuroscience, KCL, London

Structural Brain changes mediate the association between environmental risk factors and psychotic experiences in young people

Dr Kate Merritt, Research Fellow, University College London

Social stress and Proteomic prediction models for transition to psychosis in the At Risk Mental State

Professor David Cotter, Professor of Molecular Psychiatry, Royal College of Surgeons in Ireland

Adversity and the Brain in Psychosis – future directions for research

Professor Avi Reichenberg, Professor of Psychiatry and Environment and Public Health, Icahn School of Medicine at Mount Sinai, New York and Reader in Epidemiology, Department of Psychosis Studies Institute of Psychiatry, Psychology and Neuroscience, London

Disorders at the interface of neurology and psychiatry

TC2 Traumatic Brain Injury

Chair: Prof Jon Stone, Professor of Neurology, Centre for Clinical Brain Sciences, University of Edinburgh

Do footballers get more dementia?

Daniel Mackay, University of Glasgow

A clinical approach to traumatic brain injury patients

Prof Alan Carson, Centre for Clinical Brain sciences, University of Edinburgh

Psychopharmacology

S20 Ketamine: new trial data and use in practice

Chair: Prof Rupert McShane, Oxford Health NHS Foundation Trust and Dept Psychiatry, University of Oxford

Ketamine to prevent Alcohol Relapse (KARE): an MRC funded study in Exeter and UCL

Professor Celia Morgan, Professor of Psychopharmacology, Exeter University

Open label extension data from an RCT of daily oral esketamine from Netherlands

Prof Robert Schoevers, Department of Psychiatry, University of Groningen, Netherlands

Use of ketamine and related antidepressants in UK

Prof Rupert McShane, Oxford Health NHS Foundation Trust and Dept Psychiatry, University of Oxford

Tuesday 30 June

16.50 – 18.05

Policy and media

S21 Social Media and Mental Health in Young People

Chair: Nikki Nabavi, University of Manchester

Online Risks for the Mental Health of Young People

Dr Jon Goldin, FRCPsych, Consultant Child and Adolescent Psychiatrist, Specialty Lead DCAMH, Joint Training Programme Director, Vice-Chair CAP Faculty, RCPsych, Honorary Senior Lecturer at the Institute of Child Health

Net gains?? Exploring the brighter side of social media and young people's mental health

Dr James Woollard, Chief Clinical Information Officer and Consultant Child and Adolescent Psychiatrist, Oxleas NHS Foundation Trust. National Specialty Advisor in Digital Mental Health, NHS England and Improvement

Lived experience of being online and in the public eye

TBC

18.10 – 19.00

Film screening and Q and A – Magic Medicine: Can Magic Mushrooms Cure Depression

Professor David Nutt

8.00	Registration and coffee
8.30 – 9.00	<p>Keynote KN10 APA President</p>
9.00 – 9.30	<p>Keynote KN11</p>
9.40 – 10.55	<p>New Science S23 Genetic disorders: applying science in clinical practice Chair: Dr Kate Lovett, Dean, Royal College of Psychiatrists</p> <p>Alzheimer’s Disease in Down Syndrome: a Genetic Condition with Variable Onset Prof. Andre Strydom, Professor of Intellectual Disabilities</p> <p>Genetic Testing in Clinical Practice: Towards a Cross-disciplinary Framework Consultant Psychiatrist in Intellectual Disability, Forensic Network Clinical Lead for Intellectual Disabilities</p> <p>Single Gene Disorders: Relevance to Patients, Families, and Clinicians Dr Lindsay Mizen, Consultant Psychiatrist West Lothian Community Learning Disability Team, Senior Clinical Research Fellow University of Edinburgh</p> <p>Developmental S24 Dimensional and Categorical Psychopathology in Youth: Cognitive and Brain Imaging Findings Chair: Prof. Sophia Frangou, Research Chair in Brain Health, University of British Columbia, Canada and Professor of Psychiatry, Icahn School of Medicine at Mount Sinai, USA</p> <p>Brain correlates of psychopathology in children growing up in social disadvantaged or enriched environments Prof. Sophia Frangou, Research Chair in Brain Health, University of British Columbia, Canada and Professor of Psychiatry, Icahn School of Medicine at Mount Sinai, USA</p> <p>The course of anhedonia in depression: insights from a multi-modal, longitudinal neuroimaging study Dr Argyris Stringaris, Chief, Mood Brain & Development Unit, National Institute of Mental Health and Professor of Clinical Psychiatry, Georgetown University, USA</p> <p>Trajectory of brain structural development in young individuals at familial risk of mood disorder? Dr Heather Whalley, Reader in Psychiatry, Division of Psychiatry, University of Edinburgh</p>

9.40 – 10.55

Quality Improvement

S25 Improving quality and reducing variation in mental health services

Chair: Dr Sarah Markham, Visiting Researcher, Department of Biostatistics & Health Informatics, Institute of Psychiatry, Psychology & Neuroscience

Inside the National Institute for Health and Care Excellence: Reflections from a NICE Scholarship

Dr. Howard Ryland, NIHR Doctoral Research Fellow, University of Oxford, Honorary Consultant Forensic Psychiatrist, Oxford Health NHS Foundation Trust

No Quality without Equality! Advancing Mental Health Equality to improve outcomes for all

Dr Shubulade Smith, Consultant Psychiatrist and Senior Lecturer, Clinical Director, Forensic Services, South London and Maudsley NHS Foundation Trust (SLaM) and Clinical Director National Collaborating Centre for Mental Health (NCCMH), Royal College of Psychiatrists

Getting It Right First Time in Rehabilitation: A National Programme Supporting Transforming Lives

Dr Sridevi Kalidindi, Consultant Psychiatrist in Rehabilitation & Recovery SLaM NHS FT, National Clinical Lead, Getting It Right First Time (GIRFT) Mental Health Rehabilitation, NHS England & Innovation (NHSE&I), NHSE Clinical Entrepreneur, NHSE&I and Visiting Senior Clinical Lecturer, Institute of Psychiatry, Psychology and Neuroscience (IOPPN)

Education and Training

S26 Lead us not into error - wisdom from statistics reviewers

Chair: Eva Petkova, PhD, Professor, New York University Grossman School of Medicine, New York, NY, USA and Senior Researcher, Nathan Kline Institute for Psychiatric Research, Orangeburg, NY, USA

Machine learning for psychiatric research: Current reality and future prospects

Melanie Wall, PhD, Professor, Department of Biostatistics, Mailman School of Public Health and Director of Mental Health Data Science in the Department of Psychiatry, Columbia University Medical Center and the New York State Psychiatric Institute

Latent variables and structural equation modelling for contemporary mental health research

Irini Moustaki, PhD, Professor, London School of Economics & Political Science

Lying with statistics

Steve Kisely, MD, PhD, DMedRes, Professor, Professor, Discipline of Psychiatry, School of Medicine, The University of Queensland

<p>9.40 – 10.55</p>	<p><i>Clinical Practice</i></p> <p>S27 Optimising psychotropic medication: making rational medication decisions</p> <p>Chair: Professor Angela Hassiotis, UCL Division of Psychiatry and Camden and Islington Foundation NHS Trust</p> <p>The clinical and ethical imperative to optimise medication use</p> <p>Dr Rory Sheehan, University College London and East London NHS Foundation Trust</p> <p>Challenges to making medication decisions</p> <p>Dr Dheeraj Rai, Consultant Senior Lecturer in Psychiatry, University of Bristol</p> <p>Multi-stakeholder solutions to achieve medication optimisation</p> <p>Dr Rohit Shankar MBE, Consultant in Adult Developmental Neuropsychiatry Cornwall Partnership NHS Foundation Trust & Associate Professor (Hon.)/Senior Clinical Lecturer, University of Exeter Medical School</p>
<p>10.55 – 11.25</p>	<p>Coffee</p>
<p>11.30 – 12.45</p>	<p><i>New science</i></p> <p>S28 Can we PREVENT dementia?</p> <p>Chair: Prof John O'Brien, Department of Psychiatry, University of Cambridge</p> <p>Can we prevent dementia?</p> <p>Prof Craig Ritchie, Centre for Clinical Brain Sciences, University of Edinburgh</p> <p>Can imaging detect changes 20 years before dementia onset?</p> <p>Prof John O'Brien, Department of Psychiatry, University of Cambridge</p> <p>Virtual reality as a putative tool for the early diagnosis of dementia</p> <p>Ms Coco Newton, Department of Psychiatry, University of Cambridge</p> <p><i>Developmental</i></p> <p>MC3 De-prescribing psychotropic medication – learning from a tale of two countries</p> <p>Chair: Dr. Ken Courtenay, Chair, Faculty of Psychiatry of Intellectual Disability, Royal College of Psychiatrists</p> <p>The patient experience</p> <p>Phillip Wills</p> <p>The Dutch experience</p> <p>Dr Gerda de Kuyper, MD, intellectual disability physician, Centre for Intellectual Disability and Mental Health GGZ Drenthe, Assen, the Netherlands/senior researcher University Medical Centre Groningen/department psychiatry, the Netherlands</p> <p>The UK experience</p> <p>Dr Rohit Shankar MBE, FRCPsych Consultant in Adult Developmental Neuropsychiatry Cornwall Partnership NHS Foundation Trust & Associate Professor (Hon.)/Senior Clinical Lecturer University of Exeter Medical School</p>

Education and training**S30 The Changing Landscape of Publishing and Plan S -- Where Should I Publish – A Guide for Students, Trainees, and Junior/Senior Researchers**

Chair: Professor Kenneth R. Kaufman, AM, MD, FRCPsych, DLFAPA, FAES; Professor of Psychiatry, Neurology and Anaesthesiology, Rutgers Robert Wood Johnson Medical School; New Jersey, USA; Visiting Professor, Department of Psychological Medicine, Institute of Psychiatry, Psychology and Neuroscience, King's College London; London, UK

Getting published: practice tips for students, trainees, and tenacious researchers

Professor Kamaldeep S. Bhui, CBE, MBBS, MSc, MD, FRCPsych; Professor of Cultural Psychiatry & Epidemiology, Centre Lead for Psychiatry, Wolfson Institute of Preventive Medicine, Hon. Consultant Psychiatrist, East London Foundation Trust, Barts & The London School of Medicine & Dentistry, Queen Mary University of London

Predatory journals and dubious publishers: how to avoid being their prey

Professor Steve Kisely, MD, MSc, PhD, FRCPsych, FRANZCP, FFPH, FAFPHM, FACHAM; Professor, Discipline of Psychiatry, School of Medicine, The University of Queensland, Australia and Professor of Psychiatry, Community Health and Epidemiology, Dalhousie University, Canada; Brisbane, Australia

RCPsych – Cambridge University Press portfolio: an update on quality open access journals

Professor Kenneth R. Kaufman, AM, MD, FRCPsych, DLFAPA, FAES; Professor of Psychiatry, Neurology and Anaesthesiology, Rutgers Robert Wood Johnson Medical School; New Jersey, USA; Visiting Professor, Department of Psychological Medicine, Institute of Psychiatry, Psychology and Neuroscience, King's College London

The changing landscape of publishing and Plan S

Ms. Ann Avouris, BA; Executive Publisher, Journals at Cambridge University Press; New York, USA

Clinical Practice**S31 Psychotherapy Practice: UK and US Perspectives**

Chair: Dr Ken Busch, Assembly of the American Psychiatric Association

Psychotherapy training in psychiatry in the UK and the US

Dr Jessica Yakeley, Tavistock and Portman NHS Foundation Trust, London

The Royal College of Psychiatrists Medical Student Psychotherapy Scheme Strategy

Dr Sarah Majid, Tavistock and Portman NHS Foundation Trust, London

Psychotherapy with the LGBT population in the US

Dr James R. Batterson, UMKC School of Medicine, Immediate Past Speaker, Assembly of the American Psychiatric Association

Comparing and contrasting perspectives on psychotherapy in psychiatry from both sides of the Atlantic

Dr Joseph Napoli, Speaker-Elect, Assembly of the American Psychiatric Association

11.30 – 13.40	<p>Education and training</p> <p>S32 Research training: a session for medical students, FY doctors, and psychiatry trainees (followed by a networking lunch)</p> <p>Chair: Dr Kate Lovett, Royal College of Psychiatrists</p> <p>The whys and wherefores of research training.</p> <p>Prof Tamsin Ford, Department of Psychiatry, University of Cambridge</p> <p>How to publish: (crystal clear) points means prizes. Writing abstracts and posters</p> <p>Dr Sam Chamberlain, Department of Psychiatry, University of Cambridge</p> <p>Navigating the submission maze: what do publishers look for in a good paper?</p> <p>Dr Niall Boyce, Editor-in-Chief of The Lancet Psychiatry</p>
12.45 – 13.45	Lunch
13.20 – 13.45	Rapid Fire Presentations
13.50 – 14.00	<p>Keynote</p> <p>KN12 Chief Executive's Address</p> <p>Paul Rees, Chief Executive of the Royal College of Psychiatrists</p>
14.00 – 14.30	<p>Keynote</p> <p>KN13</p> <p>Professor Alan Carson, Consultant Neuropsychiatrist and Honorary Clinical Senior Lecturer</p>
14.30 – 15.45	<p>New science</p> <p>S33 Recent advances in dementia</p> <p>Chair: Prof John O'Brien, Department of Psychiatry, University of Cambridge</p> <p>Watch your step: Potential clinical applications of gait analysis in dementia</p> <p>Dr Riona Mc Ardle, Newcastle University</p> <p>New insights from Epigenetics: DNA methylation alterations in Lewy Body Dementia</p> <p>Dr Leo Chouliaras, Department of Psychiatry, University of Cambridge</p> <p>Improving the diagnosis and management of Lewy body dementia: The DIAMOND-Lewy study</p> <p>Prof John O'Brien, Department of Psychiatry, University of Cambridge</p> <p>Quality Improvement</p> <p>S35 A National Quality Improvement Collaborative: Reducing Restrictive Practice</p> <p>Chair: Tom Ayers, National Collaborating Centre for Mental Health</p> <p>Saiqa Akhtar, NCCMH, Quality Improvement Coach</p> <p>Kate Lorrimer, NCCMH, Quality Improvement Coach</p>

14.30 – 15.45

Clinical Practice

MC4 Reconceptualising “Treatment Resistant Depression” as “Difficult to Treat Depression”: Why is this important and what are the implications for patient management?

Chair: Dr Andreas Papadopoulos, Somerset Partnership NHS Foundation Trust

Why “difficult to treat depression” rather than “treatment resistant depression”

Dr Koen Demyttenaere, University Psychiatric Center KU Leuven

How to manage difficult to treat depression

Professor Hamish McAllister-Williams, Newcastle University

Treatment of other sleep problems

TBC

15.45 – 16.10

Tea

16.10 – 17.25

Developmental

MC5 Attention deficit hyperactivity disorder (ADHD) in university students

Chair: Philip Asherson, King’s College London

Assessment, research findings & reasonable adjustments

Jane Sedgwick-Müller, King’s College London

Pharmacological treatment of ADHD

Philip Asherson, King’s College London

Service models & management of co-morbidity

Ulrich Müller-Sedgwick, Barnet Enfield & Haringey Mental Health NHS Trust & University of Cambridge

Quality Improvement

S37 Improving sexual safety in mental health inpatient settings

Chair: Vanessa Ford, South West London and St George’s Mental Health NHS Trust

Sally Smith

Jessica Barrett, Lead Researcher and Developer, National Collaborating Centre for Mental Health

Improving sexual safety in mental health inpatient settings: A National Quality Improvement Collaborative

Dr Matthew Milarski, Quality Improvement Coach, National Collaborating Centre for Mental Health

16.10 – 17.25

Education and training

S38 Personalised Training - a guide for trainers and trainees

Chair: Dr Chris O'Loughlin, Head of School East of England

Taking the lead – the trainee's role in personalised training

Royal Navy – Institute of Naval Medicine, South London & Maudsley NHS Foundation Trust

Supporting International Graduates – using personalised training to address differential attainment

Dr Saadia Alvi, Speciality Training Registrar, South Yorkshire.

International Medical Graduates representative to Royal College

Dr Charlotte Blewett Consultant Psychiatrist in Student Mental Health and Old Age Psychiatry, Sheffield Health and Social Care NHS Foundation Trust

Clinical Practice

S39 Addressing substance misuse in LGBT+ communities

Chair: Dr Maire Cooney, Consultant in Rehabilitation Psychiatry Grater Clyde and Glasgow NHS Trust

The use of novel stimulants in the general population and LGBT+ community
