CASES IN WHICH MEDICAL PUBLICATIONS ARE QUOTED OR SUBJECT TO LEGAL ANALYSIS

Cautionary note: Occasionally experts rely on publications which are constantly updated which means that the version currently accessible may not be the one that existed at the time of the trial. Although it will be valuable to be directed to the latest research, it may be difficult to understand the analysis of the literature at the time of the trial.

A v Secretary of State for the Home Department (Turkey) **[2003] UKIAT 00061**
