Healthcare Quality  
Improvement Partnership

Many thanks to Hwyl for permission to use the cover artwork. Hwyl is an art project run by Dementia Matters in Powys (DMiP) and Arts Alive Wales based at the Brecon War Memorial Hospital. The project focuses on working with elderly patients on hospital wards, with their families, carers, the ward staff and artists on a weekly basis.

With thanks to Rhiannon Davies (DMiP) and Tessa Waite (Arts Alive Wales).

Introduction to the appendices .....	2
Appendix A: Organisational checklist data .....	3
Appendix B: Patient demographics .....	15
Appendix C: Casenote audit data .....	19
Appendix D: Carer demographics .....	28
Appendix E: Carer questionnaire data .....	29
Appendix F: Staff demographics .....	32
Appendix G: Staff questionnaire data .....	34
Appendix H: Verbatim staff suggestions for your hospital, presented by job role .....	40

## Introduction to the appendices

This is the appendices for your local report. Your local report is in a separate document. The appendices present data from Round 3 of the National Audit of Dementia, both at a national level and for your hospital. Data for your hospital in Round 2 is also shown where applicable. When comparing Round 2 data with Round 3 data, please be aware that differences in sample sizes and slight wording changes to some questions, can affect results in both rounds. Therefore, conclusions made from comparing the data should be with caution. Hospitals with less than five returns for the carer or staff questionnaires have not received any data and returns of 5 to 9 questionnaires have not received demographic information. The table below shows how the data tables in the appendices are laid out and what information you can find in each cell.

Std no. [Type]	Question number and text		National audit Round 3: % Num/Den	Your hospital Round 3: % Num/Den	Your hospital Round 2: % Num/Den
Standard reference and type. Standards document can be found on the <a href="#">audit website</a> .	Question number. Orange items in the casenote audit appendix show low inter-rater reliability.	Question wording as in tool.	The national audit refers to all hospitals from England and Wales that participated in the Round 3 audit.	Data for your hospital from Round 3.	If the same question or a similar question was asked in Round 2, we have provided your Round 2 response for comparison. The carer and staff questionnaires are new tools and therefore this column has been excluded in these appendices.
			We have provided the percentage 'yes' response (unless otherwise indicated) and the numerator/denominator. The denominator will change throughout the appendices, depending on whether questions were routed (not asked in some instances), 'N/A' responses were chosen (these have been excluded from the analyses), or where staff and carers did not respond.		

For the organisational checklist, data from 199 hospitals are included in the national audit column (all the registered participants).

195 hospitals participated in the casenote audit, returning 10047 casenotes and this is shown in the national audit column. The national audit column for the casenote audit also shows the median and the inter quartile range for each question (where applicable). Question items which were found to have lower agreement in the inter-rater reliability analysis (see audit [website](#)) have been coloured orange.

196 hospitals returned carer questionnaires. Data from all questionnaires (4664) is presented in the carer questionnaire data tables in Appendix E.

198 hospitals returned staff questionnaires. Data from all questionnaires (14416) is presented in Appendix G. For some questionnaire items, the data for the two most positive answers have been combined, as well as being presented separately. This is provided both at a national level and for your hospital.

# Appendix A: Organisational checklist data

## Governance and delivery of care

Std no. [Type]	Question number and text	National audit Round 3: % Num/Den	Your hospital Round 3: % Num/Den	Your hospital Round 2: % Num/Den	
4.1 [2]	1	A care pathway or bundle for patients with dementia is in place:			
		Yes	<b>60.8%</b> 121/199	<b>Yes</b>	Yes
		In development	<b>26.1%</b> 52/199		
4.2 [2]	1a	<i>(If Q1=Yes or In development)</i> A senior clinician is responsible for implementation and/ or review of the care pathway: (y/n)	<b>97.1%</b> 168/173	<b>Yes</b>	Yes
4.1 [2]	1b	<i>(If Q1=Yes or In development)</i> The dementia care pathway/ bundle is integrated within or linked to the following care pathways:			
		Delirium			
		Yes	<b>65.9%</b> 114/173	<b>Yes</b>	New question for Round 3
		Pathway in development	<b>26.6%</b> 46/173		
		Stroke			
		Yes	<b>32.9%</b> 57/173	<b>Yes</b>	New question for Round 3
		Pathway in development	<b>21.4%</b> 37/173		
		Fractured neck of femur			
		Yes	<b>43.6%</b> 75/172	<b>Yes</b>	New question for Round 3
		Pathway in development	<b>24.4%</b> 42/172		
4.7 [2]	2	The Executive Board regularly reviews information collected on:			
	2a	Re-admissions, in which patients with dementia can be identified in the total number of patients re-admitted (y/n)	<b>31.7%</b> 63/199	<b>Yes</b>	No
	2b	Delayed discharge/ transfers, in which patients with dementia can be identified in the total number of patients with delayed discharge/ transfers (y/n)	<b>31.7%</b> 63/199	<b>Yes</b>	No
4.4 [2]	3	The Executive Board regularly reviews the number of in-hospital falls and the breakdown of the immediate causes, in which patients with dementia can be identified (y/n)	<b>60.3%</b> 120/199	<b>Yes</b>	Yes

Std no. [Type]	Question number and text	National audit Round 3: % Num/Den	Your hospital Round 3: % Num/Den	Your hospital Round 2: % Num/Den	
4.5 [2]	4	The Executive Board regularly receives feedback from the following:			
	4a	Clinical Leads for older people and people with dementia including Modern Matrons/ Nurse Consultant (y/n)	<b>84.9%</b> 169/199	<b>Yes</b> Yes	
	4b	Complaints – analysed by age (y/n)	<b>52.3%</b> 104/199	<b>Yes</b> Yes	
	4c	Patient Advice and Liaison Services (PALS) – in relation to the services for older people and people with dementia (y/n/na (hospitals in Wales))	<b>58.6%</b> 106/181	<b>Yes</b> Yes	
	4d	Patient/ public forums or local Healthwatch – in relation to services for older people and people with dementia (y/n)	<b>67.3%</b> 134/199	<b>Yes</b> Yes	
4.11 [2]	5	There are champions for dementia at:			
	5a	Directorate level (y/n)	<b>81.9%</b> 163/199	<b>Yes</b> Yes	
	5b	Ward level (y/n)	<b>93.5%</b> 186/199	<b>Yes</b> Yes	
N4a [3]	6	Dementia specialist nurses are employed in line with Royal College of Nursing guidance (there is at least one full time dementia specialist nurse for every 300 admissions of people with dementia per year): (y/n)	This question is not reported on as feedback showed hospitals found it difficult to interpret.		
N4b [3]	7	Has a strategy or plan for carer engagement been produced (e.g. using Triangle of Care self-assessment tool)? (y/n)	<b>76.9%</b> 153/199	<b>Yes</b> New question for Round 3	
	8	<i>(If Q7=Yes)</i> Is implementation of the strategy or plan scheduled for review?			
		Yes, more than once a year	<b>41.2%</b> 63/153	<b>Yes, less than once a year</b>	New question for Round 3
		Yes, once a year	<b>34.6%</b> 53/153		
Yes, less than once a year	<b>20.3%</b> 31/153				

Std no. [Type]	Question number and text	National audit Round 3: % Num/Den	Your hospital Round 3: % Num/Den	Your hospital Round 2: % Num/Den	
N4c [3]	9	A Dementia Working Group is in place and reviews the quality of services provided in the hospital: (y/n)	<b>93.5%</b> 186/199	<b>Yes</b>	New question for Round 3
	9a	<i>(If Q9=Yes)</i> The group meets:			
		Annually	<b>0.5%</b> 1/186	<b>Monthly</b>	New question for Round 3
		Bi-annually	<b>0.5%</b> 1/186		
		Quarterly	<b>30.1%</b> 56/186		
		Six-weekly	<b>4.3%</b> 8/186		
		Monthly	<b>33.3%</b> 62/186		
		Bi-monthly	<b>29%</b> 54/186		
		Weekly	<b>0.5%</b> 1/186		
		Unknown	<b>1.6%</b> 3/186		
	9b	<i>(If Q9=Yes)</i> The group includes:			
		Healthcare professionals	<b>100%</b> 186/186	√	New question for Round 3
		Organisations e.g. Alzheimer's Society	<b>64%</b> 119/186	-	
Carer/ service user representation	<b>66.1%</b> 123/186	√			
N7a [3]	10	Ward staffing levels (nurses, midwives and care staff) are made available for the public to view on a monthly basis: (y/n)	<b>88.4%</b> 176/199	<b>Yes</b>	New question for Round 3
	11	An evidence-based tool is used for establishing ward staffing levels: (y/n)	<b>99%</b> 197/199	<b>Yes</b>	New question for Round 3
3.7 [1]	12	Protected mealtimes are established in all wards that admit adults with known or suspected dementia: (y/n)	<b>98%</b> 195/199	<b>Yes</b>	Yes
	12a	<i>(If Q12=Yes)</i> Wards' adherence to protected mealtimes is reviewed and monitored: (y/n)	<b>88.7%</b> 173/195	<b>Yes</b>	Yes
3.8 [1]	13	The hospital has in place a scheme/ programme which allows identified carers of people with dementia to visit at any time including at mealtimes (e.g. Carer's Passport): (y/n)	<b>88.9%</b> 177/199	<b>Yes</b>	New question for Round 3

## Discharge and transfer monitoring

Std no. [Type]	Question number and text		National audit Round 3: % Num/Den	Your hospital Round 3: % Num/Den	Your hospital Round 2: % Num/Den
N5a [3]	14	Instances where less than 24 hours notice of discharge has been given to carers or family are compiled and reported to the Executive Board:			
		Yes, within the past 6 months	<b>4%</b> 8/199	<b>Yes, within the past year</b>	New question for Round 3
		Yes, within the last year	<b>1.5%</b> 3/199		
N3c [3]	15	Instances of night time bed moves (i.e. between the evening meal and breakfast the next morning) are noted and reported at Executive Board level: (y/n)	<b>38.2%</b> 76/199	<b>Yes</b>	New question for Round 3

## Use of personal information documents

Std no. [Type]	Question number and text		National audit Round 3: % Num/Den	Your hospital Round 3: % Num/Den	Your hospital Round 2: % Num/Den
1.14 [1]	16	There is a formal system (pro-forma or template) in place in the hospital for gathering information pertinent to caring for a person with dementia: (y/n)	<b>98.5%</b> 196/199	<b>Yes</b>	Yes
	17a	<i>(If Q16=Yes)</i> Information collected by the pro-forma includes personal details, preferences and routines: (y/n)	<b>100%</b> 196/196	<b>Yes</b>	Yes
	17b	<i>(If Q16=Yes)</i> Information collected by the pro-forma includes reminders or support with personal care: (y/n)	<b>98.5%</b> 193/196	<b>Yes</b>	Yes
	17c	<i>(If Q16=Yes)</i> Information collected by the pro-forma includes recurring factors that may cause or exacerbate distress: (y/n)	<b>100%</b> 196/196	<b>Yes</b>	Yes
	17d	<i>(If Q16=Yes)</i> Information collected by the pro-forma includes support or actions that can calm the person if they are agitated: (y/n)	<b>99%</b> 194/196	<b>Yes</b>	Yes
1.15 [3]	17e	<i>(If Q16=Yes)</i> Information collected by the pro-forma includes life details which aid communication: (y/n)	<b>99.5%</b> 195/196	<b>Yes</b>	Yes
1.14 [1]	18	<i>(If Q16=Yes)</i> Information collected by the pro-forma includes how the person with dementia communicates with others/ understands communication: (y/n)	<b>99.5%</b> 195/196	<b>Yes</b>	New question for Round 3

Std no. [Type]	Question number and text		National audit Round 3: % Num/Den	Your hospital Round 3: % Num/Den	Your hospital Round 2: % Num/Den
1.14 [1]	19	(If Q16=Yes) The form prompts staff to approach carers or relatives to collate necessary information: (y/n)	<b>93.4%</b> 183/196	<b>Yes</b>	Yes
20	Documenting use of personal information in practice: Hospitals selected three wards ( <b>not</b> mental health wards) which had the highest admissions of people with dementia. 10 patients in these wards were checked to see if the personal information document was present. Included were patients with dementia who needed a personal information document such as "This is Me" (any patients with dementia who did not require a personal information document were excluded).				
	Ward 1:		<b>Larch</b>		New question for Round 3
	Ward 2:		<b>Juniper</b>		
	Ward 3:		<b>Palm</b>		
	Number of patients checked:		-	<b>10</b>	New question for Round 3
	Range		<b>0-40</b>	-	-
	Median		<b>10</b>	-	-
	Number of these patients where the information was present:		-	<b>8</b>	New question for Round 3
	Percentage of patients where the information was present:		-	<b>80%</b>	New question for Round 3
	Range		<b>0-100%</b>	-	-
	Mean		<b>49%</b>	-	-
Median		<b>50%</b>	-	-	

## Recognition of dementia

Std no. [Type]	Question number and text		National audit Round 3: % Num/Den	Your hospital Round 3: % Num/Den	Your hospital Round 2: % Num/Den
9.3 [1]	21	There is a system in place across the hospital that ensures that all staff in the ward or care area are aware of the person's dementia or condition and how it affects them: (y/n)	<b>90.5%</b> 180/199	<b>Yes</b>	Yes

Std no. [Type]	Question number and text	National audit Round 3: % Num/Den	Your hospital Round 3: % Num/Den	Your hospital Round 2: % Num/Den	
9.3 [1]	<i>(If Q21=Yes)</i> Please say what this is:				
	21a	A visual indicator, symbol or marker	<b>91.1%</b> 164/180	√	A visual indicator, symbol or marker
		Alert sheet or electronic flag	<b>23.9%</b> 43/180	-	
		A box to highlight or alert dementia condition in the notes or care plan	<b>33.9%</b> 61/180	√	
		Other	<b>18.9%</b> 34/180	-	
	22	There is a system in place across the hospital that ensures that staff from other areas are aware of the person's dementia or condition whenever the person accesses other treatment areas: (y/n)	<b>70.4%</b> 140/199	<b>Yes</b>	Yes
	22a	<i>(If Q22=Yes)</i> Please say what this is:			
		A visual indicator, symbol or marker	<b>87.1%</b> 122/140	√	A visual indicator, symbol or marker
		Alert sheet or electronic flag	<b>18.6%</b> 26/140	-	
		A box to highlight or alert dementia condition in the notes or care plan	<b>20.7%</b> 29/140	√	
Other	<b>17.9%</b> 25/140	-			
9.13 [2]	23	The dementia lead or dementia working group collates feedback from carers on the written and verbal information provided to them: (y/n)	<b>81.9%</b> 163/199	<b>Yes</b>	New question for Round 3

## Training, learning and development

Std no. [Type]	Question number and text	National audit Round 3: % Num/Den	Your hospital Round 3: % Num/Den	Your hospital Round 2: % Num/Den	
7.2 [2]	24	There is a training and knowledge framework or strategy that identifies necessary skill development in working with and caring for people with dementia: (y/n)	<b>95.5%</b> 190/199	<b>Yes</b>	Yes

Std no. [Type]	Question number and text	National audit Round 3: % Num/Den	Your hospital Round 3: % Num/Den	Your hospital Round 2: % Num/Den	
7.4 [2]	25	The following questions are about training that is provided to acute healthcare staff who are involved in the care of people with dementia (or suspected dementia):			
		Dementia awareness training:			
		Doctors			
		Mandatory	<b>46.2%</b> 92/199	-	-
		Provided on induction	<b>63.3%</b> 126/199	-	-
		Provided in the last 12 months	<b>58.8%</b> 117/199	√	√
		Not provided in the last 12 months	<b>8.5%</b> 17/199	-	-
		Nurses			
		Mandatory	<b>51.8%</b> 103/199	-	-
		Provided on induction	<b>74.4%</b> 148/199	√	-
		Provided in the last 12 months	<b>68.3%</b> 136/199	√	√
		Not provided in the last 12 months	<b>1%</b> 2/199	-	-
		Healthcare assistants			
		Mandatory	<b>51.8%</b> 103/199	-	-
		Provided on induction	<b>71.4%</b> 142/199	√	-
		Provided in the last 12 months	<b>68.3%</b> 136/199	√	√
		Not provided in the last 12 months	<b>1%</b> 2/199	-	-
		Other allied healthcare professionals, e.g. physiotherapists, dieticians			
		Mandatory	<b>47.7%</b> 95/199	-	-
		Provided on induction	<b>64.8%</b> 129/199	√	-
		Provided in the last 12 months	<b>67.8%</b> 135/199	√	√
		Not provided in the last 12 months	<b>3.5%</b> 7/199	-	-

Std no. [Type]	Question number and text	National audit Round 3: % Num/Den	Your hospital Round 3: % Num/Den	Your hospital Round 2: % Num/Den	
7.4 [2]	25	Support staff in the hospital, e.g. housekeepers, porters, receptionists			
		Mandatory	<b>41.2%</b> 82/199	-	-
		Provided on induction	<b>57.8%</b> 115/199	√	-
		Provided in the last 12 months	<b>63.8%</b> 127/199	√	√
		Not provided in the last 12 months	<b>11.1%</b> 22/199	-	-
7.11 [3]	26	Involvement of people with dementia and carers and use of their experiences is included in the training for ward staff: (y/n)	<b>82.4%</b> 164/199	<b>Yes</b>	Yes
7.5 [3]	27	What format is used to deliver basic dementia awareness training?			
		eLearning module	<b>72.9%</b> 145/199	√	New question for Round 3
		Workshop or study day	<b>91%</b> 181/199	√	
		Higher education module	<b>22.6%</b> 45/199	-	
		Other	<b>29.1%</b> 58/199	√	

7.5 [3]	28	Hospitals were asked to provide figures on the number of staff trained in dementia awareness. Only 34 hospitals could provide this for at least one of the years specified. Therefore, there is no data on training figures.
N7b [3]	29	What is the total number of adult beds excluding maternity and mental health beds in your hospital at 31 March 2016? This information was to compare with question 28 so is therefore not included.

## Specific resources supporting people with dementia

Std no. [Type]	Question number and text		National audit Round 3: % Num/Den	Your hospital Round 3: % Num/Den	Your hospital Round 2: % Num/Den
6.2 [2]	30	The hospital has access to intermediate care services, which will admit people with dementia: (y/n)	<b>93%</b> 185/199	<b>Yes</b>	Yes
6.3 [3]	30a	<i>(If Q30=Yes)</i> Access to intermediate care services allows people with dementia to be admitted to intermediate care directly and avoid unnecessary hospital admission: (y/n)	<b>84.3%</b> 156/185	<b>Yes</b>	Yes
7.1 [2]	31	There is a named dignity lead to provide guidance, advice and consultation to staff: (y/n)	<b>70.4%</b> 140/199	<b>Yes</b>	Yes
6.4 [2]	32	There is a named person/ identified team who takes overall responsibility for complex needs discharge and this includes people with dementia: (y/n)	<b>95.5%</b> 190/199	<b>Yes</b>	Yes
6.5 [2]	33a	<i>(If Q32=Yes)</i> This person/ team has training in ongoing needs of people with dementia: (y/n)	<b>92.6%</b> 176/190	<b>Yes</b>	No
6.6 [3]	33b	<i>(If Q32=Yes)</i> This person/ team has experience of working with people with dementia and their carers: (y/n)	<b>98.4%</b> 187/190	<b>Yes</b>	Yes
6.7 [2]	34	There is a social worker or other designated person or team responsible for working with people with dementia and their carers, and providing advice and support, or directing to appropriate organisations or agencies: (y/n)	<b>75.9%</b> 151/199	<b>Yes</b>	Yes

Std no. [Type]	Question number and text	National audit Round 3: % Num/Den	Your hospital Round 3: % Num/Den	Your hospital Round 2: % Num/Den	
N3b [2]	35	The hospital can provide finger foods for people with dementia (please select one option only):			New question for Round 3
		Patients can choose a complete meal option (including vegetarian) that can be eaten without cutlery (finger food) on every day	<b>65.3%</b> 130/199	√	
		Patients can choose a complete meal option (including vegetarian) that can be eaten without cutlery on four to six days per week or more	<b>1%</b> 2/199	-	
		Patients can choose a complete meal option (including vegetarian) that can be eaten without cutlery on two or three days per week or more	<b>0%</b> 0/199	-	
		Patients can choose a complete meal option (including vegetarian) that can be eaten without cutlery on only one day per week	<b>0%</b> 0/199	-	
		Finger food consists of sandwiches/wraps only	<b>33.7%</b> 67/199	-	
		Patients who may be unable to use cutlery will never be admitted to the hospital	<b>0%</b> 0/199	-	
3.11 [2]	36	The hospital can provide 24 hour food services for people with dementia (please select one option only):			New question for Round 3
		In addition to the main meals, other food, for example toast, sandwiches, cereals, soup, and lighter hot dish(es) are available 24 hours a day	<b>50.8%</b> 101/199	√	
		In addition to the main meals, other food, for example toast, sandwiches, cereals, soup are available, but less than 24 hours a day	<b>10.6%</b> 21/199	-	
		Simple food supplies for example bread, cereal, yoghurt and biscuits are available 24 hours a day	<b>32.2%</b> 64/199	-	
		Only snacks (biscuits, cake) are available 24 hours a day	<b>3%</b> 6/199	-	
Food is not available 24 hours a day	<b>3.5%</b> 7/199	-			
6.10 [2]	37	There is access to advocacy services with experience and training in working with people with dementia: (y/n)	<b>95%</b> 189/199	<b>Yes</b>	Yes

## Environment

Std no. [Type]	Question number and text	National audit Round 3: % Num/Den	Your hospital Round 3: % Num/Den	Your hospital Round 2: % Num/Den	
6.11 [3]	Opportunities for social interaction for patients with dementia are available (e.g. to eat/ socialise away from their bed area with other patients):				
	38	On all adult wards	<b>15.1%</b> 30/199	√	New question for Round 3
		On care of the elderly wards	<b>38.7%</b> 77/199	-	
		Other	<b>30.2%</b> 60/199	-	
		No	<b>16.1%</b> 32/199	-	
N8a [3]	The physical environment within the hospital has been reviewed using an appropriate tool (e.g. King's Fund Enhancing the Healing Environment) to establish whether it is "dementia-friendly":				
	39	Throughout the hospital	<b>42.7%</b> 85/199	-	New question for Round 3
		All adult wards/ areas	<b>13.6%</b> 27/199	√	
		All care of the elderly wards/ areas	<b>18.1%</b> 36/199	-	
		Designated dementia wards only	<b>3%</b> 6/199	-	
		Other	<b>13.1%</b> 26/199	-	
		No	<b>9.5%</b> 19/199	-	
	40	<i>(If Q39=Yes)</i> Environmental changes based on the review are:			
		Completed	<b>15%</b> 27/180	-	New question for Round 3
		Underway	<b>56.7%</b> 102/180	√	
		Planned but not yet underway	<b>10%</b> 18/180	-	
		Planned but funding has not been identified	<b>15.6%</b> 28/180	-	
		Plans are not in place	<b>2.8%</b> 5/180	-	

Std no. [Type]	Question number and text	National audit Round 3: % Num/Den	Your hospital Round 3: % Num/Den	Your hospital Round 2: % Num/Den	
N8a [3]	<i>(If Q39=Yes)</i> Service users/ carers/ lay volunteers have been part of the team reviewing the environment:				
	41	Throughout the hospital	<b>36.7%</b> 66/180	-	New question for Round 3
		All adult wards/ areas	<b>9.4%</b> 17/180	√	
		All care of the elderly wards/ areas	<b>13.3%</b> 24/180	-	
		Designated dementia wards only	<b>5%</b> 9/180	-	
		Other	<b>13.3%</b> 24/180	-	
		They have not been part of the team	<b>22.2%</b> 40/180	-	
	<i>(If Q39=Yes)</i> There are plans to further review the changes implemented:				
	42	Yes, we are already undertaking/ have already done this	<b>49.4%</b> 89/180	√	New question for Round 3
		Yes, once the work is completed	<b>40%</b> 72/180	-	
		No plans are in place	<b>10.6%</b> 19/180	-	

## Appendix B: Patient demographics

Age range	National audit Round 3: % (N)	Your hospital Round 3: % (N)

## Appendix C: Casenote audit data

### Assessment

#### Multidisciplinary assessment

Std no. [Type]	Question number and text		National audit Round 3: % Num/Den (Median, IQR)	Your hospital Round 3: % Num/Den	Your hospital Round 2: % Num/Den	
1.9 [1]	14	An assessment of mobility was performed by a healthcare professional: (y/n/could not be assessed for recorded reasons)	<b>93.8%</b> 8558/9126 (96%, 91-98%)	<b>89.7%</b> 35/39	92.3% 36/39	
	15	An assessment of nutritional status was performed by a healthcare professional: (y/n/could not be assessed for recorded reasons)	<b>89.8%</b> 8832/9837 (93%, 86-96%)	<b>95.8%</b> 46/48	95% 38/40	
	15a	(If Q15=Yes) The assessment of nutritional status includes recording of BMI (Body Mass Index) or weight:				
			Yes, there is a recording of the patient's BMI or weight	<b>85.9%</b> 7580/8822 (89%, 79-96%)	<b>82.6%</b> 38/46	97.4% 37/38
		Other action taken	<b>4%</b> 352/8822 (2%, 0-5%)	<b>2.2%</b> 1/46	New answer options for Round 3	
	Yes or other action taken	<b>89.9%</b> 7932/2288 (93%, 85-98%)	<b>84.8%</b> 39/46			
1.10 [1]	16	Has a formal pressure ulcer risk assessment been carried out and score recorded? (y/n)	<b>95.5%</b> 9590/10044 (98%, 94-100%)	<b>100%</b> 50/50	97.5% 39/40	
1.12 [1]	17	As part of the multidisciplinary assessment has the patient been asked about any continence needs? (y/n/could not be assessed for recorded reasons)	<b>88%</b> 8572/9744 (92%, 85-97%)	<b>98%</b> 49/50	78.9% 30/38	
1.11 [1]	18	As part of the multidisciplinary assessment has the patient been assessed for the presence of any pain? (y/n/could not be assessed for recorded reasons)	<b>83.2%</b> 8185/9840 (90%, 77-98%)	<b>83.7%</b> 41/49	75.7% 28/37	

Std no. [Type]	Question number and text		National audit Round 3: % Num/Den (Median, IQR)	Your hospital Round 3: % Num/Den	Your hospital Round 2: % Num/Den
1.13 [1]	19	Has an assessment of functioning been carried out?			
		Yes, a standardised assessment has taken place	<b>45.3%</b> 4212/9294 (45%, 23-66%)	<b>22.7%</b> 10/44	48.6% 17/35
		Yes, an occupational therapy and/or a physiotherapy assessment has taken place	<b>42.8%</b> 3977/9294 (44%, 26-58%)	<b>63.6%</b> 28/44	New answer options for Round 3
		Yes, other	<b>1.7%</b> 161/9294 (0%, 0-2%)	<b>9.1%</b> 4/44	
		Yes (all options)	<b>89.8%</b> 8350/9294 (92%, 85-96%)	<b>95.5%</b> 42/44	

### Mental state assessment

Std no. [Type]	Question number and text		National audit Round 3: % Num/Den (Median, IQR)	Your hospital Round 3: % Num/Den	Your hospital Round 2: % Num/Den
1.3 [2]	20	Has a standardised mental status test been carried out? (y/n/could not be assessed for recorded reasons)	<b>54%</b> 4684/8682 (55%, 38-72%)	<b>55.9%</b> 19/34	35.9% 14/39
1.4 [2]	21	Has an assessment been carried out for recent changes or fluctuation in behaviour that may indicate the presence of delirium?			
		Yes, and there were indications that delirium may be present	<b>25.9%</b> 2603/10047 (24%, 14-36%)	<b>40%</b> 20/50	10% 4/40
		Yes, but there was no indication that delirium may be present	<b>18.5%</b> 1863/10047 (15%, 6-25%)	<b>12%</b> 6/50	5% 2/40
		Yes (both options)	<b>44.5%</b> 4466/10047 (42%, 27-60%)	<b>52%</b> 26/50	15% 6/40
1.5 [2]	21a	(If Q21=Yes) Has the patient been clinically assessed for delirium by a healthcare professional? (y/n)	<b>85.3%</b> 2220/2603 (90%, 78-100%)	<b>90%</b> 18/20	25% 1/4

## Information about the person with dementia

Std no. [Type]	Question number and text	National audit Round 3: % Num/Den (Median, IQR)	Your hospital Round 3: % Num/Den	Your hospital Round 2: % Num/Den	
1.14 [1]	22	Does the care assessment contain a section dedicated to collecting information from the carer, next of kin or a person who knows the patient well? (y/n)	<b>57.2%</b> 5727/10010 (58%, 31-85%)	<b>20%</b> 10/50	50% 20/40
	22a	<i>(If Q22=Yes)</i> Has information been collected about the patient regarding personal details, preferences and routines?			
		Yes	<b>47.4%</b> 2669/5626 (53%, 30-77%)	<b>60%</b> 6/10	47.4% 9/19
		Unknown*	<b>33.1%</b> 1865/5626 (14%, 0-44%)	<b>10%</b> 1/10	New answer option for Round 3
	22b	<i>(If Q22=Yes)</i> Has information been collected about the patient's food and drink preferences?			
		Yes	<b>44.1%</b> 2476/5616 (50%, 29-71%)	<b>50%</b> 5/10	New question for Round 3
		Unknown*	<b>34.1%</b> 1916/5616 (16%, 3-48%)	<b>0%</b> 0/10	
	22c	<i>(If Q22=Yes)</i> Has information been collected about the patient regarding reminders or support with personal care?			
		Yes	<b>55.3%</b> 3116/5631 (64%, 42-80%)	<b>70%</b> 7/10	47.4% 9/19
		Unknown*	<b>29.9%</b> 1685/5631 (13%, 0-37%)	<b>10%</b> 1/10	New answer option for Round 3
	22d	<i>(If Q22=Yes)</i> Has information been collected about the patient regarding recurring factors that may cause or exacerbate distress?			
		Yes	<b>32.6%</b> 1818/5583 (35%, 18-56%)	<b>10%</b> 1/10	22.2% 4/18
		Unknown*	<b>37.8%</b> 2110/5583 (20%, 5-50%)	<b>10%</b> 1/10	New answer option for Round 3

Std no. [Type]	Question number and text		National audit Round 3: % Num/Den (Median, IQR)	Your hospital Round 3: % Num/Den	Your hospital Round 2: % Num/Den
1.14 [1]	22e	(If Q22=Yes) Has information been collected about the patient regarding support or actions that can calm the person if they are agitated?			
		Yes	<b>28.2%</b> 1564/5539 (26%, 13-50%)	<b>20%</b> 2/10	11.8% 2/17
		Unknown*	<b>39.1%</b> 2167/5539 (20%, 7-52%)	<b>10%</b> 1/10	New answer option for Round 3
1.15 [3]	22f	(If Q22=Yes) Has information been collected about the patient regarding life details which aid communication?			
		Yes	<b>43.1%</b> 2413/5598 (50%, 25-70%)	<b>60%</b> 6/10	27.8% 5/18
		Unknown*	<b>35.3%</b> 1977/5598 (17%, 3-46%)	<b>10%</b> 1/10	New answer option for Round 3

\*Unknown response options refer to situations in which the information is usually recorded in a document which accompanies the patient (e.g. "This is Me" or patient passport) and no copy is available in the notes.

## Discharge

### Assessment before discharge

Std no. [Type]	Question number and text	National audit Round 3: % Num/Den (Median, IQR)	Your hospital Round 3: % Num/Den	Your hospital Round 2: % Num/Den	
5.3 [2]	23	At the point of discharge the patient's level of cognitive impairment, using a standardised assessment, was summarised and recorded: (y/n)	<b>22.4%</b> 1639/7329 (17%, 9-30%)	<b>0%</b> 0/23	16.1% 5/31
	23a	<i>(If 23=No)</i> Please comment:			
		Patient too unwell/ not responsive	<b>3.3%</b> 189/5690	<b>8.7%</b> 2/23	New question for Round 3
		Patient has advanced dementia (i.e. patient's advanced dementia makes the assessment not appropriate)	<b>1.9%</b> 110/5690	<b>0%</b> 0/23	
		Not routine/ not standard practice	<b>5.8%</b> 331/5690	<b>0%</b> 0/23	
		Not documented/ unknown reason	<b>78.1%</b> 4444/5690	<b>82.6%</b> 19/23	
	Dementia diagnosis (i.e. dementia diagnosis mentioned as a reason for not completing assessment)	<b>10.8%</b> 616/5690	<b>8.7%</b> 2/23		
	24	At the point of discharge the cause of cognitive impairment was summarised and recorded: (y/n)	<b>69.1%</b> 5067/7329 (72%, 57-84%)	<b>87%</b> 20/23	19.4% 6/31
	25	Have there been any symptoms of delirium? (y/n)	<b>32.3%</b> 2367/7329 (33%, 22-41%)	<b>30.4%</b> 7/23	12.9% 4/31
	25a	<i>(If Q25=Yes)</i> Have the symptoms of delirium been summarised for discharge? (y/n)	<b>47.9%</b> 1133/2367 (45%, 33-64%)	<b>71.4%</b> 5/7	75% 3/4
26	Have there been any persistent behavioural and psychiatric symptoms of dementia (wandering, aggression, shouting) during this admission? (y/n)	<b>19.4%</b> 1425/7329 (19%, 13-26%)	<b>17.4%</b> 4/23	22.6% 7/31	
26a	<i>(If Q26=Yes)</i> Have the symptoms of behavioural and psychiatric symptoms of dementia been summarised for discharge? (y/n)	<b>44.5%</b> 635/1426 (40%, 23-60%)	<b>100%</b> 4/4	28.6% 2/7	

Std no. [Type]	Question number and text		National audit Round 3: % Num/Den (Median, IQR)	Your hospital Round 3: % Num/Den	Your hospital Round 2: % Num/Den
5.3 [2]	27	Is there a recorded referral to a social worker for assessment of housing and care needs due to a proposed change in residence?	<b>65.5%</b> 1649/2519 (71%, 53-89%)	<b>18.2%</b> 2/11	New question for Round 3
	27a (i)	<i>(If Q27=Yes):</i> There are documented concerns about the patient's capacity to consent to the referral:	<b>70.4%</b> 1161/1649 (75%, 50-89%)	<b>0%</b> 0/2	New question for Round 3
	27a (ii)	The patient had capacity on assessment and their consent is documented	<b>11.9%</b> 138/1161 (0%, 0-20%)	<b>0%</b> 0/0	
		The patient lacked requisite capacity and evidence of a best interests decision has been recorded	<b>69.9%</b> 811/1161 (75%, 50-90%)	<b>0%</b> 0/0	
		There is no record of either consent or best interest decision making*	<b>18.3%</b> 212/1161 (14%, 0-33%)	<b>0%</b> 0/0	
	27a (i)	There are no documented concerns about the patient's capacity to consent to the referral:	<b>29.6%</b> 488/1649 (25%, 11-50%)	<b>100%</b> 2/2	
	27a (iii)	The patients consent was requested and this is recorded	<b>29.1%</b> 142/488 (25%, 0-50%)	<b>0%</b> 0/2	
		There is no record of the patients consent*	<b>70.9%</b> 346/488 (75%, 50-100%)	<b>100%</b> 2/2	
	27a (ii & iii)	Consent or best interests (responses options combined)	<b>66.2%</b> 1091/1649 (67%, 50-86%)	<b>0%</b> 0/2	
		No consent or best interests (response options combined)	<b>33.8%</b> 558/1649 (33%, 14-50%)	<b>100%</b> 2/2	

\*Please note that these figures include 1.9% of casenotes where it was specified that the capacity assessment information is kept with social worker notes, which are unavailable to the auditor.

## Discharge coordination and multi-disciplinary team input

Std no. [Type]	Question number and text		National audit Round 3: % Num/Den (Median, IQR)	Your hospital Round 3: % Num/Den	Your hospital Round 2: % Num/Den
6.4 [2]	28	Did a named person/ identified team co-ordinate the discharge plan? (y/n/na)	<b>82%</b> 5807/7083 (89%, 72-96%)	<b>100%</b> 23/23	37.9% 11/29

## Appendix H: Staff suggestions for your hospital

The staff questionnaire included a question asking staff to make one suggestion on how their hospital could improve care and support provided to people with dementia. Below, all suggestions from staff at Barnet Hospital are provided.

<b>Registered Nurses (Band 5 or 6)</b>
Activity coordinator.
By having a dementia visitor on a daily basis visiting patients and checking on patient's wellbeing in relation to dementia standards.
Communicate with family/ carers what the patient mostly like or hate.
Encourage carers and relatives to take an active role in patient care.
Encourage family to help when patient is more disorientated.
Greater support in intensive therapy unit for those with dementia would be great. We have to put their dementia secondary to their critical illness. Further advice on how to manage their needs would be really beneficial to staff and the patients.
Have increased level of staff that can spend more time with the patient with dementia. Have more activities that will give the patient an interest so that they are able to interact with other people. Have a day room that they can sit in [and] watch TV, play music etc.
Having more volunteers or activity coordinator. As we are an acute ward and also get many patients with dementia, it is very difficult for the staff to meet all the requirements and also have spare time to spend with them. Also, we are supposed to fill all the dementia documents and sometimes I find it very difficult with the amount of paperwork that we already have and caring for acutely ill patients.
I feel that the nutritional needs of patients with dementia is lacking as staff are not able to spend time with patients to ensure this happens.
Let every dementia patient have access to be nursed in a dementia ward.
More official diagnosis, 1:1 support when needed, communal meal tables, release time for dementia champions to train others on ward. We need coordination with the family/ home in order to know the particular foibles of the patient - often the diagnosis is not clear -dementia type needs clarification in a lot of cases. Patients eat better together. This is not allowed on our ward. Meals are not ideal at the bedside, patients need to lean forward when eating, this is not possible in bed. No comfortable chairs are available for carers. We need 2 riser recliners on the ward in order to get relatives/ carers to stay.
More resources and staff.
More staff.
More staffing.
More support from dementia team.
More support from specialist dementia team.
Need more variety with finger food and drinks, plates and cutlery in lovely colourful materials.
Patient need more therapeutic therapy and designated times to ensure this happens and that someone is allocated to have more time to interact with patient and encourage activities.
Provide more information.
Providing additional support when caring for people with dementia.
Ratio of staff to care for dementia. Needs more staff to feed patients.
Staffing level need to be improved. Avoid pulling out staff on the ward.

## Registered Nurses (Band 5 or 6)

Staffing levels need improvement. We need healthcare workers as required. When healthcare workers cancel a shift - they are not always replaced.

The hospital can improve patients care by ensuring dementia patients [have] coloured cups and plates.

The hospital should always provide extra staffing for patients who are really agitated. Most [of the] time nurses spend more time with dementia patients than other patients who are ill. [From] my point of view its unfair.

The nutritional needs of people with dementia should be more carefully monitored. I feel that due to lack of staff that people's needs are often missed or not met. It would be helpful [to have] regular input regarding the management of more distressed patients.

To provide more safety equipment such as wander guide and sometimes we are short of staff.

To sit and communicate with them at all times.

We could turn every ward into a dementia friendly environment. Larch ward was turned to dementia friendly ward and we need funding to bring all wards to that level.

We should have access to food between meals and to finger foods.

With current management.

## Registered Nurses (Band 7 or above)

Access to more activities and being able to spend more time with patients that have dementia.

By ensuring that the ward have got enough training and development and by making the ward a dementia friendly ward.

By making more dementia friendly wards. By raising awareness.

I feel we need increased HCA support as the area is incredibly acute. The HCAs are invaluable in providing the additional support the patients with dementia need.

More space to carry out therapeutic activities.

Photographs and memory book to be with the patients on admission to hospital. Encourage families and carers to come [in] often and have an allocated place for them to relax and stay whenever it is needed for them to stay longer.

## Healthcare Assistants

Actually, in one ward, we often arrange a tea party for people who stay in and make sure that '8 things' about a patient should be completed.

Bring more things to keep them from feeling bored. More volunteer help for when HCAs and nurses can't.

By providing more dementia trained staff to support patients with dementia and also by doing more activities with patients with dementia. Training for all staff not only some to care for dementia patients.

Dementia friendly mealtimes, for example special cutlery and plates and cups. More volunteers to help with activities on the wards.

Everything is already in place, don't think there is any improvement needed.

Getting family and friends involved using the patient "this is me" chart to get to know more about [them]. Family support is the most important they respond more to them than us.

Give more information and give more staff to attend more [for patients with] dementia.

## Healthcare Assistants

Have information about the patient's likes/ dislikes always available.

Having enough staff to be able to take time and support patients with dementia when needed.

It is a pity there is no day room for dementia patients where they can wander safely with minimum help and have a sense of freedom they do not get on wards.

It would be helpful if bank staff had the training permanent staff have.

More one to one staffing could be improved - as we are an acute short stay ward we can be extremely busy with admissions and discharges.

Nurses should have more empathy and patience to care for dementia patients.

Provide the ratio of staff to dementia patients when the ward has a particularly high percentage of these patients.

Regular update and frequent training.

The hospital can do so by putting more staff on the wards where the need arises or by increasing the staffing to patient ratio. More also if they can decorate by colours in the way larch ward has been decorated specifically for dementia patients.

The ward managers need to continue provide training to keep staff up to date with changes regarding dementia [care].

There should be more staff to [provide] personal activities for patients with dementia. By personal activities, I mean activities that suit an individual patient with dementia. There should be frequent study days for staff on dementia and journals available for staff to access in and out of work.

They can have more awareness days and display this everywhere around the hospital wards.

This is me should be done as part of the admission process. Not waiting for patient to come to the ward. Once it is known patient has dementia, the form should be completed.

To let us have the time to sit and talk to the patients when possible. I think the kitchen staff could take a little time to ask the patients what they would like and listen more.

Training to individual staff that have no idea how to care for dementia patients.

Trust to provide 1:1 when needed without delay.

We can enhance the environment.

## Doctors

Dementia care plan/ passport or '10 things about me'.

Less changes of environment i.e. ward changes.

More things for patients to interact with, pictures, memory box, radio, activities.

## Allied Healthcare Professionals

Dementia specific wards with visual stimulation and orientation cues. Dementia orientated design. Activities table (actively used). Orientation boards (day, month, year, place). Potential to have communal dining tables for improving patients who can move and transfer to enhance communication/ interaction/ wellbeing. Although this is an acute hospital, more staffing trained in dementia care is essential.

Having the likes and dislikes especially in regards to food and drink.

## Allied Healthcare Professionals

Provide a finger foods menu. New pictorial menu very useful. Finger foods menu would really help as patients struggle to eat independently and wards rarely have enough staff to ensure patients receive adequate assistance with feeding. Common problem whereby staff do not have time/ do not make time to position correctly pre-meal and clear the table. Often poor leadership from nursing team in terms of directing meal service and allocating staff members to patients identified as requiring help. Inflexible catering system makes it challenging for ward staff to accommodate patients' needs e.g. they can't order extra puddings without the input of a dietitian.

Regular training of how to work and support people with dementia [would] be very helpful, plus working [with] and support families.

The type of dementia the patient is admitted with should be known. We are often just told "dementia", not specifically which type.

## Students

Give them entertainment/ word searches/ crosswords/ papers/ puzzles.

In-service training for staff.

Larch ward is the only ward that encourages us to find out likes/ dislikes of people with dementia. As a student nurse, I visit lots of wards that do not understand about/ care for people with dementia well. I think the "8 things about me" and dementia passports are good ideas.

More staff to be able to spend more time with patients so they feel less alone.

Technology.

## Therapy Assistants & Allied Healthcare Professional Assistants

*No comments from therapy assistants and allied healthcare professional assistants for your hospital.*

## Ward-based Administrators

Let us know what to support there is for people with dementia.

More training.

Support with admin.

## Other / Unknown

I believe dementia care needs to be 'advertised' more widely around the hospital, especially on the elderly care wards. I also think staff would benefit [from] more extensive training on how to deal with patients with dementia, especially ones with challenging behaviour.
