

DEMENTIA
NATIONAL AUDIT OF
DEMENTIA

National Audit of Dementia Care in General Hospitals 2016-2017

Local report appendices for:

Medway Maritime Hospital

Medway NHS Foundation Trust

July 2017

Commissioned by:

HQIP

Healthcare Quality
Improvement Partnership

Many thanks to Hwyl for permission to use the cover artwork. Hwyl is an art project run by Dementia Matters in Powys (DMiP) and Arts Alive Wales based at the Brecon War Memorial Hospital. The project focuses on working with elderly patients on hospital wards, with their families, carers, the ward staff and artists on a weekly basis.

With thanks to Rhiannon Davies (DMiP) and Tessa Waite (Arts Alive Wales).

Table of Contents

Introduction to the appendices	2
Appendix A: Organisational checklist data	3
Appendix B: Patient demographics	15
Appendix C: Casenote audit data	19
Appendix D: Carer demographics	28
Appendix E: Carer questionnaire data	29
Appendix F: Staff demographics	32
Appendix G: Staff questionnaire data	34
Appendix H: Verbatim staff suggestions for your hospital, presented by job role	40

Introduction to the appendices

This is the appendices for your local report. Your local report is in a separate document. The appendices present data from Round 3 of the National Audit of Dementia, both at a national level and for your hospital. Data for your hospital in Round 2 is also shown where applicable. When comparing Round 2 data with Round 3 data, please be aware that differences in sample sizes and slight wording changes to some questions, can affect results in both rounds. Therefore, conclusions made from comparing the data should be with caution. Hospitals with less than five returns for the carer or staff questionnaires have not received any data and returns of 5 to 9 questionnaires have not received demographic information. The table below shows how the data tables in the appendices are laid out and what information you can find in each cell.

Std no. [Type]	Question number and text		National audit Round 3: % Num/Den	Your hospital Round 3: % Num/Den	Your hospital Round 2: % Num/Den
Standard reference and type. Standards document can be found on the audit website .	Question number. Orange items in the casenote audit appendix show low inter-rater reliability.	Question wording as in tool.	The national audit refers to all hospitals from England and Wales that participated in the Round 3 audit.	Data for your hospital from Round 3.	If the same question or a similar question was asked in Round 2, we have provided your Round 2 response for comparison. The carer and staff questionnaires are new tools and therefore this column has been excluded in these appendices.
			We have provided the percentage 'yes' response (unless otherwise indicated) and the numerator/denominator. The denominator will change throughout the appendices, depending on whether questions were routed (not asked in some instances), 'N/A' responses were chosen (these have been excluded from the analyses), or where staff and carers did not respond.		

For the organisational checklist, data from 199 hospitals are included in the national audit column (all the registered participants).

195 hospitals participated in the casenote audit, returning 10047 casenotes and this is shown in the national audit column. The national audit column for the casenote audit also shows the median and the inter quartile range for each question (where applicable). Question items which were found to have lower agreement in the inter-rater reliability analysis (see audit [website](#)) have been coloured orange.

196 hospitals returned carer questionnaires. Data from all questionnaires (4664) is presented in the carer questionnaire data tables in Appendix E.

198 hospitals returned staff questionnaires. Data from all questionnaires (14416) is presented in Appendix G. For some questionnaire items, the data for the two most positive answers have been combined, as well as being presented separately. This is provided both at a national level and for your hospital.

Appendix A: Organisational checklist data

Governance and delivery of care

Std no. [Type]	Question number and text	National audit Round 3: % Num/Den	Your hospital Round 3: % Num/Den	Your hospital Round 2: % Num/Den	
4.1 [2]	1	A care pathway or bundle for patients with dementia is in place:			
		Yes	60.8% 121/199	In development	In development
		In development	26.1% 52/199		
4.2 [2]	1a	<i>(If Q1=Yes or In development)</i> A senior clinician is responsible for implementation and/ or review of the care pathway: (y/n)	97.1% 168/173	Yes	Yes
4.1 [2]	1b	<i>(If Q1=Yes or In development)</i> The dementia care pathway/ bundle is integrated within or linked to the following care pathways:			
		Delirium			
		Yes	65.9% 114/173	In development	New question for Round 3
		Pathway in development	26.6% 46/173		
		Stroke			
		Yes	32.9% 57/173	No	New question for Round 3
		Pathway in development	21.4% 37/173		
		Fractured neck of femur			
		Yes	43.6% 75/172	No	New question for Round 3
		Pathway in development	24.4% 42/172		
4.7 [2]	2	The Executive Board regularly reviews information collected on:			
	2a	Re-admissions, in which patients with dementia can be identified in the total number of patients re-admitted (y/n)	31.7% 63/199	No	No
	2b	Delayed discharge/ transfers, in which patients with dementia can be identified in the total number of patients with delayed discharge/ transfers (y/n)	31.7% 63/199	No	Yes
4.4 [2]	3	The Executive Board regularly reviews the number of in-hospital falls and the breakdown of the immediate causes, in which patients with dementia can be identified (y/n)	60.3% 120/199	Yes	Yes

Std no. [Type]	Question number and text	National audit Round 3: % Num/Den	Your hospital Round 3: % Num/Den	Your hospital Round 2: % Num/Den	
4.5 [2]	4	The Executive Board regularly receives feedback from the following:			
	4a	Clinical Leads for older people and people with dementia including Modern Matrons/ Nurse Consultant (y/n)	84.9% 169/199	Yes Yes	
	4b	Complaints – analysed by age (y/n)	52.3% 104/199	No No	
	4c	Patient Advice and Liaison Services (PALS) – in relation to the services for older people and people with dementia (y/n/na (hospitals in Wales))	58.6% 106/181	No Yes	
	4d	Patient/ public forums or local Healthwatch – in relation to services for older people and people with dementia (y/n)	67.3% 134/199	Yes Yes	
4.11 [2]	5	There are champions for dementia at:			
	5a	Directorate level (y/n)	81.9% 163/199	Yes Yes	
	5b	Ward level (y/n)	93.5% 186/199	No Yes	
N4a [3]	6	Dementia specialist nurses are employed in line with Royal College of Nursing guidance (there is at least one full time dementia specialist nurse for every 300 admissions of people with dementia per year): (y/n)	This question is not reported on as feedback showed hospitals found it difficult to interpret.		
N4b [3]	7	Has a strategy or plan for carer engagement been produced (e.g. using Triangle of Care self-assessment tool)? (y/n)	76.9% 153/199	Yes New question for Round 3	
	8	<i>(If Q7=Yes)</i> Is implementation of the strategy or plan scheduled for review?			
		Yes, more than once a year	41.2% 63/153	Yes, once a year	New question for Round 3
		Yes, once a year	34.6% 53/153		
Yes, less than once a year	20.3% 31/153				

Std no. [Type]	Question number and text	National audit Round 3: % Num/Den	Your hospital Round 3: % Num/Den	Your hospital Round 2: % Num/Den	
N4c [3]	9	A Dementia Working Group is in place and reviews the quality of services provided in the hospital: (y/n)	93.5% 186/199	Yes	New question for Round 3
	9a	<i>(If Q9=Yes)</i> The group meets:			
		Annually	0.5% 1/186	Unknown - group not currently meeting	New question for Round 3
		Bi-annually	0.5% 1/186		
		Quarterly	30.1% 56/186		
		Six-weekly	4.3% 8/186		
		Monthly	33.3% 62/186		
		Bi-monthly	29% 54/186		
		Weekly	0.5% 1/186		
		Unknown	1.6% 3/186		
	9b	<i>(If Q9=Yes)</i> The group includes:			
		Healthcare professionals	100% 186/186	√	New question for Round 3
		Organisations e.g. Alzheimer's Society	64% 119/186	√	
Carer/ service user representation		66.1% 123/186	√		
N7a [3]	10	Ward staffing levels (nurses, midwives and care staff) are made available for the public to view on a monthly basis: (y/n)	88.4% 176/199	Yes	New question for Round 3
	11	An evidence-based tool is used for establishing ward staffing levels: (y/n)	99% 197/199	Yes	New question for Round 3
3.7 [1]	12	Protected mealtimes are established in all wards that admit adults with known or suspected dementia: (y/n)	98% 195/199	Yes	Yes
	12a	<i>(If Q12=Yes)</i> Wards' adherence to protected mealtimes is reviewed and monitored: (y/n)	88.7% 173/195	No	Yes
3.8 [1]	13	The hospital has in place a scheme/ programme which allows identified carers of people with dementia to visit at any time including at mealtimes (e.g. Carer's Passport): (y/n)	88.9% 177/199	Yes	New question for Round 3

Discharge and transfer monitoring

Std no. [Type]	Question number and text		National audit Round 3: % Num/Den	Your hospital Round 3: % Num/Den	Your hospital Round 2: % Num/Den
N5a [3]	14	Instances where less than 24 hours notice of discharge has been given to carers or family are compiled and reported to the Executive Board:			
		Yes, within the past 6 months	4% 8/199	Yes, within the past 6 months	New question for Round 3
		Yes, within the last year	1.5% 3/199		
N3c [3]	15	Instances of night time bed moves (i.e. between the evening meal and breakfast the next morning) are noted and reported at Executive Board level: (y/n)	38.2% 76/199	No	New question for Round 3

Use of personal information documents

Std no. [Type]	Question number and text		National audit Round 3: % Num/Den	Your hospital Round 3: % Num/Den	Your hospital Round 2: % Num/Den
1.14 [1]	16	There is a formal system (pro-forma or template) in place in the hospital for gathering information pertinent to caring for a person with dementia: (y/n)	98.5% 196/199	Yes	Yes
	17a	<i>(If Q16=Yes)</i> Information collected by the pro-forma includes personal details, preferences and routines: (y/n)	100% 196/196	Yes	Yes
	17b	<i>(If Q16=Yes)</i> Information collected by the pro-forma includes reminders or support with personal care: (y/n)	98.5% 193/196	Yes	Yes
	17c	<i>(If Q16=Yes)</i> Information collected by the pro-forma includes recurring factors that may cause or exacerbate distress: (y/n)	100% 196/196	Yes	No
	17d	<i>(If Q16=Yes)</i> Information collected by the pro-forma includes support or actions that can calm the person if they are agitated: (y/n)	99% 194/196	Yes	Yes
1.15 [3]	17e	<i>(If Q16=Yes)</i> Information collected by the pro-forma includes life details which aid communication: (y/n)	99.5% 195/196	Yes	Yes
1.14 [1]	18	<i>(If Q16=Yes)</i> Information collected by the pro-forma includes how the person with dementia communicates with others/ understands communication: (y/n)	99.5% 195/196	Yes	New question for Round 3

Std no. [Type]	Question number and text		National audit Round 3: % Num/Den	Your hospital Round 3: % Num/Den	Your hospital Round 2: % Num/Den
1.14 [1]	19	(If Q16=Yes) The form prompts staff to approach carers or relatives to collate necessary information: (y/n)	93.4% 183/196	Yes	Yes
20	Documenting use of personal information in practice: Hospitals selected three wards (not mental health wards) which had the highest admissions of people with dementia. 10 patients in these wards were checked to see if the personal information document was present. Included were patients with dementia who needed a personal information document such as "This is Me" (any patients with dementia who did not require a personal information document were excluded).				
	Ward 1:		Byron Ward (A5)		New question for Round 3
	Ward 2:		Tennyson Ward (A6)		
	Ward 3:		Milton Ward (A7)		
	Number of patients checked:		-	7	New question for Round 3
	Range		0-40	-	-
	Median		10	-	-
	Number of these patients where the information was present:		-	0	New question for Round 3
	Percentage of patients where the information was present:		-	0%	New question for Round 3
	Range		0-100%	-	-
	Mean		49%	-	-
Median		50%	-	-	

Recognition of dementia

Std no. [Type]	Question number and text		National audit Round 3: % Num/Den	Your hospital Round 3: % Num/Den	Your hospital Round 2: % Num/Den
9.3 [1]	21	There is a system in place across the hospital that ensures that all staff in the ward or care area are aware of the person's dementia or condition and how it affects them: (y/n)	90.5% 180/199	Yes	No

Std no. [Type]	Question number and text		National audit Round 3: % Num/Den	Your hospital Round 3: % Num/Den	Your hospital Round 2: % Num/Den
9.3 [1]	21a	<i>(If Q21=Yes)</i> Please say what this is:			
		A visual indicator, symbol or marker	91.1% 164/180	√	N/A
		Alert sheet or electronic flag	23.9% 43/180	√	
		A box to highlight or alert dementia condition in the notes or care plan	33.9% 61/180	√	
		Other	18.9% 34/180	√	
	22	There is a system in place across the hospital that ensures that staff from other areas are aware of the person's dementia or condition whenever the person accesses other treatment areas: (y/n)	70.4% 140/199	Yes	
	22a	<i>(If Q22=Yes)</i> Please say what this is:			
		A visual indicator, symbol or marker	87.1% 122/140	√	A box to highlight or alert dementia condition in the notes or care plan
		Alert sheet or electronic flag	18.6% 26/140	√	
		A box to highlight or alert dementia condition in the notes or care plan	20.7% 29/140	-	
Other	17.9% 25/140	√			
9.13 [2]	23	The dementia lead or dementia working group collates feedback from carers on the written and verbal information provided to them: (y/n)	81.9% 163/199	Yes	New question for Round 3

Training, learning and development

Std no. [Type]	Question number and text		National audit Round 3: % Num/Den	Your hospital Round 3: % Num/Den	Your hospital Round 2: % Num/Den
7.2 [2]	24	There is a training and knowledge framework or strategy that identifies necessary skill development in working with and caring for people with dementia: (y/n)	95.5% 190/199	Yes	Yes

Std no. [Type]	Question number and text	National audit Round 3: % Num/Den	Your hospital Round 3: % Num/Den	Your hospital Round 2: % Num/Den	
7.4 [2]	25	The following questions are about training that is provided to acute healthcare staff who are involved in the care of people with dementia (or suspected dementia):			
		Dementia awareness training:			
		Doctors			
		Mandatory	46.2% 92/199	-	-
		Provided on induction	63.3% 126/199	√	-
		Provided in the last 12 months	58.8% 117/199	√	-
		Not provided in the last 12 months	8.5% 17/199	-	√
		Nurses			
		Mandatory	51.8% 103/199	-	-
		Provided on induction	74.4% 148/199	√	-
		Provided in the last 12 months	68.3% 136/199	√	√
		Not provided in the last 12 months	1% 2/199	-	-
		Healthcare assistants			
		Mandatory	51.8% 103/199	-	-
		Provided on induction	71.4% 142/199	√	-
		Provided in the last 12 months	68.3% 136/199	√	√
		Not provided in the last 12 months	1% 2/199	-	-
		Other allied healthcare professionals, e.g. physiotherapists, dieticians			
		Mandatory	47.7% 95/199	-	-
		Provided on induction	64.8% 129/199	-	-
		Provided in the last 12 months	67.8% 135/199	√	-
		Not provided in the last 12 months	3.5% 7/199	-	√

Std no. [Type]	Question number and text	National audit Round 3: % Num/Den	Your hospital Round 3: % Num/Den	Your hospital Round 2: % Num/Den	
7.4 [2]	25	Support staff in the hospital, e.g. housekeepers, porters, receptionists			
		Mandatory	41.2% 82/199	-	-
		Provided on induction	57.8% 115/199	-	-
		Provided in the last 12 months	63.8% 127/199	√	-
		Not provided in the last 12 months	11.1% 22/199	-	√
7.11 [3]	26	Involvement of people with dementia and carers and use of their experiences is included in the training for ward staff: (y/n)	82.4% 164/199	Yes	Yes
7.5 [3]	27	What format is used to deliver basic dementia awareness training?			
		eLearning module	72.9% 145/199	√	New question for Round 3
		Workshop or study day	91% 181/199	√	
		Higher education module	22.6% 45/199	-	
		Other	29.1% 58/199	-	

7.5 [3]	28	Hospitals were asked to provide figures on the number of staff trained in dementia awareness. Only 34 hospitals could provide this for at least one of the years specified. Therefore, there is no data on training figures.
N7b [3]	29	What is the total number of adult beds excluding maternity and mental health beds in your hospital at 31 March 2016? This information was to compare with question 28 so is therefore not included.

Specific resources supporting people with dementia

Std no. [Type]	Question number and text		National audit Round 3: % Num/Den	Your hospital Round 3: % Num/Den	Your hospital Round 2: % Num/Den
6.2 [2]	30	The hospital has access to intermediate care services, which will admit people with dementia: (y/n)	93% 185/199	Yes	No
6.3 [3]	30a	<i>(If Q30=Yes)</i> Access to intermediate care services allows people with dementia to be admitted to intermediate care directly and avoid unnecessary hospital admission: (y/n)	84.3% 156/185	Yes	N/A
7.1 [2]	31	There is a named dignity lead to provide guidance, advice and consultation to staff: (y/n)	70.4% 140/199	No	Yes
6.4 [2]	32	There is a named person/ identified team who takes overall responsibility for complex needs discharge and this includes people with dementia: (y/n)	95.5% 190/199	Yes	No
6.5 [2]	33a	<i>(If Q32=Yes)</i> This person/ team has training in ongoing needs of people with dementia: (y/n)	92.6% 176/190	Yes	N/A
6.6 [3]	33b	<i>(If Q32=Yes)</i> This person/ team has experience of working with people with dementia and their carers: (y/n)	98.4% 187/190	Yes	N/A
6.7 [2]	34	There is a social worker or other designated person or team responsible for working with people with dementia and their carers, and providing advice and support, or directing to appropriate organisations or agencies: (y/n)	75.9% 151/199	Yes	No

Std no. [Type]	Question number and text	National audit Round 3: % Num/Den	Your hospital Round 3: % Num/Den	Your hospital Round 2: % Num/Den	
N3b [2]	35	The hospital can provide finger foods for people with dementia (please select one option only):			
		Patients can choose a complete meal option (including vegetarian) that can be eaten without cutlery (finger food) on every day	65.3% 130/199	-	New question for Round 3
		Patients can choose a complete meal option (including vegetarian) that can be eaten without cutlery on four to six days per week or more	1% 2/199	-	
		Patients can choose a complete meal option (including vegetarian) that can be eaten without cutlery on two or three days per week or more	0% 0/199	-	
		Patients can choose a complete meal option (including vegetarian) that can be eaten without cutlery on only one day per week	0% 0/199	-	
		Finger food consists of sandwiches/wraps only	33.7% 67/199	√	
		Patients who may be unable to use cutlery will never be admitted to the hospital	0% 0/199	-	
3.11 [2]	36	The hospital can provide 24 hour food services for people with dementia (please select one option only):			
		In addition to the main meals, other food, for example toast, sandwiches, cereals, soup, and lighter hot dish(es) are available 24 hours a day	50.8% 101/199	-	New question for Round 3
		In addition to the main meals, other food, for example toast, sandwiches, cereals, soup are available, but less than 24 hours a day	10.6% 21/199	-	
		Simple food supplies for example bread, cereal, yoghurt and biscuits are available 24 hours a day	32.2% 64/199	√	
		Only snacks (biscuits, cake) are available 24 hours a day	3% 6/199	-	
		Food is not available 24 hours a day	3.5% 7/199	-	
6.10 [2]	37	There is access to advocacy services with experience and training in working with people with dementia: (y/n)	95% 189/199	Yes	

Environment

Std no. [Type]	Question number and text	National audit Round 3: % Num/Den	Your hospital Round 3: % Num/Den	Your hospital Round 2: % Num/Den		
6.11 [3]	Opportunities for social interaction for patients with dementia are available (e.g. to eat/ socialise away from their bed area with other patients):					
	38	On all adult wards	15.1% 30/199	-	New question for Round 3	
		On care of the elderly wards	38.7% 77/199	√		
		Other	30.2% 60/199	-		
		No	16.1% 32/199	-		
N8a [3]	The physical environment within the hospital has been reviewed using an appropriate tool (e.g. King's Fund Enhancing the Healing Environment) to establish whether it is "dementia-friendly":					
	39	Throughout the hospital	42.7% 85/199	-	New question for Round 3	
		All adult wards/ areas	13.6% 27/199	-		
		All care of the elderly wards/ areas	18.1% 36/199	-		
		Designated dementia wards only	3% 6/199	-		
		Other	13.1% 26/199	-		
		No	9.5% 19/199	√		
	40	<i>(If Q39=Yes)</i> Environmental changes based on the review are:				
			Completed	15% 27/180	N/A	New question for Round 3
			Underway	56.7% 102/180	N/A	
			Planned but not yet underway	10% 18/180	N/A	
			Planned but funding has not been identified	15.6% 28/180	N/A	
			Plans are not in place	2.8% 5/180	N/A	

Std no. [Type]	Question number and text	National audit Round 3: % Num/Den	Your hospital Round 3: % Num/Den	Your hospital Round 2: % Num/Den	
N8a [3]	<i>(If Q39=Yes)</i> Service users/ carers/ lay volunteers have been part of the team reviewing the environment:				
	41	Throughout the hospital	36.7% 66/180	N/A	New question for Round 3
		All adult wards/ areas	9.4% 17/180	N/A	
		All care of the elderly wards/ areas	13.3% 24/180	N/A	
		Designated dementia wards only	5% 9/180	N/A	
		Other	13.3% 24/180	N/A	
		They have not been part of the team	22.2% 40/180	N/A	
	<i>(If Q39=Yes)</i> There are plans to further review the changes implemented:				
	42	Yes, we are already undertaking/ have already done this	49.4% 89/180	N/A	New question for Round 3
		Yes, once the work is completed	40% 72/180	N/A	
		No plans are in place	10.6% 19/180	N/A	

Appendix B: Patient demographics

Age range	National audit Round 3: % (N)	Your hospital Round 3: % (N)
34 - 65	2.2% (221)	2% (1)
66 - 80	24.3% (2445)	14% (7)
81 - 100	73% (7332)	84% (42)
101 - 108	0.4% (39)	0% (0)

Assessment

Multidisciplinary assessment

Std no. [Type]	Question number and text		National audit Round 3: % Num/Den (Median, IQR)	Your hospital Round 3: % Num/Den	Your hospital Round 2: % Num/Den	
1.9 [1]	14	An assessment of mobility was performed by a healthcare professional: (y/n/could not be assessed for recorded reasons)	93.8% 8558/9126 (96%, 91-98%)	100% 45/45	81.1% 30/37	
	15	An assessment of nutritional status was performed by a healthcare professional: (y/n/could not be assessed for recorded reasons)	89.8% 8832/9837 (93%, 86-96%)	83.7% 41/49	38.5% 15/39	
	15a	(If Q15=Yes) The assessment of nutritional status includes recording of BMI (Body Mass Index) or weight:				
			Yes, there is a recording of the patient's BMI or weight	85.9% 7580/8822 (89%, 79-96%)	87.8% 36/41	78.6% 11/14
		Other action taken	4% 352/8822 (2%, 0-5%)	4.9% 2/41	New answer options for Round 3	
	Yes or other action taken	89.9% 7932/2288 (93%, 85-98%)	92.7% 38/41			
1.10 [1]	16	Has a formal pressure ulcer risk assessment been carried out and score recorded? (y/n)	95.5% 9590/10044 (98%, 94-100%)	74% 37/50	57.5% 23/40	
1.12 [1]	17	As part of the multidisciplinary assessment has the patient been asked about any continence needs? (y/n/could not be assessed for recorded reasons)	88% 8572/9744 (92%, 85-97%)	86% 37/43	62.2% 23/37	
1.11 [1]	18	As part of the multidisciplinary assessment has the patient been assessed for the presence of any pain? (y/n/could not be assessed for recorded reasons)	83.2% 8185/9840 (90%, 77-98%)	27.1% 13/48	74.4% 29/39	

Std no. [Type]	Question number and text		National audit Round 3: % Num/Den (Median, IQR)	Your hospital Round 3: % Num/Den	Your hospital Round 2: % Num/Den
1.13 [1]	19	Has an assessment of functioning been carried out?			
		Yes, a standardised assessment has taken place	45.3% 4212/9294 (45%, 23-66%)	74.5% 35/47	34.4% 11/32
		Yes, an occupational therapy and/or a physiotherapy assessment has taken place	42.8% 3977/9294 (44%, 26-58%)	25.5% 12/47	New answer options for Round 3
		Yes, other	1.7% 161/9294 (0%, 0-2%)	0% 0/47	
		Yes (all options)	89.8% 8350/9294 (92%, 85-96%)	100% 47/47	

Mental state assessment

Std no. [Type]	Question number and text		National audit Round 3: % Num/Den (Median, IQR)	Your hospital Round 3: % Num/Den	Your hospital Round 2: % Num/Den
1.3 [2]	20	Has a standardised mental status test been carried out? (y/n/could not be assessed for recorded reasons)	54% 4684/8682 (55%, 38-72%)	66.7% 30/45	61.5% 24/39
1.4 [2]	21	Has an assessment been carried out for recent changes or fluctuation in behaviour that may indicate the presence of delirium?			
		Yes, and there were indications that delirium may be present	25.9% 2603/10047 (24%, 14-36%)	24% 12/50	62.5% 25/40
		Yes, but there was no indication that delirium may be present	18.5% 1863/10047 (15%, 6-25%)	4% 2/50	15% 6/40
		Yes (both options)	44.5% 4466/10047 (42%, 27-60%)	28% 14/50	77.5% 31/40
1.5 [2]	21a	(If Q21=Yes) Has the patient been clinically assessed for delirium by a healthcare professional? (y/n)	85.3% 2220/2603 (90%, 78-100%)	75% 9/12	80% 20/25

Information about the person with dementia

Std no. [Type]	Question number and text	National audit Round 3: % Num/Den (Median, IQR)	Your hospital Round 3: % Num/Den	Your hospital Round 2: % Num/Den	
1.14 [1]	22	Does the care assessment contain a section dedicated to collecting information from the carer, next of kin or a person who knows the patient well? (y/n)	57.2% 5727/10010 (58%, 31-85%)	16% 8/50	37.5% 15/40
	22a	<i>(If Q22=Yes)</i> Has information been collected about the patient regarding personal details, preferences and routines?			
		Yes	47.4% 2669/5626 (53%, 30-77%)	75% 6/8	60% 9/15
		Unknown*	33.1% 1865/5626 (14%, 0-44%)	12.5% 1/8	New answer option for Round 3
	22b	<i>(If Q22=Yes)</i> Has information been collected about the patient's food and drink preferences?			
		Yes	44.1% 2476/5616 (50%, 29-71%)	62.5% 5/8	New question for Round 3
		Unknown*	34.1% 1916/5616 (16%, 3-48%)	12.5% 1/8	
	22c	<i>(If Q22=Yes)</i> Has information been collected about the patient regarding reminders or support with personal care?			
		Yes	55.3% 3116/5631 (64%, 42-80%)	62.5% 5/8	53.3% 8/15
		Unknown*	29.9% 1685/5631 (13%, 0-37%)	25% 2/8	New answer option for Round 3
	22d	<i>(If Q22=Yes)</i> Has information been collected about the patient regarding recurring factors that may cause or exacerbate distress?			
		Yes	32.6% 1818/5583 (35%, 18-56%)	50% 4/8	26.7% 4/15
		Unknown*	37.8% 2110/5583 (20%, 5-50%)	25% 2/8	New answer option for Round 3

Std no. [Type]	Question number and text		National audit Round 3: % Num/Den (Median, IQR)	Your hospital Round 3: % Num/Den	Your hospital Round 2: % Num/Den
1.14 [1]	22e	(If Q22=Yes) Has information been collected about the patient regarding support or actions that can calm the person if they are agitated?			
		Yes	28.2% 1564/5539 (26%, 13-50%)	12.5% 1/8	46.7% 7/15
		Unknown*	39.1% 2167/5539 (20%, 7-52%)	12.5% 1/8	New answer option for Round 3
1.15 [3]	22f	(If Q22=Yes) Has information been collected about the patient regarding life details which aid communication?			
		Yes	43.1% 2413/5598 (50%, 25-70%)	62.5% 5/8	40% 6/15
		Unknown*	35.3% 1977/5598 (17%, 3-46%)	12.5% 1/8	New answer option for Round 3

*Unknown response options refer to situations in which the information is usually recorded in a document which accompanies the patient (e.g. "This is Me" or patient passport) and no copy is available in the notes.

Discharge

Assessment before discharge

Std no. [Type]	Question number and text	National audit Round 3: % Num/Den (Median, IQR)	Your hospital Round 3: % Num/Den	Your hospital Round 2: % Num/Den	
5.3 [2]	23	At the point of discharge the patient's level of cognitive impairment, using a standardised assessment, was summarised and recorded: (y/n)	22.4% 1639/7329 (17%, 9-30%)	8.1% 3/37	31.8% 7/22
	23a	<i>(If 23=No)</i> Please comment:			
		Patient too unwell/ not responsive	3.3% 189/5690	2.9% 1/34	New question for Round 3
		Patient has advanced dementia (i.e. patient's advanced dementia makes the assessment not appropriate)	1.9% 110/5690	0% 0/34	
		Not routine/ not standard practice	5.8% 331/5690	0% 0/34	
		Not documented/ unknown reason	78.1% 4444/5690	97.1% 33/34	
	Dementia diagnosis (i.e. dementia diagnosis mentioned as a reason for not completing assessment)	10.8% 616/5690	0% 0/34		
	24	At the point of discharge the cause of cognitive impairment was summarised and recorded: (y/n)	69.1% 5067/7329 (72%, 57-84%)	81.1% 30/37	40.9% 9/22
	25	Have there been any symptoms of delirium? (y/n)	32.3% 2367/7329 (33%, 22-41%)	32.4% 12/37	68.2% 15/22
	25a	<i>(If Q25=Yes)</i> Have the symptoms of delirium been summarised for discharge? (y/n)	47.9% 1133/2367 (45%, 33-64%)	33.3% 4/12	33.3% 5/15
26	Have there been any persistent behavioural and psychiatric symptoms of dementia (wandering, aggression, shouting) during this admission? (y/n)	19.4% 1425/7329 (19%, 13-26%)	8.1% 3/37	31.8% 7/22	
26a	<i>(If Q26=Yes)</i> Have the symptoms of behavioural and psychiatric symptoms of dementia been summarised for discharge? (y/n)	44.5% 635/1426 (40%, 23-60%)	0% 0/3	28.6% 2/7	

Std no. [Type]	Question number and text		National audit Round 3: % Num/Den (Median, IQR)	Your hospital Round 3: % Num/Den	Your hospital Round 2: % Num/Den
5.3 [2]	27	Is there a recorded referral to a social worker for assessment of housing and care needs due to a proposed change in residence?	65.5% 1649/2519 (71%, 53-89%)	33.3% 4/12	New question for Round 3
	27a (i)	<i>(If Q27=Yes):</i> There are documented concerns about the patient's capacity to consent to the referral:	70.4% 1161/1649 (75%, 50-89%)	100% 4/4	New question for Round 3
	27a (ii)	The patient had capacity on assessment and their consent is documented	11.9% 138/1161 (0%, 0-20%)	25% 1/4	
		The patient lacked requisite capacity and evidence of a best interests decision has been recorded	69.9% 811/1161 (75%, 50-90%)	75% 3/4	
		There is no record of either consent or best interest decision making*	18.3% 212/1161 (14%, 0-33%)	0% 0/4	
	27a (i)	There are no documented concerns about the patient's capacity to consent to the referral:	29.6% 488/1649 (25%, 11-50%)	0% 0/4	
	27a (iii)	The patients consent was requested and this is recorded	29.1% 142/488 (25%, 0-50%)	0% 0/0	
		There is no record of the patients consent*	70.9% 346/488 (75%, 50-100%)	0% 0/0	
	27a (ii & iii)	Consent or best interests (responses options combined)	66.2% 1091/1649 (67%, 50-86%)	100% 4/4	
		No consent or best interests (response options combined)	33.8% 558/1649 (33%, 14-50%)	0% 0/4	

*Please note that these figures include 1.9% of casenotes where it was specified that the capacity assessment information is kept with social worker notes, which are unavailable to the auditor.

Discharge coordination and multi-disciplinary team input

Std no. [Type]	Question number and text		National audit Round 3: % Num/Den (Median, IQR)	Your hospital Round 3: % Num/Den	Your hospital Round 2: % Num/Den
6.4 [2]	28	Did a named person/ identified team co-ordinate the discharge plan? (y/n/na)	82% 5807/7083 (89%, 72-96%)	45.9% 17/37	55% 11/20
5.4 [1]	29a	Is there evidence in the notes that the discharge coordinator/ person or team planning discharge has discussed place of discharge and support needs with the person with dementia? (y/n/na)	53.9% 3327/6169 (55%, 38-72%)	27.8% 10/36	23.8% 5/21

		No	4.9% 444/9090	-	4.3% 1/23	-

Appendix H: Staff suggestions for your hospital

The staff questionnaire included a question asking staff to make one suggestion on how their hospital could improve care and support provided to people with dementia. Below, all suggestions from staff at Medway Maritime Hospital are provided.

Registered Nurses (Band 5 or 6)

A 24-hour specialist dementia service. Our dementia service is fantastic but unfortunately, our patients' dementia does not go away between the hours of 5pm and 9am. In my opinion this hospital should have a specialist dementia nurse for every ward or this should be an extra role given to a senior nurse on each ward.

Appropriate levels of staff with the skills and passion to care for people with dementia.

Coming for a procedure. Sometimes a Consent form 4 is needed and has not been thought of or provided. It can delay or cancel the procedure on the day.

Encourage the family to bring in favourite personal belongings and photographs to make the room more familiar for the patient.

Increasing the number of staff working within this environment, enabling them the time to sit and talk to these patients in the required way.

Make dementia bus training mandatory for all patient contact staff.

More trained staff who are able to understand and provide the care patients with dementia require.

Staff working in day surgery would benefit from receiving advance information from pre-assessment that a dementia patient was being scheduled for surgery. Most of the time, theatre staff are not informed of patients with dementia until the pre-operation briefing. If information was available prior to this, then adequate provision could be made to meet the specific needs of dementia patients. There is currently a service for patients with special needs which does not include dementia patients.

Using the butterfly scheme more.

Registered Nurses (Band 7 or above)

Difficult mixing dementia/ mental health in acute care settings.

Increased staffing with more dementia support buddies would be a great way to improve our services as it would mean patients have more tailored care plans to accommodate their requirements. Having a dementia specialist dietician and speech and language therapist in the trust would allow more tailored nutrition plans and help staff on all levels to ensure that dementia patients can be offered food at any time as some patients often prefer to eat little and often. A lack of staff is a big barrier for providing patient centred care on a one to one basis for our dementia patients.

More access to the Bernard Unit for patients in the other wards and better staffing within this unit by registered mental health nurses.

More dementia specialist nurses/ bigger dementia and delirium team.

To increase specialist nurse availability to cover out of hours and support staff with the management of behaviour that challenges. The use of activity therapists would be beneficial to assist engagement with patients and further establish personal likes and dislikes to encourage person centred care whilst in hospital.

We need a bigger team to support the patients and families. We need to be able to have a better ratio of nurses/ care support workers to enable good care and safety.

Healthcare Assistants

A bit more one to one with people.

More staff.

More training.

Doctors

Access for doctors to memory clinic notes.

Easy access to memory clinic.

First thing is obviously like every other NHS hospital - we're understaffed. There should be specific wards or [places] in the wards for patients with dementia, where there should be dementia specialist staff. And all the relevant information should be provided regarding the patients.

Have a dementia service in the hospital.

I now know that there's at least one dementia specialist nurse. It would be nice if I could ask them to review all inpatients with dementia within 24 hours of admission or new diagnosis of dementia.

More input from psychology liaison team. Need more nursing time/ carer time in the ward.

Regular psychiatry input.

Strengthening of dementia liaison. Increasing information available from psychiatry services [who run] the memory service and seem to have a lead role in dementia.

Allied Healthcare Professionals

If there were more staff, there would be more time to allow for taking a slower approach towards dementia patients.

More staff to allow interaction/ time spent with people with dementia.

More staff to spend time with people with dementia. More day rooms.

Most of the dementia patients who arrive for their appointments are assumed to comply as a 'normal' patient. We often do not have any help to explain the procedure to the patient, or have any training to help use different tips and techniques to ensure the complicity of these patients. Most of the time we have to rely on a family member to attend the appointment with the patient. Due to safety reasons if the patient arrives for their scan and is unable to complete the safety questionnaire, and there is no next of kin available or they are from a nursing home, we are unable to scan the patient and they miss their appointment. I feel we don't have full collaboration from the referring team too; we have a lot of patients attend from Elizabeth House which is an outpatient centre, but we don't receive the full patient details or they will not inform us of any previous surgery, which may mean a delay in their scan as we have to investigate any metallic foreign body before they are passed as safe to scan. The patients also often complain that they are unaware of why they have been sent for the scan. The referring team could spend a little more time with each patient to ensure the patient and their family are happy with what they are being referred for and why.

Quicker and more readily available support for patients with dementia to have their needs met quicker and more appropriately, so that issues are dealt with quicker and patients have a less distressed stay and therefore recover quicker.

Students

No comments from students for your hospital.

Therapy Assistants & Allied Healthcare Professional Assistants

Recruit more dementia nurses so that more dementia patients can be reviewed on admission.

Ward-based Administrators

Low staffing is the main problem in the trust. If there were more staff, people would have more time and patience for dementia patients.

Other / Unknown

Ensure any wards that are caring for patients with dementia are sufficiently staffed to give patients all the care and support they need.

Have more hospital based research into dementia.

Maybe have a specialist dementia trained nurse/ person on these wards at all times.
