National Audit of Eating Disorders Service Mapping Timeline

November 2024 - February 2025

Registration

Services are expected to register for the audit.

January-February 2025

Data Collection

Services are expected to complete a general survey regarding commissioning (e.g. ages and eating disorders treated).

March 2025

Data Collection

Services are expected to complete a more specific survey regarding service provision (e.g. caseload, outcome measures and referrals)

August 2025

Reporting

NAED will submit the service mapping report to HQIP for review.

November 2025

Reporting

Report on service mapping will be made publicly available. The report will detail the breadth and depth of service provision in eating disorder services.
