## NCAP EIP Audit 2026 Ireland Contextual Questionnaire

This is the contextual data questionnaire for the NCAP EIP 2026 audit.

**How to complete this audit form:**

- Please complete one contextual questionnaire per Early Intervention in Psychosis (EIP) team.
- All responses should be completed by your individual EIP team and not the organisation as a whole.
- The questionnaire should be completed in a team meeting where staff can discuss responses.
- All data must be collected by **17/07/2026**.
- Please refer to the guidance document for more detailed information about how to complete this questionnaire.

**Save:** This will allow you to return and complete the questionnaire at a later date. To resume please log back into the survey.

**Reset:** Clears your answers on the current page.

**Submit:** Once you have answered all of the questions please click submit to send the data to the NCAP team.

**Queries:**

If you require any further assistance, please contact the NCAP project team on [NCAP@rcpsych.ac.uk](mailto:NCAP@rcpsych.ac.uk)

Organisation ID for your local EIP team  
i.e. EIPXXXX

# About your service
