

We would like to invite you to the QED Annual Forum 2020 Wednesday 6th May 2020, 10:00-16:00

This year's theme is **Grappling with Complexities** in Eating Disorder Care.

The Forum is designed for all those working in Eating Disorder services, in either inpatient or community settings, and those that have either used the service or have cared for anyone that has used services. It provides a rare opportunity to meet and network with those working in similar services nationwide, plus service user and carer representatives, in addition to learning new ideas and sharing your knowledge and experience to help improve service quality.

The day will include a number of presentations and workshops facilitated by clinicians, service user and carer representatives. The forum will be split into two main sections, but attendance is encouraged for the whole day so as to get the most out of the experience.

Attendance at the Forum is £40 for all QED network members, and non-member tickets are £70 per person. Payment must be received before places at the event can be confirmed.

Once you have booked for the event, you will receive a confirmation email to inform you that we have received your booking and your space at the event has been confirmed. Please ensure that you return your booking form to us on QED@rcpsych.ac.uk by **Wednesday 22nd April 2020**.

Programme to be announced soon!

We look forward to you joining us on the day
