Liaison, Northumberland Tyne and Wear NHS Trust**

# LIAISON NURSES...

- Nurses make up the single largest professional group engaged in liaison mental health care.
- This workshop aims to bring together senior nurses and nurses from across the UK to discuss:
  1. The needs of senior nurses working in liaison mental health care.
  2. The national needs of liaison mental health nurses working within liaison psychiatry.

# DISCUSSION POINTS

- Workforce planning and development, including mentoring, competency gr.
- Education for liaison nurses
- Research involvement in liaison psychiatry
- Senior nursing roles and support needs at a local and national level
- Planning a national liaison nursing PLAN conference.
- UK networking for liaison mental health nurses.
