Addiction Therapeutic Communities

Community:	Ashleigh House (Accreditation Member)	
Parent Organisation:	Coolmine TC	
Location:	Dublin 15, Ireland	Tel: 087 950 0144
Description:	<p>Ashleigh House is a residential Therapeutic Community for women, expectant women and mothers with young children. Ashleigh House is designed to help women in recovery develop the skills they need to live a drug-free, independent life. By providing a supportive setting our clients can build on their self-confidence, emotional management and the relapse prevention skills needed to remain addiction free. Our Therapeutic Community has primarily a self-help approach in which residents are responsible for their own recovery with peers and staff acting as facilitators of change. Participants are expected to contribute to the general running of the community and to their own recovery by actively participating in community tasks, group therapy and individual therapy.</p> <p>Ashleigh House provides a childcare programme in our dedicated crèche, which is accessible to all parents partaking in the programme. Mothers can feel safe in the knowledge that whilst they are engaging in our programme; their child is being looked after in a safe, secure, caring and nurturing environment. Ashleigh House supports up to 25 women (10 of which are currently mother and child places) and 10 children under 5 years of age living on site. We provide a Parenting under Pressure programme (PuP). The Parents under Pressure programme combines psychological principles relating to parenting, child behaviour and parental emotion regulation within a case management model. We aim to promote optimal development for each child, support parents, and ensure each child is treated with equality, dignity and respect. Primary treatment phase (Phase One) is a minimum 6 month residential programme consisting of - Open Group Therapy, Workshops such as Relapse Prevention, Anger Management & Mindfulness, Community structure and work, One to one key working, Counselling, Care plan reviews, Medical/Nursing supports, Education and Career guidance supports, Housing/Resettlement support, Pro-social Activities.</p> <p>Coolmine Lodge was accredited by the Royal College of Psychiatrists through the Community of Communities in 2015.</p>

Community:	The Lodge (Accreditation Member)		
Parent Organisation:	Coolmine TC		
Location:	Dublin 15, Ireland	Tel:	00353 1 825 1100
Description:	<p>Coolmine Lodge is a Therapeutic Community which hosts a 5 month residential treatment programme for men who are working towards an independent life free from addiction. Coolmine Lodge provides a supportive peer lead environment where clients can build confidence, strength, resilience and hope for a positive future. Individual clients have particular roles and responsibilities within their Clan and other general responsibilities in terms of the whole community e.g. working in the kitchen, in the laundry, or managing one of these Departments. The running of the house is overseen by the community and a Client Co-ordinator and two client assistants (expeditors). This structure ensures that all our clients feel that they are supported and involved and have an opportunity to contribute to the community as a whole. As with our other programmes, there is a strong emphasis on peer-to-peer support. This ensures that each person is part of a community, all working with the same goal of living life free from addiction. Primary treatment phase (Phase One) is a minimum 5 month residential programme consisting of - Open Group Therapy, Workshops such as Prevention, Anger Management & Mindfulness, Community structure and work, One to one key working, Counselling, Care plan reviews, Medical/Nursing supports, Education and Career guidance supports, Housing/Resettlement support, Pro-social Activities.</p> <p>Coolmine Lodge was accredited by the Royal College of Psychiatrists through the Community of Communities in 2015.</p>

Community:	Windana (Associate Member)		
Location:	Melbourne, Australia	Tel:	03 5942 3200
Description:	<p>Windana is a leading Melbourne-based drug and alcohol treatment organisation specialising in holistic, client-focused recovery services programs. Windana is an Aboriginal word meaning 'which way'? Our name refers to a crossroads, a turning point in life. For Windana, effective recovery is about offering people choices and tools to take their lives in a new direction. Clients turn to us looking for a way forward, a way out of drug and alcohol addiction, and a way to wellness.</p> <p>The TC is a 45 bed facility located at Maryknoll, combining the community as method approach with complimentary, non-medical and medical therapies. The program is delivered through four different phases over a period of 6-12 months. Male and female residents of all phases live together in shared accommodation across five separate houses to support each other through the program.</p> <p>Windana accepts residents on opioid substitution therapy and other medication however we do not manage other opioids, hypnotics or stimulants.</p>

Community:	Gartree TC (Accreditation Member)		
Parent Organisation:	HMP Gartree		
Location:	Market-Harborough, Leicestershire, LE16 7RP	Tel:	01858 426 789
Description:	<p>The HMP Gartree Therapeutic Community (GTC) is a 25 bed unit within a lifer prison. Our week is structured around three therapy groups and two Community Meetings in the mornings which involve every member. Psychodrama and Somatic Experiencing trauma therapy sessions are included in the week. During the afternoon our residents are integrated into the main prison regime, giving them the opportunity to attend education; gymnasium; work & visits.</p> <p>The GTC is a long term, residential, offending behaviour intervention for men who have a range of offending behaviour risk areas & longstanding personality, emotional or psychological problems. The GTC provides an open living-learning experience for its members who are empowered to make their own decisions. All aspects of their behaviour is open to challenge within a therapeutic environment.</p> <p>The GTC has a multi-disciplinary staff group, comprising of a Therapy Manager, Psychologist, Probation Officer and Prison Specialist Officers.</p> <p>Gartree was accredited against the HMP Service Democratic Therapeutic Communities Core Model through an integrated audit by the Community of Communities in 2015.</p>

Community:	Gartree TC+ (Accreditation Member)		
Parent Organisation:	HMP Gartree		
Location :	Market-Harborough, Leicestershire, LE16 7RP	Tel:	01858 426787
Description:	<p>TC+ at Gartree has been open for three years. It is a small community of twelve men in a much larger prison for lifers. When we opened the wing was already full with prisoners who were doing a different programme. Although some of these joined TC+ still over half of the wing was occupied by lodgers. It took us a very long time before we were able to completely fill up, however we have now been full and stable since summer 2014. 'TC+' operates within the same framework and model of mainstream Democratic Therapeutic Communities (DTCs) in prisons; however the approach is contextualised to support offenders with Learning Disability (LD) in accessing the TC process and functions. The intended outcomes for a TC+ are the same as those for a mainstream DTC, but the participants in a TC+ will require a number of additional steps, because of the factors arising from their LD in order to achieve these outcomes. TC+ provides a specialist intervention for prisoners with learning disabilities to address offence related risk and associated personality and psychological disorders. They deliver a core treatment model suitable for sentenced offenders with a wide range of offending needs including violent and indeterminate prisoners whose complex needs cannot be adequately met by a single intervention. Treatment consists of group therapy and structured community living where members have shared responsibility for the day to day running of the community, decision making and problem solving. TC+, as with all Democratic TCs in prisons, centre on addressing risk factors and offending behaviour needs that inevitably emerge in this environment. TC+ places a greater emphasis on structural interventions targeting specific learning skills. Learning and information is consistently displayed in written or pictorial form around the unit. Taught sessions in a TC+ form the basis of the small group interventions. These include structured sessions to increase motivation, which maximises the benefit from the rest of the programme. Formal sessions will include thinking skills, social relationships and understanding and practising appropriate expression of affect. Delivery will call upon expertise in teaching modular content using creative techniques such as art, music and drama, as well as standard LD techniques.</p>

Community:	The Brenchley Unit (Accreditation Member)	
Parent Organisation:	Kent and Medway NHS and Social Care Partnership Trust	
Location :	Maidstone, Kent, ME14 1PA	Tel: 01622 776 330
Description:	<p>We are an NHS TC established in 1999 for the treatment of severe Personality Disorder. The TC forms the middle 12 months of a care pathway of up to 3.5 years. The TC is a 3 day-a-week programme offering an intensive group psychotherapeutic treatment for up to 24 clients. The TC serves a large geographical area of West Kent and Medway and is jointly commissioned by 4 CCGs. All the treatment takes place in groups as part of a structured programme. The three days each begin and end with a community meeting chaired by a member on a rota basis. Tuesdays and Fridays have 3 small therapy groups of up to 8 members (co-facilitated by 2 therapists in each); Art Therapy and Psychodrama. On Wednesday the community remains together as a large group, again beginning and ending with a community meeting between which there is a large therapy group, members' business meeting, community lunch and studio time.</p> <p>Members enter the community following 12 months+ in a once weekly 'outreach' psychotherapy group in their local area. They have a 4 week preparation group prior to joining the TC and join a once weekly leavers group for up to 18 months after completing the 52 week therapeutic community programme.</p> <p>The outreach service also provides consultation, training, supervision and advice to referring agencies. We offer a course of 6 workshops to Trust staff, to enhance understanding of PD and clinical effectiveness. The Trust has a second TC in Folkestone to service the same client group in east Kent.</p>

Community:	Newmarket TC (Full Member)		
Parent Organisation:	Notts Healthcare NHS Trust		
Location:	Rampton Hospital, Woodbeck, Notts DN22 OPD	Tel:	01777248321 EX 6342
Description:	Newmarket Ward is one of four Learning Disability houses within the Mental Health & National Learning Disabilities Directorate of Rampton Hospital. Newmarket accepts referrals from within the National Learning Disability Service, either from the Admission ward post assessment or from other treatment wards. The Directorate aims to provide a continuing care and specialist health service to the current and future population of male offenders from England and Wales who have a learning disability and identified as having complex healthcare needs, requiring care under conditions of high security. The specialist health services will consider directed and elective admissions for assessment and treatment. Newmarket opened in June 2010 and operated on the principles of a TC.

Community:	Millfields Medium Secure Unit (Accreditation Member)		
Parent Organisation:	East London NHS Foundation Trust		
Location:	Hackney, London, E9 STD	Tel:	020 8510 2646
Description:	<p>Millfields Unit is a modified Therapeutic Community for personality-disordered offenders who pose a high risk of serious recidivism. It began as one of the three original, national, medium secure "Dangerous and Severe Personality Disorder" (DSPD) pilot sites, and is still directly funded and jointly commissioned by the Department of Health and the National Offender Management Service (NOMS). We have 16 beds for adult men, and the first resident was admitted in 2005. Our catchment area covers the entire South of England. We accept self-referrals and referrals from health and criminal justice system professionals. About two thirds of our residents have been transferred from prison, and the remainder have come from high secure hospital (Broadmoor or Rampton), or from other medium secure units. All are detained under the Mental Health Act. Millfields unit is a 16-bed service for high risk adult male offenders who suffer from personality disorder.</p> <p>We are one of only three such units in the country, and our catchment area cover London and the whole of the South. Because of the complex nature of our patients' difficulties, we offer individual and group offending behaviour work within the TC structure. Millfields was accredited by the Royal College of Psychiatrists through the Community of Communities in 2016.</p>

Parent Organisation:	Berkshire Healthcare NHS FT		
Location:	Slough, Berkshire SL1 2PX	Tel:	01753 635104
Description:	In 2014 Slough NHS mental health services set up a once weekly two and a half hour group in a church hall, run on TC lines based on the Thames Valley mini-TC model. Its name is 'the Embrace Group' and it is made up of an opening and closing community meeting, and an hour lunchtime in the middle. Since then, it has developed a life of its own with TC members wholeheartedly engaging in co-production of various service initiatives, and links to local activities in the voluntary sector (including the 'Growing Better Lives' social enterprise which was the RCPsych's 2014 award winning greencare project for sustainable mental health), Slough's new 'Hope Recovery College' with its peer-mentoring programme, social service-funded facilities, and the town's community mental health centre. In this way, members of the mini-TC can now 'pick and mix' a whole week's regular programme of therapeutic activities, with the mini-TC (the Embrace group) as its hub. Together with the support members offer each other, this means it feels like a 'whole town 24/7 community' for its members. It currently has 21 members, and plans are underway to further develop it into a major part of therapeutic services across the town - through a process of integrated co-production, with formal partnerships between the various participating agencies and organisations.

Community:	Ashburn Clinic (Associate Member)		
Location:	Private Bag 1916, 496 Taieri Road Halfway Bush, Dunedin, New Zealand	Tel:	0064 03 476 2092
Description:	The Ashburn Clinic is a not-for-profit democratic therapeutic community and psychiatric hospital that has provided mental health services to the NZ community for 130 years. Ashburn works particularly well for patients who have serious and/or complex psychiatric illness, e.g. personality disorders, eating disorders, addictions, treatment resistant depression/anxiety and severe and complex responses to trauma. Through a psychodynamically informed programme incorporating group and individual therapy, patients are supported to address their unhealthy behaviours, understand the underlying and emotional and psychological issues and move towards improved wellbeing and a better quality of life.

Community:	Christ Church Deal (Full Member)		
Location :	Waterfront, Kingsdown Road, Walmer, CT14 7LL	Tel:	01304 366 512
Description:	Christ Church Deal is both an open therapeutic community and a local church. They operate on an open, flexible basis where people carry out their therapeutic journey alongside everyday life commitments and live in their own or in shared homes with their families, most of whom are also part of the community or get involved in some of their social events. There is no specified time limit to each individual's therapeutic journey. It is integrated into their career and life choices as an ongoing part of their personal development. The majority of members participate voluntarily whilst also maintaining some form of outside employment/study/home-making. There are no fixed divisions between staff and clients, as all members are expected to contribute to the running of community in some way (however small) as well as conducting their own therapeutic journey. Some members have specific intense and diagnosed need or some have specific areas of trauma whilst others have more general areas of damage.

Community:	Amicus Community (Accreditation Member)
Location:	Arundel Tel: 01903 885135
Description:	<p>The Amicus Community is a small independent accredited children's therapeutic community. Amicus provides therapeutic residential care and education to emotionally damaged children between the ages of 5 – 18 years of age (maximum age 12 on referral). This is facilitated through our two homes; one for younger children and one for adolescents and our DfES registered SEN school. Amicus is innovative due to our ethos and philosophy of which is the core of our working practice and is embedded within the culture. Amicus is committed to offering a meaningful care and education provision to children and young people through a therapeutic provision informed by psychodynamic and group process models, in a structured and psychologically informed environments. Many other children's homes or education may only focus on the behavioural aspects of the child's presentation, where as our model is accredited as 'therapeutic', where there is constant thinking around the structure of the day and the child's needs and reasons for their behaviour, which often stem from their earlier, often traumatic experiences. The aim is that through our work the children will begin to be able to make sense of their experiences and be better equipped to manage their feelings and corresponding behaviours and build up healthy appropriate attachments and relationships. This will hopefully enable to them to eventually integrate into foster care or a family type setting and continue to achieve and have fulfilling lives after their placement at Amicus, as well as providing residential care and education, Amicus also offer family work and consultancy and training, such as supervision and group process meetings to help support those outside of Amicus who care for emotionally damaged children.</p> <p>Amicus Community was accredited by the Royal College of Psychiatrists through the Community of Communities in 2014.</p>

Community:	Appletree Treatment Centre (Full Member – Therapeutic Child Care)	
Parent Organisation:	Appletree Treatment Centre Ltd	
Location:	Kendal	Tel: 015395 60253
Description:	<p>Appletree opened in 1995 with a mission to support children who have been severely traumatised to grow socially and emotionally and to cope with school. We have two special primary schools and two children's homes for girls and boys aged 6 to 12 years. Our children have individual therapy and our teams have therapeutic support. In the last three years we have helped 95% of our leavers to return to families and day schools before they reach teenage years. This has included successes preventing adoption breakdown. For those who are not yet ready, we continue to guide them through to young adulthood at our separate children's home, with bespoke educational packages which include mainstream experience where appropriate. We are successful in our aims because our programmes provide and promote resilience. We remove the disruptive impact of placement change. We provide a stable environment and integrated therapeutic service and we engage our children in stimulating education.</p>

Community:	Avon House (Full Member)	
Parent Organisation:	Five Rivers Child Care Ltd.	
Location:	Salisbury	Tel: 08003898708
Description:	<p>Avon House is a residential service for children, females only with emotional and behavioral difficulties that need medium to long term care from the ages of 8-17 years old. Avon House is a large, Victorian house comprised over three floors and situated near the center of Salisbury. On the ground floor there are spacious communal areas which consist of two lounges, education/computer room/play room/dining/kitchen. The home also has a large rear garden which has space for activities and relaxation. The residential remit of the home and focus of practitioners is in three key areas of their work with children and young people. From the onset of placement our role is to support all children and young people to attain a positive transition to:</p> <p>Preparation for Independence: All adults are aware of the requirements of pathway planning and this is an integrated part of adults training at Avon House. Adults ensures good multi-agency working and attainment of a young person's goals in this area and this is integrated throughout our work in respect of vocational training, social and life skills work.</p> <p>Return Home: Adults work closely and sensitively in supporting children to return to family and provide outreach support services where required.</p> <p>Foster Care: Where there is a potential to support a child to foster care we will identify specific Foster Carers able to meet the child or young person's needs and then support them in a successful transition to carers in the local vicinity. Note: the child / young person continues to have support from adults from residential, clinical and educational services as required. The child gains adults in their life, they do not lose relationships = principles of resilience building.</p> <p>We are able to provide to innovative range of services to meet the individual needs of children and young people: 24 hour supervision; Initial assessment; On-call system; Waking night adults where required.</p> <p>Our assessment and therapy service will provide: Assessment for preparation of court reports (expert witness); Assessment placement for educational purposes; Family assessment; Psychological assessment by own consultants; Psychotherapists. To support each young person in developing adaptive coping and self-management skills all adults receive this accredited and advanced training programme 'therapeutic crisis intervention'. The core of this training is to provide care workers with the skills and knowledge to support and teach young people new responses to their difficult situations and environment. This training which was developed by the Cornell University teaches adults to: Prevent and/or de-escalate a potential crisis situation with a young person; Safely and therapeutically manage crisis situation; Be able to help children and young people improve their coping strategies.</p>	

	We offer integrated placements both residential/education and Clinical and our Five Rivers school is rated good with Ofsted.

Community:	Bohemia Farmhouse (Developmental Membership)		
Parent Organisation:	Solent Youth Services		
Location:	Isle of Wight	Tel	01983 840268
Description:	<p>Bohemia farmhouse is a newly developing community. We provide specialist full-time residential support and treatment for six young adults aged 16-25 with a range of complex social, emotional and mental health difficulties.</p> <p>Our planned environment is set in 5-acres of idyllic and tranquil countryside where residents can build on their self-confidence, strength, resilience and emotional management.</p> <p>The community contributes to responsibilities including working on the farm, the carp lake, maintaining the orchard and grounds, as well as looking after the horses, chickens and ducks. Our focus of keeping in tune with nature increases a sense of wellbeing and serenity. This runs alongside a structured program of needs assessments, community meetings, individual and clinical group supervision where the residents and staff develop an understanding of their own experiences in relation to each other.</p> <p>Our model is underpinned by psychodynamic theory and practice. Residents are encouraged and empowered to use the individual and group relationships to reflect, as way of reframing unhelpful beliefs, thoughts and behaviours. Our approach is a combination of therapeutic support and social pedagogy. Therapeutic pedagogy allows trauma to be worked with from attachment through to agency.</p> <p>Our placement durations range from one year upwards and are based on an individual's needs. This gives time for adaptive coping mechanisms and resilience to be developed, with a focus on re-integration of the self and into the wider community.</p>

Community:	Kite House (Full Member)	
-------------------	------------------------------------	--

Parent Organisation:	Compass Children's Homes	
Location:	Birmingham	Tel: 0121 704 1142
Description:	<p>Kite House is a 52 week per year, 4 bedroom children's home for young people aged 8-18 with emotional and behavioural challenges, attachment difficulties and trauma. We support the children using a holistic approach.</p> <p>We work with children who have suffered early childhood trauma through abuse and neglect to an extent that their behaviours are unmanageable in foster/family homes. The aim is to provide a highly supportive and planned environment that integrates and is underpinned by a residential therapeutic model alongside accepting the child and their starting point. The purpose is to support children to understand the impact of their past and help them to understand their behaviours and feelings and enable them to develop appropriate coping mechanisms. We use structure and boundaries, are child centred and accepting in our approach. This in turn supports the children to develop healthy relationships, through which they can achieve trust, self-confidence and self-esteem essential for them to return to a home environment wherever possible</p>

Location:	West Sussex	Tel: 01903 490001
Description:	<p>We are a unique therapeutic community of children's homes and schools in an urban setting, developed and committed to 'Restoring Hope, Releasing Potential, Rebuilding Lives'.</p> <p>We provide therapeutic care and education for children and young people with social, emotional and or behavioural difficulties (SEBD). We have fully trained, dedicated and experienced professional caring staff supported by a consultant psychotherapist, educational psychology services, experienced managers and external consultants. Founded in 2001, initially as a fostering agency, we have expanded to successful children's homes and schools. We are committed to improving the life chances of our children and young people. It is our aim to ensure that all of the young people in our care are given educational opportunities, in a specialised setting that provides similar opportunities that their peers in mainstream and alternative education provision experience.</p>

Community:	Pear Tree House (Full Member)
Parent Organisation:	Compass Children's Homes
Location:	Herefordshire Tel: 01531 640908
Description:	<p>Peartree House is a residential children's home which provides the highest quality care and substitute parenting for up to three children with emotional and behavioural difficulties. We offer a 52 week placement and be-spoke education package with a holistic child focused approach to care. A fundamental objective of Peartree House is to ensure that we provide on-going intensive individual attention, stability and support to children who have experienced disrupted development and multiple placement moves. The daily running of Peartree House is based on a structured day with clear routines, firm boundaries and personalised care.</p> <p>Our approach to managing children displaying challenging behaviours is resilient, personalised, positive and non-prejudiced. We emphasise the ethos of positive relationships based upon mutual respect, understanding and the need to function effectively as part of a group. Our residential support workers act as positive role models and support children to make safe and healthy choices, reduce challenging behaviours and ensure that children are able to realise their potential through learning, fun and play. Our aim is for children to return to their home or fostering.</p>

Description:	<p>Plum Tree house is a Children's Home, registered for three young people either genders. We offer a 52 week placement and be-spoke education package with a holistic child focused approach to care. Plum Tree cares for children who have specific emotional, behavioural and attachment difficulties due to early childhood trauma. It is our belief that all children are entitled to a high standard of care and a plethora of positive childhood memories. We facilitate this by providing a physically and emotionally safe environment, which is child friendly and homely. Our environment also contains consistency and stability, structure and clear</p>

	boundaries, allowing children to form a sense of who they are, confidence and self-worth, all from a safe and secure base. It is our aim to support and encourage children to achieve their full potential in all areas, and if appropriate return to live in a family or fostering setting to continue their childhood

Location:	Todmorden	Tel:	01706 815540
Description:	The Chimneys is a therapeutic PSB home registered for six boys. We offer a 52 week placement with inclusive education and a therapeutic stepping forwards principles programme for children who display sexualised behaviour. This programme includes a 4 week assessment and a 72 session therapeutic programme, which supports our children in understanding their sexualised behaviour and provides support and tools to help our children manage these thoughts and feelings. The Chimneys provides a child centred and holistic approach in a safe, caring and homely environment, The Chimneys believe that behaviour is a means of communication. We pride ourselves on finding the reason behind the behaviour and supporting our children in understanding the reasons for their behaviours.

Community:	The Old Barn (Full Member- Therapeutic Child Care)		
Parent Organisation:	Absolute Children's Services		
Location:	Doncaster	Tel:	07583437952

Description:	<p>The Old Barn provides care for young people who need help to put their life experiences into a form of understandable perspective. Who, as a direct result of their past experiences, need an environment that can offer a child centred approach in order to help them re-gain 'stability' in their lives. Therapeutic Crisis Intervention and Restorative Parenting is the mainstay of the therapeutic process underpinned by the CBT model.</p> <p>We provide a 52-week therapeutic residential care placement for children and young people aged between 8 and 18, who present with complex and challenging needs in terms of their emotional, psychological and developmental well-being. Including mental health, attachment disorders and those with emotional behavioural difficulties, challenging behaviours including CSE, drug & alcohol, self-harm, absconding and abusive and aggressive behaviours, trauma from abuse and neglect.</p> <p>We provide medium to long term care, operating a caring and nurturing home with clearly defined expectations and boundaries, providing the young person with a safe place to express their feelings and explore possible solutions to their individual concerns.</p>

Community:	Wood Edge (Developmental Member)	
Parent Organisation:	My 3 Ltd	
Location:	Lancashire	Tel:
Description:	<p>Wood Edge supports young people aged 8-18 years of age with a range of conditions most notably ASC, LD, EBD and other complex needs. We are based in Ormskirk in a semi- rural location, a large property which affords for allocated education and therapeutic space alongside a homely residential environment, set in extensive grounds.</p> <p>Wood Edge promotes a multi-disciplinary approach through a triad of integrated and mutual support from our education, social and clinical teams who work in unison from pre-admission, during the assessment processes and onward. We aim to share the journey alongside our young people through to transition into their future. Our young people benefit from direct involvement from our clinical team with interventions via the development of skills programmes and embedding strategies into educational and social activities. Young people further benefit from a bespoke educational package designed around their own learning styles, needs and personal aspirations. The educational lead has been a successful head master for many years providing bespoke packages of education for young people with a range of complex needs.</p> <p>There are no barriers. We believe there are obstacles along the way but we have a 'can do attitude' in finding the best solutions by working together with our young people. We aim to successfully address negative past experiences in order, to facilitate a more positive future and will work tirelessly and unconditionally alongside our young people as this is of paramount importance in facilitating our aims and their own personal goals and aspirations.</p>	

	The home is led by a highly- experienced manager who previously ran a home gaining five consecutive Ofsted outstanding grades and is supported by a team of staff who are equally skilled and passionate about achieving outstanding outcomes and supporting each child to reach their full potential in life
