 - Correlations
 - Live reflections
 - Discussions it generates - meaningful

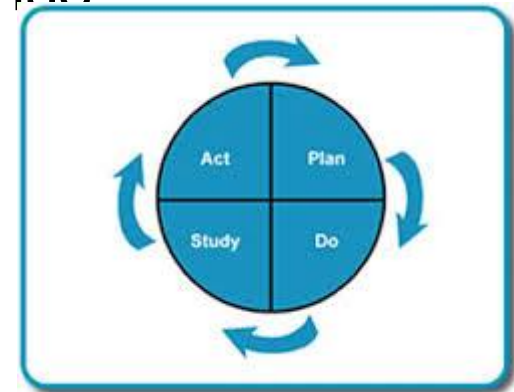

making a

difference

together

Positive and Safe Dashboard

- Identification of trends / patterns
 - Formulating
 - Exploring
 - Planning an intervention / response
 - Review

making a

difference

together

Positive and Safe Dashboard

- Benefits

- Supports identification of issues & trends
- Provides objective information
- Key detail and practical information
- Live flow to information

making a

difference

together

Positive and Safe Dashboard

- Barriers

- Dashboard dependent upon the information entered
- ?does it capture all reductions in RP
- ?identification of positive interventions
- Work in progress – evolving piece of work
