Wards can be busy places... but we will make time to talk.

In the next few weeks the staff will be starting something called 'Intentional Rounding'.

What on Earth is that?  How is it going to work?  It sounds weird

It just means making sure we check in with you for a chat every few hours, to see how you're doing and whether you need anything.

Sounds good!  I'm not sure, it could get annoying.  I hate bothering staff but if they came to me, I'd feel better about talking.

Intentional Rounding is there to support you, so please talk to us about any queries or preferences you may have.
