

Sexual Safety Collaborative: LifeQI data entry 2020/21

Below are the dates you will need to input data for each of the five outcome measures on the Sexual Safety Collaborative. You can add the dates as you go along using the edit button in the same way as you would when entering the data.

For more information about the measurement plan please see our [website](#), your team page on LifeQI or contact your QI coach.

For support using LifeQI, or if a member of your team would like access to your project on the LifeQI website, please contact your QI coach directly using the details below:
