COVID-19 Mental Health Improvement Network

Aim: To support mental health teams to share and learn from each other to maintain and improve safety in response to the COVID-19 pandemic.

RCPsych has created the COVID-19 Mental Health Improvement Network, where you can:

• Share changes you are making, challenges and learning in response to COVID-19
• Discuss with other mental health services and professionals
• Upload resources, policies, procedures and guidance to a shared library

The network facilitators will also:

• Organise webinars and other virtual learning opportunities
• Curate accessible learning across the network
• Provide Quality Improvement Coach support

Get involved:

The network is open to anyone that works in a mental health service.

To join, or for any questions, please email: covid19network@rcpsych.ac.uk

Please share with colleagues!
