Memory Services Spotlight Audit 2021

Organisational Questions

National audit of all memory services in England and Wales aiming to find out about access, waiting times and new ways of working. This has been developed in collaboration with the London Dementia Clinical Network, NHS England and Improvement.

One survey should be completed <u>once</u> per memory service. The deadline for completing this is the **7th January 2022**.

This questionnaire asks you about your organisational structure and provision at your individual memory service or clinic.

Save: This will allow you to return and complete the questionnaire at a later date. To resume please log back into the survey.
Reset: Clears your answers on the current page.
Submit: Once you have answered all of the questions please click submit to send the data to the NAD team.

Please enter the organisational code provided by the NAD Team.
Please contact us if you don't have this.
