Willows PICU

Simon Evans, Theresa Jenkinson,
Dr Gareth Foote and Louisa Noruschat
Change idea: Activities Coordinator

- Employed an activities coordinator to work for 2.5 days a week
- Test
- Feedback
- Subsequent effect
- Result = 2 weeks no restrictive practices
▪ Involvement in the QI project allowed us to evidence the positive effect the activities coordinator has on reducing restrictive practices

▪ Willows secured activities coordinator as a full-time post
Safety Climate Survey Result:
- Notable Theme (Difference between Day/Night shifts)

What is next for Willows?
- Responding to concerns (safety climate survey)
- Carers drop in
- Bedroom signs (Lark ward)
