What is Scale up and Spread?

**SCALE UP**
- Testing your new ways of working with an increasing number of teams e.g. other wards in your unit/hospital
- To test those ideas in different systems/infrastructures and overcome any problems that may arise
- To increase confidence that these changes work in each care setting (degree of belief)

**SPREAD**
- When your proven interventions and new ways of working are implemented consistently and reliably across a whole system e.g. across a whole hospital or Trust

Now it’s your turn ...

- Use the Scale up and Spread worksheets provided

- These will help you to think practically how you might successfully share the great work you have done on your wards

- You have 5 min for each of the 7 questions. For each question find a different team in the room to discuss with
